Reenchantment Of Political Science An Epistemological Approach To The Theories Of Comparative Politics

Gabriel A. Almond

Reenchantment Of Political Science An Epistemological Approach To The Theories Of Comparative Politics:

The Reenchantment of Political Science Nasr M. Arif, 2001-11-06 In *The Reenchantment of Political Science* Nasr M. Arif presents an unprecedented epistemological analysis of comparative politics and a reconstruction of the methodological foundation of political science. The aim of this study is to analyze, deconstruct, and synthesize theories of comparative politics in order to place them in their respective epistemological, historical, social, and scientific frameworks and discover their inner hypotheses, ideas, and theoretical potentialities as well as their interpretative power. This understanding will come from assessing the validity of these theories for the study of issues in comparative politics. **Forthcoming Books** Rose Army, 2001-06 *Western Political Science in a Non-Western Context* Nasr M. Arif, 2001 How has political science been perceived by non-western scientific communities? What was the position of comparative literature in Arab political writings? What are the most attractive theories? Is there any continuity between the Arab scientific community's progress and developments in comparative politics in the west? Is there a time gap as well as an epistemological one? Is there any attempt to adapt and manipulate these theories to suit the political reality of the Arab region? Have new theories been developed to study Arab political systems? What are the guidelines for real and meticulous work in that area? This monograph investigates these issues and presents a clearer picture of the field of comparative politics in Arab academic literature. **Theory and Evidence in Comparative Politics and International Relations** R. Lebow, M. Lichbach, 2007-08-20 This book explores the epistemology and the methodology of political knowledge and social inquiry: what can we know and how do we know? Contributing authors offer answers addressing the purpose and methods of research and analyzing concepts including the relationship of theory and evidence and the importance of evidence to social science. *Theories Of Comparative Politics* Ronald H. Chilcote, 2018-02-12 Extensively revised and updated, this classic text revisits the central problem of searching for mainstream and alternative paradigms to guide us in comparative political inquiry. Building upon the first edition's comprehensive and systematic overview of frameworks, ideologies, and theories, the second edition highlights new directions and developments over the past decade, including the continuation of an ideological political science methodological innovations such as rational choice, historical, and postbehavioural approaches; new emphases on and links between political culture and participation; the recasting of modernization theory and the revitalization of class analysis; and a thoroughgoing post-Keynesian political economy point of view. The second edition continues the tradition of the first in updating what one reviewer commended as outstanding, excellent annotated bibliographies at the end of each chapter and the thorough survey of the general literature of comparative politics at the end of the book. In addition, the new edition includes an appendix of definitions that facilitate clarity and understanding of political science terminology important for students at every level, from the introductory on up. In a post-Cold War world in which challenges to comparative inquiry abound—ethnic conflict, authoritarian repression, state building and disintegration, new industrialization and postindustrialization, security systems

redefined the search for new paradigms that Theories of Comparative Politics represents gains in importance daily

Comparative Politics Howard J. Wiarda, 2005 **Comparative Politics** James A. Bill, Robert L. Hardgrave, 1973

Comparative Politics Howard J. Wiarda, 2004 **Comparative Politics**, 2005 **Comparative Politics** Michael J.

Sodaro, Nathan J. Brown, 2001 This work achieves a balance between the methodology and science of politics and the type of text that gives an understanding of key concepts theories and foundations of political science The author blends a nuts and bolts approach with meaningful historical and contemporary political examples and a strong theoretical background Written in an exceptionally clear tone and accompanied by websites exercises and readings this text reaches out to the introductory level student while also presenting material that can be used for continued training in scholarly research *Comparative Politics*, 2004 *A Discipline Divided* Gabriel A. Almond, 1990 A Discipline Divided is a collection of coherent and timely articles that discuss the emergence and divergence of the two dominant camps of political science ideology and methodology Almond examines the hard versus soft science argument the history of model fitting in communism studies the strengths and weaknesses of the rational choice movement and the historical forces and processes that have shaped political culture

