is arguably the most perceptive writer in modern Chinese literature She was one of the most popular writers in 1940s Shanghai but her insistence on writing about individual human relationships and mundane matters rather than revolutionary and political movements meant that in mainland China she was neglected until very recently Outside the mainland her life and writings never ceased to fascinate Chinese readers There are hundreds of works about her in the Chinese language but very few in other languages This is the first work in English to explore her earliest short stories as well as novels that were published posthumously It discusses the translation of her stories for film and stage presentation as well as nonliterary aspects of her life that are essential for a more comprehensive understanding of her writings including her intense concern for privacy and enduring sensitivity to her public image The thirteen essays examine the fidelity and betrayals that dominate her alter ego s relationships with parents and lovers informed by theories and methodologies from a range of disciplines including literary historical gender and film studies These relationships are frequently dramatized in plays and filmic translations of her work

Reflection Diane Chamberlain,2010-11-01 Rachel Huber returns to her hometown of Reflection to care for her ailing grandmother Twenty years ago a tragedy occurred in Reflection and people hold Rachel responsible Now she finds herself the object of anger and hostility She s not without her allies however Lily Jackson a young woman who was personally touched by the tragedy perplexes everyone by treating Rachel with compassion And Michael Stoltz the minister of the Mennonite church is elated by Rachel s return He and Rachel were close friends as children and that childhood bond quickly evolves into a loving relationship that must be hidden from the town It is Rachel s grandmother Helen however who becomes her strongest advocate surprising Rachel with her wise counsel and rare strength and with a wealth of secrets she has long been concealing Diane Chamberlain s finest work to date The reader is swept into the town s emotion

Between Blinks (Personal Reflection) Calvin Thomas, 2009-03-27 Years ago whole societies painted their histories which may take archaeologists and scholars countless hours to decipher if they can even accomplish this marvelous feat Soon the people began to use a new system stories and spoken words Their histories still exist without misinterpretations or incorrect translation The stories themselves are immortal but the author is only said to be but an elder who may or may not be remembered based on his greatness Through my poetry I try to the best of my ability to express an emotion the way I am

experiencing it right at that moment Through the beauty of poetry if my works were read 100 years from that emotion could be relived by anyone who s reading it So the picture that my thousand words paint wouldn t become yellowed by time loose its glossy coat or its fresh scent but exist brand new each time and become eternal Through my gift I have attained immortality as much as I can as a human being

Lockdown Therapy Stefano Carpani, Monica Luci, 2022-10-17 Nominated as an IAJS Book Award Finalist 2023 This fascinating volume explores from the perspective both of analysts and their patients how the COVID 19 pandemic quickly and unexpectedly created profound and lasting changes in the ways psychoanalysis is conducted and what those changes mean for analysis moving forward The first part of the book is made up of interviews conducted by Stefano Carpani with authoritative authors in analytical psychology during the earliest phase of lockdown centered on themes of the pandemic lockdown and how each individual was coping with the challenges those circumstances brought on The second part features personal essays that further details the subjective experiences of Jungian analysts and therapists worldwide comprising a collection of reflections on how COVID 19 affected and changed the way analysts work with patients These reflections focus on the theoretical clinical technical and also practical points of view including clinical materials on transference and counter transference considerations The third part of the book is specular to the second and offers reflections from patients perspective on how the pandemic changed their therapies and lockdown affected their experience of therapy Patients have provided anonymous testimonies through their writing of how they experienced of the change of setting mindset and related implications A comprehensive overview of an important and ongoing conversation Lockdown Therapy is crucial reading for Jungian analysts and scholars as well as other clinicians training in analysis psychotherapy and counselling

Photography and Exploration James R. Ryan, 2013-07-15 When Ferdinand Magellan set out to circumnavigate the globe in 1519 he wasn t able to bring a digital camera or a smartphone with him Yet as the eagerly awaited images from the Mars rover prove modern exploration is inconceivable without photography Since its invention in 1839 photography has been integral to exploration used by explorers sponsors and publishers alike and the early twentieth century advances in technology and photography s newfound cultural currency as a truthful witness to the world made the camera an indispensable tool In Photography and Exploration James R Ryan uses a variety of examples from polar journeys to space missions to show how exploration photographs have been created circulated and consumed as objects of both scientific research and art Examining a wide range of photographs and expeditions Ryan considers how nations have often employed images as a means to scientific advancement or territorial conquest He argues that because exploration has long been bound up with the construction of national and imperial identity expeditionary photographs have often been used to promote claims to power especially by the West These images also challenge the way audiences perceive the world and their place within it Featuring one hundred images Photography and Exploration shines new light on how photography has shaped the image of explorers expeditions and the worlds they discovered Digital

