Redcoats And Courtesans The Birth Of The British Army 1660-1690:

Redcoats and Courtesans Noel T. St. John Williams, 1994 This story will tell the birth of the modern British army and of how and why it began It will chronicle its dramatic growth within the space of two reigns from a small force of foot and horse guards which Charles II raised and paid out of his own pocket to protect his person and safeguard his throne to a standing army of over three dozen famous regiments This army saw active service on the Continent in the colonies and on the African mainland where at Tangier it would win the first battle honour to be inscribed on a British regimental colour It is a story of wars plots and rebellions of fire and plague of love and romance and of two kings I have attempted to place the army in its political and social setting and to show how the events in which the regiments were engaged were shaped and influenced not only by the sovereigns but also by the men and women who surrounded them Preface

The Routledge Companion to the Stuart Age, 1603-1714 John Wroughton, 2006 With chronologies biographies key documents maps genealogies an extensive bibliography and packed with facts and figures this is an invaluable user friendly and compact compendium examining all aspects of the period from James I to Queen Anne

English Colonial Texts on Tangier, 1661-1684 Karim Bejjit, 2016-03-09 Recent years have seen growing academic interest in England's colonial venture in Tangier in the late seventeenth century and the crucial role it played not only in influencing contemporary domestic politics in England but also in shaping new imperial policies in the Mediterranean This critical edition presents a remarkable collection of 18 Restoration pamphlets dealing with the English occupation of Tangier In an extensive original introduction Karim Bejjit narrates the various stages of the colonial venture in Tangier and critically analyses both the British historiography and current scholarship on the subject He provides an alternative reading of the Tangier episode emphasising the Moroccan point of view and the significance of the local political agency At the same time as the author argues in the introduction so intertwined were the affairs of the colony and the home country in 1680 that the political crisis which was then unfolding in England cannot be fully explained without acknowledging the impact of dramatic developments in Tangier Despite their generic diversity as Bejjit shows the pamphlets in this collection share a common interest in the affairs of Tangier and reflect the changing circumstances and shifting politics at home and in the colony In bringing together these long forgotten narratives this edition revives critical interest in the colonial adventure in Tangier which had considerable influence on the political scene in England Read collectively the texts offer a genuine glimpse into the colonial scene and the interplay of forces which governed English presence in Tangier

The Forgotten Rebels of Eureka Clare Wright, 2013-10-23 Winner of the Stella Prize 2014 The Eureka Stockade It is one of Australia's foundation legends yet the story has always been told as if half the participants weren't there But what if the hot tempered free spirited gold miners we learned about at school were actually husbands and fathers brothers and sons What if there were women and children right there beside them inside the Stockade when the bullets started to fly And how do the answers to these questions change what we thought we knew about the so called birth of Australian democracy Who in fact were the midwives to that precious delivery Ten years in the research and writing irrepressibly bold entertaining and often irreverent in style Clare Wright's *The Forgotten Rebels of Eureka* is a fitting tribute to the unbiddable women of Ballarat women who made Eureka a story for us all Clare Wright is an historian who has worked as a political speechwriter university lecturer historical consultant and radio and television broadcaster Her first book *Beyond the Ladies Lounge* Australia's Female Publicans garnered both critical and popular acclaim and her second *The Forgotten Rebels of Eureka* won the 2014 Stella Prize She researched wrote and presented the ABC TV documentary *Utopia Girls* and is the co writer of the four part series *The War That Changed Us* which screened on ABC1 Lively incisive and timely Clare Wright's account of the role of women in the Eureka Stockade is an engrossing read Assembling a tapestry of voices that vividly illuminate the hardscrabble lives endured on Ballarat's muddy goldfields this excellent book reveals a concealed facet of one of Australia's most famous incidences of colonial rebellion For once Peter Lalor isn't the hero it's the women who are placed front and centre *The Forgotten Rebels* links the actions of its heroines to the later fight for female suffrage and will be of strong relevance to a contemporary female audience Comprehensive and full of colour this book will also be essential reading for devotees of Australian history Bookseller and Publisher This is a wonderful book At last an Australian foundation story where women are not only found but are found to have played a fundamental role Chris Masters Brilliantly researched and fun to read An exhilarating new take on a story we thought we knew Brenda Niall Fascinating revelations Beautifully told Peter FitzSimons The best source on women at Eureka Big Smoke *Women Who Belong* Marsha R. bother to invert the history of Western women We must do so to fight an insidious fallacious assumption that patriarchy is universal and eternal and we must do so to nullify the amnesic effects of Domesticity's potent semantics We must resist this two pronged attack that reduces women to powerless incubators When we invert the patriarchal hegemony and center the ordinary woman as empowered owner and hostess to her life story we find women rich and poor who chose when where how and if they would cooperate with the rules of patriarchy rules often supported by other women Our heroines demanded the rights due them for properly occupying their societal place in the home in church or on the street corner We find this to be consistent across time and space We start in the seventeenth century with European women on three continents Europe North Africa and North America We present Isabel de J sus Alida Schuyler Van Rensselaer Livingston and soldiers wives widows and femmes sole of the Tangier and Gibraltar garrisons Here we have women of different religions language groups and social classes and they all used patriarchal laws to protect their rights We move across time to the turn of the twentieth century in Ireland Puerto Rico and the United States where we find women as wives of rich men in Toledo's Woman Suffrage Association as middle class professionals in the civilizing missions of the Christian Church in Puerto Rico the magdalen homes of Ireland and the eugenics movement in the US and as sex workers serving tradesmen in Ireland Again these women manipulated the legal systems and demanded the powers due them from legislators mission boards and judges The microhistories of women in this volume adulterate the assumption of universal and eternal patriarchy As these women claimed the rights due them for properly occupying their prescribed social roles they also created alliances with men who partnered with them in their feminist projects Why should we invert Women's history with microhistory We must do so to liberate men and women from fallacious patriarchal oppression **This Seat of Mars** Charles Carlton, 2011-11-22
