Brilliant Roberta Michnick Golinkoff, Kathy Hirsh-Pasek, 2016-05-16 In just a few years today's children and teens will forge careers that look nothing like those that were available to their parents or grandparents. While the U.S. economy becomes ever more information driven, our system of education seems stuck on the idea that content is king, neglecting other skills that 21st century citizens sorely need. *Becoming Brilliant* offers solutions that parents can implement right now. Backed by the latest scientific evidence and illustrated with examples of what's being done right in schools today, this book introduces the 6Cs: collaboration, communication, content, critical thinking, creative innovation, and confidence, along with ways parents can nurture their children's development in each area.

Reading is one of the first activities you can enjoy with your child, and *Reading with Babies, Toddlers and Twos* gets you started. Instill a love for reading early by answering questions such as: Which books will a newborn baby enjoy? What do you buy after you've read *Goodnight Moon*? Are eBooks and apps appropriate for young children? Can I make up a story to tell my child? What are the best collections of fairy tales, fables, and other classic stories? A parenting resource to help with early learning and literacy, Straub, Dell'Antonia, and Payne use their decades of experience as parents, book reviewers, and children's librarians to bring you the very best in children's books, so you'll never run out of ideas for reading with your baby.
