Smart Drugs, Attention Doping, and Screen Addicts Kenneth J. Saltman, 2025-07-24 With this book Keneth J Saltman argues that drugs are at the center of the most significant transformations of schooling Children are increasingly being drugged to compete on standardized tests to increase their attention levels in school and are being diagnosed with ADHD at exponentially increasing rates Saltman describes the material stakes in what he calls the education drugs attention complex namely educational profiteering through the mutually supportive sales of drugs and testing products drugs and digital screen technologies drugs and trauma resilience programs and drugs and the school to prison pipeline He shows how each of these examples are part of a vast interlocking drug and attention industry in which pharma and tech companies are commercializing and producing youth problems for profit and are targeting the most vulnerable young people The book covers the prevalence of screen addiction the misuse of hormone therapies for transgenders youth anxiety and trauma medication the connection between race and drugs and in the final chapter offers critical democratic and practical solutions for educators and policy makers to tackle these issues

,1924 *The Aftermath* Elsie Frederick,2020-10-19 This is the second part of Elsie Frederick s autobiography so picking up from the first book and the astonishing saga of George s Heart Transplant this brings us right up to date She is not an author these are probably the only books she will ever write At 70 years of age and locked down amidst the Corona Virus Covid 19 epidemic she has taken the opportunity to finish the story started over 30 years ago The ensuing years brought more serious health issues to deal with From Stroke through to Dementia the problems she encountered could have been so much easier to deal with if she had received help from her extended family instead of denial greed avarice deceit and lies Her love and loyalty was tested to the limit It shows the devastation that can happen between families when support and understanding is needed but not forthcoming It became eventually in 2013 catastrophic What followed was almost too dreadful to believe It has taken the last 7 years to get her head straight and finally heal herself She will never get over what happened but at least she can now go forward It has been a catharsis for her to write excruciatingly painful but necessary as it is a true record of what happened and the process has given her the freedom to live and laugh again Regrets yes of course it should never have happened but it did and she regards it now as the Ultimate Survival *The Electrical Journal* ,1907
