Reflections From Canoe Country Paddling The Waters Of The Adirondacks And Canada:

Reflections from Canoe Country Christopher Angus, 1997-04-01 When Christopher Angus and two friends were canoeing a stretch of the Grass River in the Adirondacks in 1986 they were cited by the Department of Environmental Conservation for trespassing on the timberlands of the Champion Paper Company Amazed to find that the law protects corporate rather than environmental interests in a publicly owned state park Angus joined the decades long battle to reopen Adirondack waterways In this collection Angus a columnist and lifelong resident of the Adirondack region writes with the discerning eye of a poet and the ear of a political commentator He treats the reader to descriptions of his many canoeing experiences and to his thoughts on environmental protection As Paul Jamieson writes in the Foreword Reading these short pieces in rhythmic sequence is like riding the waves in a kayak off the Nova Scotia coast Angus s strong ties to Canada s maritime provinces and to the St Lawrence River expand the focus of the book to include the larger Northeastern wilderness It is here he maintains in the most densely populated region of North America that we will finally learn whether man can coexist with the natural world North Country Reflections Neal Burdick, Maurice Kenny, 2013-05-28 New York s North

Country can be hard to define the region has solid boundaries on three sides but not on the south where it mingles with the Adirondack Mountains The spare and isolated landscape experiences long and harsh winters tempered with bucolic scenery Small town life and farming both traditional and innovative have found a haven and even thrive The region plays host to determined community oriented people who have traded the financial lure of big cities for the satisfaction of barn raisings outdoor hockey quiet hikes and old fashioned diners In this collection residents of the region probe their own lives and experiences with the land in a corner of America that is both demanding and rewarding Discover their exciting uplifting and poignant tales *The Extraordinary Adirondack Journey of Clarence Petty* Christopher Angus, 2015-02-25 Author and naturalist Christopher Angus profiles for the first time the adventurous life of Clarence Petty one of the great pioneer conservationists of the Adirondack Mountain region of New York State Raised in the heart of the Adirondack wilderness between Tupper and Saranac Lakes Petty overcame his humble beginnings and pursued a variety of careers as wilderness guide forester Civilian Conservation Corps camp director World War II pilot district ranger and aerial forest fire fighter ultimately leaving his indelible mark as a lifelong advocate for the protection of the wilderness The story of Petty s life reads like a Horatio Alger novel His father moved to the mountains in the 1880s to work as a guide His mother was a cook for one of the popular sportsmen s hotels in the area Young Clarence and his brothers enjoyed the kind of childhood freedom and independence that today s youngsters can only dream about Their father s sense of self reliance and their mother s drive to educate her sons led all three to attend college Clarence followed a path of service to the American landscape His influence on state policy regarding the Adirondack Park and especially its millions of acres of wilderness has been profound His life story provides a window into the politics of conservation in the Adirondack region from the early days of the twentieth

century to the present **Rooted in Rock** Jim Gould,2001-06-01 In the past twenty years the Adirondacks have inspired a resident population of writers who have gained regional and national prominence using the Adirondack region as their primary setting and subject matter or at least as a significant point of departure Rooted in Rock is the first collection of its kind in more than twenty years since Paul Jamieson s Adirondack Reader What makes the volume unique though is the number of contributors who not only make the Adirondacks their subject but who make their homes in these mountains The works in this volume include contemporary essays literary nonfiction poetry short fiction and excerpted fiction and are a mix of new and previously published writings by forty three authors established as well as emerging including Bill McKibben Sue Halpern Russell Banks Alex Schoumatoff Chase Twichell Curt Stager Amy Godine and Jim Gould to name a few **Finding True North** Fran Yardley,2018-05-22 Silver Winner for Regional Nonfiction 2018 Foreword INDIES Book of the Year Awards In 1968 Fran and Jay Yardley a young couple with pioneering spirit moved to a remote corner of the Adirondacks to revive the long abandoned but historic Bartlett Carry Club with its one thousand acres and thirty seven buildings The Saranac Lake area property had been in Jay s family for generations and his dream was to restore this summer resort to support himself and eventually a growing family Fran chronicles their journey and along the way unearths the history of those who came before from the 1800s to the present Offering an evocative glimpse into the past Finding True North traces the challenges and transformations of one of the world s most beautiful least celebrated places and the people who were tirelessly devoted to it *The Quarterly* ,1996 *Library Journal* ,1997 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately
