The Violent Woman Hilary Neroni, 2012-02-16 In **The Violent Woman** Hilary Neroni brings psychoanalytically informed film theory to bear on issues of femininity violence and narrative in contemporary American cinema Examining such films as *Thelma and Louise* *Fargo* *Natural Born Killers* and *The Long Kiss Goodnight* Neroni explores why American audiences are so fascinated even excited by cinematic representations of violent women and what these representations reveal about violence in our society and our cinema Neroni argues that violent

women characters disrupt cinematic narrative and challenge cultural ideals suggesting how difficult it is for Hollywood the greatest of ideology machines to integrate the violent woman into its typical narrative structure

Aesthetic Violence and Women in Film Joseph Kupfer, 2018-03-05 Aesthetic Violence and Women in Film is a highly readable and timely analysis of the intersection of two recent cinematic trends in martial arts films aesthetic violence and warrior women Joseph Kupfer establishes specific categories of aesthetic film violence including hyper violence a visual style that emphasizes the sensuous surface of physical destruction and surreal violence when spectacular imagery and gravity defying dance replace blood and gore He then goes on to outline the ascendancy during the past decades of female characters to the status of hero in action films Interweaving these two subjects the book reveals how women warriors instigate and animate the models of aesthetic violence introduced The hyper violence of Kill Bill celebrates the triumphs of the Bride whose maiming and dismemberment of enemies produce brilliant red plumes and silvered geysers of blood The surrealistic violence in Crouching Tiger Hidden Dragon and The House of Flying Daggers creatively elevates violence from earthbound mayhem to an enchanting aerial display of female dominated acrobatics Both film stories are driven by the plight and aspirations of female combatants suggesting an affinity between women and the transfiguration of fighting wrought by surrealistic violence By elevating the significance of violence in action films and linking it together with the growing popularity of central female characters in this genre Aesthetic Violence and Women in Film will be of interest to students and scholars in film studies popular culture gender studies aesthetics and social philosophy

Gender and Action Films Steven Gerrard, Renée Middlemost, 2022-11-24 Focusing on a less acknowledged period in Action Cinema history Gender and Action Films prioritises female led action movies and champion a more meaningful interaction and representation between the Action genre and contemporary issues of race sexuality and gender

Domestic Violence in Hollywood Film Diane L. Shoos, 2017-12-19 This is the first book to critically examine Hollywood films that focus on male partner violence against women These films include Gaslight Sleeping with the Enemy What's Love Got to Do with It Dolores Claiborne Enough and Safe Haven Shaped by the contexts of postfeminism domestic abuse post awareness and familiar genre conventions these films engage in ideological gaslighting that reaffirms our preconceived ideas about men as abusers women as victims and the racial and class politics of domestic violence While the films purport to condemn abuse and empower abused women this study proposes that they tacitly reinforce the very attitudes that we believe we no longer tolerate Shoos argues that films like these limit not only popular understanding but also social and institutional interventions

examines five female archetypes the dominatrix the Amazon the daughter the mother and the rape avenger The entrance of the female hero into films written by produced by and made for men is viewed through the lens of feminism and post feminism arguments Analyzed works include films with actors Michelle Yeoh and Meiko Kaji the Alien films the Lara Croft franchise Charlie s Angels and television productions such as Xena Warrior Princess and Alias Chick Flicks Suzanne Ferriss,Mallory Young,2008-03-03 With 11 original essays this edited volume examines chick flicks from An Affair to Remember to Legally Blonde within the larger context of chick culture as well as women s cinema Crash Cinema Will Godfrey,Jill Good,Mark Goodall,2009-10-02 Crash Cinema Representation in Film is a collection of essays that emerged from Crash Cinema an annual symposium that is an integral part of the Bradford Film Festival at the National Media Museum UK The symposium was created by academics and curators who share the common aim of promoting the importance of film both as an academic study and for critical public appreciation Films can be enjoyed as entertainment they can educate and inform and they can excite and disturb Films are powerful pieces of culture The films that we now consume do more than simply amuse or horrify Cinema not only thrills us but also communicates to us about ourselves and in the twentieth and twenty first century moving images have become the dominant form of this communication Bombarded by images we inhabit a media intensive world in which every aspect of life is pervaded by visual signs In these circumstances it becomes increasingly significant to engage with the politics of representation Through this vital process we can acknowledge that all cultural forms whether in high art or the mass media are in the broadest sense political We can also appreciate that it is a complex agenda of interests that shapes specific ideological meanings Fulsomely equipped we can apply this essential tool to the exciting task of decoding the political social and cultural meanings articulated through the making promotion and consumption of film This book aims to offer an arena for the analysis of these representations Representations cannot depict the truth and the essays in this book do not claim to search for the truth We ask whose truth is being represented how is it represented and why is it represented like that We also ask how do representations tell us something about the culture within which they are created Yet the essays in this volume are not stuck in the representational concerns of the past and try instead to uncover the power of cinema to shock and surprise whether that be through visceral impact subversive content experiments with identity or the exploration of the taboo Representation as defined by the eleven essays in this book is a fluid and dynamic approach to the study of film The study of film to which this book contributes some unique case studies is as popular as ever and has withstood growing challenge from the new media such as CG Animations the internet and computer console and online gaming This is because the pleasure of film is still the most humanistic and because the sophistication of the representations offered by cinematic expression remain ever more complex and pleasurable to decipher This book can therefore be read by any student academic writer or filmmaker hooked on these delights **Gender and Action Films 2000 and Beyond** Steven Gerrard,Renée Middlemost,2022-11-24 Gender and Action Films 2000 and Beyond Transformations looks at Action

