Redrawing The Boundaries The Transformation Of English And American Literary Studies:

Redrawing the Boundaries Stephen Greenblatt, Giles B. Gunn, 1992-01 Mystery James Thomson's Defence of Poetry Stefanie Lethbridge, 2011-07-11 This study presents a contextual and intertextual reading of James Thomson's 1700-1748 poem *The Seasons* taking into consideration some of the presuppositions and habitus of the text's cultural community and the function of the poem's many intertextual allusions. Contemporary assumptions about processes of perception, reading, and the practice of virtue call for an approach to the poem that takes literary pretexts into account. An intertextual reading reveals *The Seasons* though heterogeneous on its surface as coherent in its cultural functionality. It aims to train readers into virtuous habits and asserts the powers of poetic discourse as a culturally relevant force especially in relation to the discourse of natural philosophy. With the emergence of natural philosophy as a cultural activity of considerable market value, poetry had to legitimise itself as a culturally relevant pursuit. An analysis of the poem's intertext in particular allusions to Virgil, Ovid, and Milton but also to genre conventions such as pastoral, romance, sermon, and panegyric uncovers textual strategies that attempt to re-legitimise poetry on the one hand by transposing scientific method into a poetic environment. On the other hand, the text demonstrates using its intertext that poetry has powers which reach beyond the rational and empirical agenda of natural philosophy and that poetry has a distinctive cultural function as a provider of vision, insight, and moral knowledge. Diese Studie legt eine historisch kontextualisierte Interpretation von James Thomson's 1700-1748 Gedicht *The Seasons* vor die Präsuppositionen und Habitus zeitgenössischer Leserschaft sowie die Funktion seiner zahlreichen intertextuellen Anspielungen mit einbezieht. Diese Lesart erhellt *The Seasons* als einen trotz heterogener Textoberfläche in seiner kulturellen Funktionalität kohärenten Text. Die Analyse des Intertexts deckt Textstrategien auf, die den dichterischen Diskurs insbesondere in Relation zum neu privilegierten Diskurs der Naturphilosophie als kulturell relevante Kraft relegitimieren.

Borderwork Margaret R. Higonnet, 2018-03-15 The first book to assess the impact of feminist criticism on comparative literature, *Borderwork* recharts the intellectual and institutional boundaries on that discipline and calls for the contextualization of the study of comparative literature within the areas of discourse, culture, ideology, race, and gender.

Reading Old English Texts Katherine O'Brien O'Keeffe, 1997-08-28 *Reading Old English Texts* first published in 1997 focuses on the critical methods being used and developed for reading and analysing writings in Old English. The collection is timely given the explosion of interest in the theory, method, and practice of critical reading. Each chapter engages with work on Old English texts from a particular methodological stance. The authors are all experts in the field but are also concerned to explain their method and its application to a broad undergraduate and graduate readership. The chapters include a brief historical background to the approach, a definition of the field or method under consideration, a discussion of some exemplary criticism with a balance of prose and verse passages, an illustration of the ways in which texts are read through this approach, and some suggestions for future work. Twentieth-Century Chaucer Criticism Kathy Cawsey,2016-02-17 Shifting ideas about Geoffrey Chaucer s audience have produced radically different readings of Chaucer s work over the course of the past century Kathy Cawsey in her book on the changing relationship among Chaucer critics and theories of audience draws on Michel Foucault s concept of the author function to propose the idea of an audience function which shows the ways critics concepts of audience affect and condition their criticism Focusing on six trend setting Chaucerian scholars Cawsey identifies the assumptions about Chaucer s audience underpinning each critic s work arguing these ideas best explain the diversity of interpretation in Chaucer criticism Further Cawsey suggests few studies of Chaucer s own understanding of audience have been done in part because Chaucer criticism has been conditioned by scholars latent suppositions about Chaucer s own audience In making sense of the

Filmmakers' fascination with opera dates back to the silent era, but it was not until the late 1980s that critical enquiries into the intersection of opera and cinema began to emerge. Jeongwon Joe focusses primarily on the role of opera as soundtrack by exploring the distinct effects opera produces in film effects which differ from other types of soundtrack music such as jazz or symphony. These effects are examined from three perspectives: peculiar qualities of the operatic voice, various properties commonly associated with opera such as excess, otherness or death, and multifaceted tensions between opera and cinema. For instance, opera as live embodied high art and cinema as technologically mediated popular entertainment. Joe argues that when opera excerpts are employed on soundtracks, they tend to appear at critical moments of the film usually associated with the protagonists, and the author explores why it is opera, not symphony or jazz, that accompanies poignant scenes like these. Joe's film analysis focuses on the time period of the post-1970s, which is distinguished by an increase of opera excerpts on soundtracks to blockbuster titles, the commercial recognition of which promoted the production of numerous opera soundtrack CDs in the following years. Joe incorporates an empirical methodology by examining primary sources such as production files, cue sheets, and unpublished interviews with film directors and composers to enhance the traditional hermeneutic approach. The films analysed in her book include Woody Allen's *Match Point*, David Cronenberg's *M. Butterfly*, and Wong Kar-wai's *2046*.