Doing Research in Political Science Paul Pennings, Hans Keman, Jan Kleinnijenhuis, 2005-11-11 This is an immensely helpful book for students starting their own research an excellent introduction to the comparative method giving an authoritative overview over the research process Klaus Armingeon University of Bern Doing Research in Political Science is the book for mastering the comparative method in all the social sciences Jan Erik Lane University of Geneva This book has established itself as a concise and well readable text on comparative methods and statistics in political science I strongly recommend it Dirk Berg Schlosser Philipps University Marburg This thoroughly revised edition of the popular textbook offers an accessible but comprehensive introduction to comparative research methods and statistics for students of political science Clearly organized around three parts the text introduces the main theories and methodologies used in the discipline Part 1 frames the comparative approach within the methodological framework of the political and social sciences Part 2 introduces basic descriptive and inferential statistical methods as well as more advanced multivariate methods used in quantitative political analysis Part 3 applies the methods and techniques of Parts 1 2 to research questions drawn from contemporary themes and issues in political science Incorporating practice exercises ideas for further reading and summary questions throughout Doing Research in Political Science provides an invaluable step by step guide for students and researchers in political science comparative politics and empirical political analysis Theories of Comparative Politics Ronald H. Chilcote, 1981 Comparative Politics Jan-Erik Lane, Svante Ersson, 1994-12-05 This is a new introductory textbook on comparative politics and government providing students with a guide to the literature and a new approach to the subject

Critical Theory and Epistemology Anastasia Ch. Marinopoulou, 2017 This Critical Theory and Contemporary Society volume offers a critical review of epistemological issues in the twentieth and twenty first centuries **Theories Of**

Comparative Political Economy Ronald H Chilcote, 2018-02-05 Professor Chilcote has written an extraordinary comprehensive comparison of mainstream liberal views and alternative radical views of history development class government and democracy This book will be extremely valuable to both students and scholars Howard Sherman University of California Riverside Theories of Comparative Political Economy builds on the proposition that the study of politics and economics has evolved into political economy in a number of significant ways and that the new issues and ideas that became prominent in the 1980s and 1990s will carry on into the new millennium This book is a sequel to Chilcote's Theories of Comparative Politics Westview 1981 which was substantially revised and published in a second edition in 1994

New Directions In Comparative Politics Howard J. Wiarda, 2018-03-09 As must reading for anyone interested in comparative politics this text is designed to address the theoretical developments and approaches important to the comparative study of political systems today These include developmentalism dependency theory corporatism state society relations political economy public policy analysis indigenous theories of change rational choice and the new institutionalism This text sees the new diversity of approaches as healthy and invigorating The diversity in comparative politics over the past two decades has been reflected in prior editions of this book Whereas these separate approaches once may have been regarded as fragmentary now scholars have come to regard the diverse lines of inquiry as lending complementary tools of analysis to our complex modern world The emerging methods of comparative study often provide causeways between previous islands of theory In this new edition all the main approaches to comparative politics are represented in chapter length treatment Several contributors revisit the topics they addressed in the prior editions e.g. Tony Smith on dependency analysis Lawrence Graham on public policy and Joel Migdal on state society relations Most significantly the third edition introduces readers to new provocative analyses such as Paul Adams on corporatism Anthony Gill on political economy Ronald Inglehart on political culture Gerardo Munck on rational choice A.H. Somjee on indigenous theory and Frank L. Wilson on the new institutionalism Introductory and concluding essays by editor Howard J. Wiarda integrate the book placing the different approaches in perspective

Ventures in Political Science Gabriel Abraham Almond, 2002 A prominent political scientist in American academia throughout the second half of the 20th century Almond gathers 11 essays he wrote mostly during the 1990s They explore topics he finds suitable for an octogenarian historical narrative about the political science discipline reflections about democracy and democratization and his own education and early career Annotation copyrighted by Book News Inc Portland OR

The Oxford Handbook of Comparative Political Theory Leigh K. Jenko, Murad Idris, Megan Christine Thomas, 2020 Chapters emphasize exploration of substantive questions about political life in a range of global contexts with attention to whether and how those questions may be shared contested or reformulated across differences of time space and experience An interdisciplinary volume that bridges the gaps between various traditions regions and concerns regarding political theory Provides tags and keywords to aid navigation of the handbook and help readers trace disruptions thematic