Cinema from the old to the new offering an exciting interrogation of the portrayal of gender in the new millennia A necessity for academics students and lovers of film and media and those interested in gender studies *Beyond Mothers, Monsters, Whores* Caron E. Gentry, Laura Sjoberg, 2015-08-15 *Beyond Mothers Monsters Whores* takes the suggestion in *Mothers Monsters Whores* that it is important to see genderings in characterizations of violent women and to use critique of those genderings to retheorize individual violence in global politics It begins by demonstrating the interdependence of the personal and international levels of global politics in violent women s lives but then shows that this interdependence is inaccurately depicted in gender subordinating narratives of women s violence Such narratives the authors argue are not only normatively problematic on the surface but also intersect with other identifiers such as race religion and geopolitical location

Shocking Cinema of the 70s Julian Petley, Xavier Mendik, 2021-11-18 This collection focuses on 1970s films from a variety of countries and from the marginal to the mainstream which by tackling various difficult subjects have proved to be controversial in one way or another It is not an uncritical celebration of the shocking and the subversive but an attempt to understand why this decade produced films which many found shocking and what it was that made them shocking to certain audiences To this end it includes not only films that shocked the conventionally minded such as hard core pornography but also those that outraged liberal opinion for example *Death Wish* and *Dirty Harry* The book does not simply cast a critical light on a series of controversial films which have been variously maligned misinterpreted or just plain ignored but also assesses how their production values narrative features and critical receptions can be linked to the wider historical and social forces that were dominant during this decade Furthermore it explores how these films resonate in our own historical moment replete as it is with shocks of all kinds

Civilized Violence Dr David Hansen-Miller, 2013-01-28 *Civilized Violence* provides a social and historical explanation for the popular appeal of cinema violence There is a significant amount of research on the effects of media violence but less work on what attracts audiences to representations of violence in the first place Drawing on historical sociology cultural studies feminist and queer theory masculinity studies and textual analysis David Hansen Miller explains how the exercise of violence has been concealed and denied by modern society at the same time that it retains considerable power over how we live our lives He demonstrates how discourses of sexuality and gender even romantic love are freighted with the micropolitics of violence Confronted with such contradictions audiences are drawn to the cinema where they can see violence graphically restored to everyday life Popular cinema holds the power to narrate and interpret social forces that have become too opaque diffuse and dynamic to otherwise comprehend Through detailed engagement with specific narratives from the last century of popular film *The Cabinet of Dr Caligari* *The Sheik* *Once Upon a Time in the West* *Deliverance* and the pervasive violence of contemporary cinema Hansen Miller investigates the manner in which representations can transform our understanding of how violence works

Love and the Fighting Female Allison P. Palumbo, 2020-07-16 The fighting female archetype a self reliant woman of great physical prowess has become increasingly common in action films and on television However the progressive female identities of these narratives cannot always resist the persistent and problematic framing of male female relationships as a battle of the sexes or other source of antagonism Combining cultural analysis with close readings of key popular American film and television texts since the 1980s this study argues that certain fighting female themes question regressive conventions in male female relationships Those themes reveal potentially progressive ideologies regarding female agency in mass culture that reassure audiences of the desirability of empowered women while also imagining egalitarian intimacies that further empower women Overall the fighting female narratives addressed here afford contradictory viewing pleasures that reveal both new expectations for and remaining anxieties about the strong independent woman ideal that emerged in American popular culture post feminism

Fighting without Fighting Luke White, 2022-07-11 From classic Bruce Lee films to the comedies of Jackie Chan a vibrant look at the enduring fascination with the kung fu cinema of Hong Kong In the spring and summer of 1973 a wave of martial arts movies from Hong Kong epitomized by Bruce Lee's *Enter the Dragon* smashed box office records for foreign language films in America and ignited a kung fu craze that swept the world *Fighting without Fighting* explores this dramatic phenomenon and it argues that more than just a cinematic fad the West's sudden fascination with and moral panic about the Asian fighting arts left lasting legacies still present today The book traces the background of the craze in the longer development of Hong Kong's martial arts cinema It discusses the key films in detail as well as their popular reception and the debates they ignited where kung fu challenged Western identities and raised anxieties about violence both on and off screen And it examines the proliferation of ideas and images from these films in fields as diverse as popular music superhero franchises children's cartoons and contemporary art Illuminating and accessible *Fighting without Fighting* draws a vivid bridge between East and West
