Graser, 2015-12-18 Pacific Book Review Star Awarded to Books of Excellent Merit Some of the best history is personal that which is collected from participants in great events and movements In William R Graser s book Veterans Reflections History Preserved we are offered stories and vignettes from those who serve in the United States military in their own words Sergeant First Class William R Graser USA Ret worked for the US Army Security Agency overseas and in America In 2007 Graser conceived the simple but ingenious idea of letting soldiers tell their own stories and through this framework offer a picture of sixty three years of American military history His sixty interviews comprise the experiences of military personnel from World War II beginning in 1941 through the Cold War the Korean War the Vietnam War and what the author refers to as the Quiet War Korea aka Korean DMZ Conflict The last stories come from Global and Homeland Service up to 2004 Each segment starts with an explanation of the conflict its background and causes followed by interviewee accounts The first such account comes from Clement Hutchins age 93 in 2011 who served in World War II with the Merchant Marines In the North Atlantic prey to attacks from the German Wolf Pack submarines Hutchins recalls one evening in particular when nine merchant ships were sunk in less than fifteen minutes Samuel Masessa was an infantryman in Korea where he states the cold

became the enemy He recounts a battle between American tanks and Chinese troops in a sudden attack that left many enemy soldiers dead he and his comrades then used flamethrowers to destroy the bodies in a grim task to prevent disease and eliminate the smell Harry Dalton was a K9 dog handler in Vietnam who was awarded numerous medals but stated I was proud to serve but prefer to keep most of my experiences to myself Another soldier Richard Matthews who served in the US Air Force in the sky over Cambodia and Laos expresses a similar sentiment I don't make a lot of noise about my awards and decorations In reality we were just soldiers airmen marines sailors and guardians doing what we were trained to do and dedicated to doing By allowing veterans to express their sentiments and describe their very real and harrowing experiences Graser has done honor to these individuals who served us so bravely and unselfishly He offers an intelligent analysis of the stages of war and conflict that the US was engaged in during the book's time frame He includes useful appendices of military terms acronyms and pictures of military medals Graser wrote *Veterans Reflections History Preserved* to increase our general understanding of American warfare through the eyes of those who were there He concludes with a phrase that will be familiar to anyone who has a veteran in the family When you see a veteran say thank you This book is a remarkable tribute to the sacrifice made by our veterans who fought for our country *Veterans Reflections* is compelling and inspiring to say the least Our heroes deserve to be heard Highly Recommended The military service of millions of Americans is reflected in these stories They will put you in the middle of the action of our nation's wars Through firsthand accounts of veterans who served during World War II the Cold War Korean War Cuban Missile Crisis Vietnam War Korean DMZ Conflict also known as the Quiet War and Operations Desert Storm and Enduring Freedom Afghanistan you'll find yourself paying tribute to each and every veteran The stories of personal sacrifice commitment and valor demonstrate the values that have made the United States of America the envy of the world Sixty veterans recall their time in uniform sharing stories that are tragic heart wrenching and sometimes funny These stories provide an excellent opportunity to gain an understanding and appreciation of veterans Celebrate what it means to be an American devoted to freedom with *Veterans Reflections* As a veteran himself the author is obviously very close to this work and it shows not only in his passion for his subject but also in his attention to detail His method which weaves the veterans' own stories into an historical overview of a specific conflict is extremely effective The soldiers' accounts go well beyond the war's scorecard and reveal some of the actual fears and experiences of the participants Anyone can tell the facts behind a story but those who have lived it can share insights no secondhand history can match The US Review of Books *Tangled Memories* Marita Sturken, 1997-02-28 Analyzing the ways U.S. culture has been formed and transformed in the 80s and 90s by its response to the Vietnam War and the AIDS epidemic Marita Sturken argues that each has disrupted our conventional notions of community nation consensus and American culture She examines the relationship of camera images to the production of cultural memory the mixing of fantasy and reenactment in memory the role of trauma and survivors in creating cultural comfort and how discourses of healing can smooth over the tensions of political events

Sturken's discussion encompasses a brilliant comparison of the Vietnam Veterans Memorial and the AIDS Quilt her profound reading of the Memorial as a national wailing wall one whose emphasis on the veterans and war dead has allowed the discourse of heroes sacrifice and honor to resurface at the same time that it is an implicit condemnation of war is particularly compelling The book also includes discussions of the Kennedy assassination the Persian Gulf War the Challenger explosion and the Rodney King beating While debunking the image of the United States as a culture of amnesia Sturken also shows how remembering itself is a form of forgetting and how exclusion is a vital part of memory formation Politics and the Art of Commemoration Katherine Hite, 2013-06-17 Memorials are proliferating throughout the globe States recognize the political value of memorials memorials can convey national unity a sense of overcoming violent legacies a commitment to political stability or the strengthening of democracy Memorials represent fitful negotiations between states and societies symbolically to right wrongs to recognize loss to assert distinct historical narratives that are not dominant This book explores relationships among art representation and politics through memorials to violent pasts in Spain and Latin America Drawing from curators art historians psychologists political theorists holocaust studies scholars as well as the voices of artists activists and families of murdered and disappeared loved ones Politics and the Art of Commemoration uses memorials as conceptual lenses into deep politics of conflict and as suggestive arenas for imagining democratic praxis Tracing deep histories of political struggle and suggesting that today's commemorative practices are innovating powerful forms of collective political action this work will be of great interest to students and scholars of international relations Latin American studies and memory studies Places of Commemoration Joachim Wolschke-Bulmahn, 2001 Everyone is occupied consciously or unconsciously with identity one's origin and the question of one's place in humankind and society of the past present and future Identity and memory are not stable and objective things but representations or constructions of reality related to a particular interest such as class gender of power relations Identity is problematic without history and without the commemoration of history and of course such remembrance may distort historical events and facts When dealing with gardens a substantial part of our physical environment there are always unspoken questions of identity Places of Commemoration examines commemorative sites of different character including gardens landscapes memorials cemeteries and sites of former Nazi concentration camps detailing the ideas behind the creation of memorials and monuments and the struggles over the narratives they present **American Studies** Janice A.
