Red Vienna and the Golden Age of Psychology, 1918-1938 Sheldon Gardner, Gwendolyn Stevens, 1992-06-16 A few years after Austria's disastrous defeat in the First World War Vienna a city hardly known for intellectual fervor or serious discourse suddenly emerged as a mecca for psychology At a time seemingly most unpropitious for scholarly speculation interbellum Vienna economically and spiritually bankrupt at its onset enjoyed a brief remarkable two decades of excellence and innovation in an unfamiliar realm that of abstract ideas The most notable beneficiary of this intellectual Zeitgeist was the field of psychology Viennese psychology became famous and its gurus and gadflies became world figures This is the first book to present that history within the context of the political and social events of the time Sigmund Freud Alfred Adler Otto Rank Karl Buhler Erik Erikson and Helene Deutsch were among the hundreds of famous psychologists who lived in Vienna and established training centers there Not only were the historical events momentous but Vienna's psychologists were often politically active and subversive Since a majority of them were socialist and Jewish Vienna's leading psychologists emigrated when Austria was annexed by Germany abruptly ending the Golden Age

Vienna and the New Wohnkultur, 1918-1938 Michelle Jackson-Beckett, 2024-03-20 While the domestic sphere might seem tangential to the dire political situation and humanitarian crises of interwar Europe it was nevertheless at the forefront of debates about cultural identity and economic policy in the Viennese press culture and arts Vienna and the New Wohnkultur 1918 1938 explores why and how the Viennese design landscape was set apart aesthetically and theoretically from other European explorations of modern design Jackson Beckett examines interior design exhibitions press and debates about modern living in interwar Vienna an overlooked area of modern European architecture and design history arguing for a reconsideration of the contours of European modernism The text analyses varied interpretations of modern domestic culture Wohnkultur in Vienna and explores why these interpretations were distinct from other strands of European modernism Vienna and the New Wohnkultur introduces new research and translation of primary sources on flexible adaptable and affordable design by architects designers and retailers Vienna's design discourse also prefigured important postmodern and contemporary discussions on historicism eclecticism empathy and user experience Through extensive new research in archival and period sources Jackson Beckett illustrates how design ideas taste and portrayals of domestic culture of fin de siècle Viennese Modernism Wiener Moderne were also deployed as forms of cultural and national identity both during the early years of the Social Democratic government in Vienna 1918 1934 and later under the fascist state 1934 1938

A. Routh,2013-11-21 This book is dedicated to my wife Marion W Routh In her way she has been informally involved in clinical psychology organizations for as many years as I have She has also served for many years as the first reader of almost all manuscripts I have written including the one for this book I can always depend on her to tell me straight out what she thinks When she found out I was writing this book she was afraid that the mass of detailed factual information I was gathering would be dull to read Therefore when I actually started writing I laid aside all notes and just told the story in a way that flowed as freely as possible I went back later to fill in the documentation and to correct factual errors that had crept in When she looked over the first draft of the book her comment was It is not as boring as I thought it would be Her frankness is so dependable that I knew from these words that there was hope but that I had my work cut out for me in the revision process By the middle of the second draft she grudgingly had to

admit that she was getting hooked on the book and kept asking where the next chapter was *Black Vienna* Janek Wasserman, 2014-08-21 Interwar Vienna was considered a bastion of radical socialist thought and its reputation as Red Vienna has loomed large in both the popular imagination and the historiography of Central Europe However as Janek Wasserman shows in this book a Black Vienna existed as well its members voiced critiques of the postwar democratic order Jewish inclusion and Enlightenment values providing a theoretical foundation for Austrian and Central European fascist movements Looking at the complex interplay between intellectuals the public and the state he argues that seemingly apolitical Viennese intellectuals especially conservative ones dramatically affected the course of Austrian history While Red Viennese intellectuals mounted an impressive challenge in cultural and intellectual forums throughout the city radical conservatism carried the day Black Viennese intellectuals hastened the destruction of the First Republic facilitating the establishment of the Austrofascist state and paving the way for Anschluss with Nazi Germany Closely observing the works and actions of Viennese reformers journalists philosophers and scientists Wasserman traces intellectual social and political developments in the Austrian First Republic while highlighting intellectuals participation in the growing worldwide conflict between socialism conservatism and fascism Vienna was a microcosm of larger developments in Europe the rise of the radical right and the struggle between competing ideological visions By focusing on the evolution of Austrian conservatism Wasserman complicates post World War II narratives about Austrian anti fascism and Austrian victimhood
