Reading David:

Reading David and Goliath in Greek and Hebrew Benjamin J.M. Johnson,2015-10-05 The story of David and Goliath existed in antiquity in two variant literary editions a short version found in the Greek tradition of Codex Vaticanus LXXB and a longer version found in the Hebrew tradition of the MT Benjamin J M Johnson proposes that each version is worthy of study in its own right and offers a close literary reading of the narrative of David and Goliath in the Greek text of 1 Reigns 16 18 The author explores a method for reading the Septuagint that recognizes it is both a document in its own right and a translation of a Hebrew original In offering a reading of the septuagintal version of the David and Goliath narrative the literary difference between the two versions of the story and the literary significance of the Greek translation are highlighted