Photography and Everyday Life Edgar Gómez Cruz, Asko Lehmuskallio, 2016-05-20 Digital Photography and Everyday Life Empirical studies on material visual practices explores the role that digital photography plays within everyday life With contributors from ten different countries and backgrounds in a range of academic disciplines including anthropology media studies and visual culture this collection takes a uniquely broad perspective on photography by situating the image making process in wider discussions on the materiality and visibility of photographic practices and explores these through empirical case studies By focusing on material visual practices the book presents a comprehensive overview of some of the main challenges digital photography is bringing to everyday life It explores how the digitization of photography has a wide reaching impact on the use of the medium as well as on the kinds of images that can be produced and the ways in which camera technology is developed The exploration goes beyond mere images to think about cameras mediations and technologies as key elements in the development of visual digital cultures Digital Photography and Everyday Life will be of great interest to students and scholars of Photography Contemporary Art Visual Culture and Media Studies as well as those studying Communication Cultural Anthropology and Science and Technology Studies **In the Name of the People:**

Perpetrators of Genocide in the Reflection of Their Post-War Prosecution in West Germany Dick de Mildt, 2024-01-15 In the Name of the People explores the profile of the perpetrators of Nazi genocide as reflected in postwar German trial sentences It investigates their social background their route to crime and their role in the Nazi extermination apparatus In addition it studies the postwar prosecution of these genocidal criminals in West Germany It describes and analyses the obstacles bottlenecks and omissions in the prosecuting policies and presents their statistical record It examines the way in which postwar German courts dealt with these criminals by an in depth study of the trial sentences against two specific groups of genocidal perpetrators the Euthanasia and Aktion Reinhard killers Through a scrutiny of the argumentation of the various courts sentences in these cases it presents a detailed picture of the grounds for acquittal conviction and punishment It discusses the controversial differentiation of murder and complicity in murder with regard to these genocidal perpetrators and highlights the ways in which the courts handled complicated questions such as acting under superior orders duress and coercion The study is intended for a readership consisting of historians sociologists criminologists legal experts and others interested in the fieldworkers and modus operandi of the Nazi genocide and Germany's postwar judicial reaction to it Arctic Cinemas and the Documentary Ethos Lilya Kaganovsky, Scott MacKenzie, Anna

Westerstahl Stenport, 2019-02-18 Beginning with Robert Flaherty's Nanook of the North 1922 the majority of films that have been made in about and by filmmakers from the Arctic region have been documentary cinema Focused on a hostile environment that few people visit these documentaries have heavily shaped ideas about the contemporary global Far North In Arctic Cinemas and the Documentary Ethos contributors from a variety of scholarly and artistic backgrounds come together to provide a comprehensive study of Arctic documentary cinemas from a transnational perspective This book offers

a thorough analysis of the concept of the Arctic as it is represented in documentary filmmaking while challenging the notion of The Arctic as a homogenous entity that obscures the environmental historical geographic political and cultural differences that characterize the region By examining how the Arctic is imagined understood and appropriated in documentary work the contributors argue that such films are key in contextualizing environmental indigenous political cultural sociological and ethnographic understandings of the Arctic from early cinema to the present Understanding the role of these films becomes all the more urgent in the present day as conversations around resource extraction climate change and sovereignty take center stage in the Arctic s representation

Zen-Brain Reflections James H. Austin, 2010-09-24 A sequel to the popular Zen and the Brain further explores pivotal points of intersection in Zen

Buddhism neuroscience and consciousness arriving at a new synthesis of information from both neuroscience research and Zen studies This sequel to the widely read *Zen and the Brain* continues James Austin's explorations into the key interrelationships between Zen Buddhism and brain research In *Zen Brain Reflections* Austin a clinical neurologist researcher and Zen practitioner examines the evolving psychological processes and brain changes associated with the path of long range meditative training Austin draws not only on the latest neuroscience research and new neuroimaging studies but also on Zen literature and his personal experience with alternate states of consciousness *Zen Brain Reflections* takes up where the earlier book left off It addresses such questions as how do placebos and acupuncture change the brain Can neuroimaging studies localize the sites where our notions of self arise How can the latest brain imaging methods monitor meditators more effectively How do long years of meditative training plus brief enlightened states produce pivotal transformations in the physiology of the brain In many chapters testable hypotheses suggest ways to correlate normal brain functions and meditative training with the phenomena of extraordinary states of consciousness After briefly introducing the topic of Zen and describing recent research into meditation Austin reviews the latest studies on the amygdala frontotemporal interactions and paralimbic extensions of the limbic system He then explores different states of consciousness both the early superficial absorptions and the later major peak experiences This discussion begins with the states called kensho and satori and includes a fresh analysis of their several different expressions of oneness He points beyond the still more advanced states toward that rare ongoing stage of enlightenment that is manifest as sage wisdom Finally with reference to a delayed moonlight phase of kensho Austin envisions novel links between migraines and metaphors moonlight and mysticism The Zen perspective on the self and consciousness is an ancient one Readers will discover how relevant Zen is to the neurosciences and how each field can illuminate the other
