Gottlieb, 2004-06-14 Roberto Rossellini's Rome Open City instantly markedly and permanently changed the landscape of film history. Made at the end of World War II it has been credited with initiating a revolution in and reinvention of modern cinema. Bold claims that are substantiated when its impact on how films are conceptualized, made, structured, theorized, circulated and viewed is examined. This volume offers a fresh look at the production history of Rome Open City, some of its key images and particularly its representation of the city and various types of women, its cinematic influences and affinities, the complexity of its political dimensions including the film's vision of political struggle and the political uses to which the film was put and the legacy of the film in public consciousness. It serves as a well-illustrated, up-to-date and accessible introduction to one of the major achievements of filmmaking. *Roberto Rossellini*, 1987 **Roberto Rossellini** José Luis Guarner, 1970 *Roberto Rossellini* Massimo Mida, 1961 **In the Name of the Father, the Daughter and the Holy Spirits** Isabella Rossellini, 2006 Accompanying DVD copyright 2005 is a compilation of real and imagined conversations between Roberto Rossellini and people who influenced him. Isabella Rossellini portrays all the parts in the movie **Era Notte a Roma, Di Roberto Rossellini. This study re-examines the director's postwar works in relation to the contemporary discussion on Italian national identity rather than marking a radical break with the director's early neorealist successes. Rossellini's films with Bergman in fact extend the boundaries of neorealism and challenge the standard reading of its basic tenets especially the relationship between character and setting. Gelley reassesses the relationship between European postwar and American cinema looking at how the image of the Hollywood star was translated and transformed when it was imported into Rossellini's Italy. Rossellini's insertion of the Hollywood star into the native landscape had a significant influence on the director's approach to the neorealist aesthetic. His filming of the encounter between Bergman and the Italian landscape involves not only a re-interpretation and transformation of the Hollywood star persona but also a challenge to the idealized notion of an authentic Italian national collective free of foreign influence. The disruption of Bergman's character into the Italian landscape became one means whereby the director was able to explore the

ambivalence inherent in any attempt to construct a national identity *The Bible in Motion* Rhonda Burnette-Bletsch, 2016-09-12 This two part volume contains a comprehensive collection of original studies by well known scholars focusing on the Bible's wide ranging reception in world cinema. It is organized into sections examining the rich cinematic afterlives of selected characters from the Hebrew Bible and New Testament considering issues of biblical reception across a wide array of film genres ranging from noir to anime featuring directors from Lee Chang-dong to the Coen brothers whose body of work reveals an enduring fascination with biblical texts and motifs and offering topical essays on cinema's treatment of selected biblical themes e.g. lament apocalyptic particular interpretive lenses e.g. feminist interpretation queer theory and windows into biblical reception in a variety of world cinemas e.g. Indian Israeli and Third Cinema. This handbook is intended for scholars of the Bible religion and film as well as for a wider general audience.

Historical Dictionary of Italian Cinema Gino Moliterno, 2008-09-29 The Historical Dictionary of Italian Cinema provides a better understanding of the role Italian cinema has played in film history through a chronology an introductory essay a bibliography appendixes black white photos and hundreds of cross referenced dictionary entries on actors actresses movies producers organizations awards film credits and terminology.
