Motivational Interviewing Antoine Douaihy,Thomas M. Kelly,Melanie A. Gold,2023 This may be the single most important book you ever buy during your medical training that will help you learn about how to engage patients in a discussion about behavior change Whatever field you pursue patient care will be at the heart of your practice The second edition of *Motivational Interviewing* is transforming the way we engage with patients and colleagues alike This

manual is ideal for any medical doctors at all levels in their career The text is thorough yet concise and easily accessible using clinical vignettes personal reflections self assessment quizzes and online video clips of clinical cases

Self-Determination Theory in the Clinic Kennon M. Sheldon, Geoffrey Williams, Thomas Joiner, 2008-10-01 Self determination theory is grounded in the belief that people work best and are happiest when they feel that they are in control of their own lives This invaluable book explains the ramifications of the theory and provides clinical examples to show that it can be used to motivate patients undergoing treatment for such physical or psychological issues as diabetes management smoking cessation post traumatic stress obsessive compulsive disorder and depression The first part of the book provides historical background to self determination theory showing that it is humanistically oriented and has three decades of empirical research behind it In the process the authors discuss why humanistic psychology fell out of favor in academic psychology why self help and New Age books have such perennial popularity and why it is so important for authorities to support patients sense of self The remainder of the book presents many specific case examples to describe the theory s application
