Redneck Liberation Country Music As Theology:

Redneck Liberation David Fillingim, 2003 In this unique book David Fillingim explores country music as a mode of theological expression Following the lead of James Cone's classic *The Spirituals and the Blues* Fillingim looks to country music for themes of theological liberation by and for the redneck community The introduction sets forth the book's methodology and relates it to recent scholarship on country music Chapter 1 contrasts country music with Southern gospel music the sacred music of the redneck community as responses to the question of theodicy which a number of thinkers recognize as the central question of marginalized groups The next chapter *The Gospel according to Hank* outlines the career of Hank Williams and follows that trajectory through the work of other artists whose work illustrates how the tradition negotiates Hank's legacy The *Apocalypse according to Garth* considers the seismic shifts occurring during country music's popularity boom in the 1980s Another chapter is dedicated to the women of country music whose honky-tonky feminism parallels and intertwines with mainstream country music which was dominated by men for most of its history Written to entertain as well as educate and advance *Redneck Liberation* will appeal to anyone who is interested in country music Southern religion American popular religiosity or liberation theology [Bluegrass and Religion](#) Pete Ward, 2025-09-04 Tracking music that first arose from a close relationship to the religion of the American South this book explores the ways in which they have taken on new meanings in a post-religious environment Divided into two parts Pete Ward first gives a historical account of the relationship between old-time and bluegrass music and religion These chapters explore how bluegrass music has been shaped and influenced by Christian experience and practice Drawing on archival research the book connects findings around the music to research on and the development of evangelicalism into the 20th Century and reactions against belief that were common in the folk revival The second part of the book is based on ethnographic field work from both the US and the UK including textual analysis of songs and participant observation of concerts and interviews with performers The differences of context between the US and the UK are considered as they relate to issues of post-Christian sensibilities and non-religion A particular focus is how what were specifically Christian songs become relocated in a post-Christian environment Pete Ward explores how bluegrass raises a number of troubling political issues and what it means for the changing nature of the sacred and notions of non-religion A key issue discussed is the continued significance of this music and why roots or nostalgia play a role and indeed how and why this might be the case in the UK as well as in the US

"Redneck Woman" and the Gendered Poetics of Class Rebellion Nadine Hubbs, 2011-12-01 In 2004 Gretchen Wilson exploded onto the country music scene with *Redneck Woman* The blockbuster single led to the early release of her first CD and propelled it to triple platinum sales Gretchen Wilson celebrates a new kind of virile woman on the country music scene but this subtle gender analysis reveals much more than immediately meets the eye This article appears in the 2011 Music issue of *Southern Cultures* *Southern Cultures* is published quarterly spring summer fall winter by the University of

North Carolina Press The journal is sponsored by the University of North Carolina at Chapel Hill's Center for the Study of the American South

Rednecks, Queers, and Country Music Nadine Hubbs, 2014-03-22 In her provocative new book *Rednecks, Queers, and Country Music* Nadine Hubbs looks at how class and gender identity play out in one of America's most culturally and politically charged forms of popular music Skillfully weaving historical inquiry with an examination of classed cultural repertoires and close listening to country songs Hubbs confronts the shifting and deeply entangled workings of taste, sexuality, and class politics In Hubbs's view the popular phrase "I'll listen to anything but country" allows middle class Americans to declare inclusive omnivore musical tastes with one crucial exclusion: country, a music linked to low status whites Throughout *Rednecks, Queers, and Country Music* Hubbs dissects this gesture, examining how provincial white working people have emerged since the 1970s as the face of American bigotry, particularly homophobia, with country music their audible emblem Bringing together the redneck and the queer, Hubbs challenges the conventional wisdom and historical amnesia that frame white working folk as a perpetual bigot class With a powerful combination of music criticism, cultural critique, and sociological analysis of contemporary class formation, Nadine Hubbs zeroes in on flawed assumptions about how country music models and mirrors white working class identities She particularly shows how dismissive, politically loaded middle class discourses devalue country's manifestations of working class culture, politics, and values, and render working class acceptance of queerness invisible Lucid, important, and thought provoking, this book is essential reading for students and scholars of American music, gender, and sexuality, class, and pop culture

Secular Music and Sacred Theology Tom Beaudoin, 2013 When the basic conceptions of the world held by whole generations in the West are formed by popular culture and in particular by the music that serves as its soundtrack, can theology remain unchanged? The authors of the essays in this important volume insist that the answer is no. These gifted theologians help readers make sense of what happens to religious experience in a world heavily influenced by popular media culture, a world in which songs, musicians, and celebrities influence our individual and collective imaginations about how we might live. Readers will consider the theological relationship between music and the creative process, investigate ways that music helps create communities of heightened moral consciousness, and explore the theological significance of songs. Contributors to this fascinating collection include David Dalt, Maeve Heaney, Daniel White, Hodge Michael, J. Iafrate, Jeffrey F. Keuss, Mary McDonough, Gina Messina-Dysert, Christian Scharen, Myles Werntz. Tom Beaudoin is associate professor of theology at Fordham University, specializing in practical theology. His books include *Witness to Dispossession*, *The Vocation of a Postmodern Theologian*, *Consuming Faith*, *Integrating Who We Are with What We Buy*.
