Rudolf Jahns Rudolf Jahns, 2006 **Rudolf Jahns. : 11. August Bis 5. September 1982** Rudolf Jahns, Wolfenbüttel (Germany). Kulturbund, *Rudolf Jahns and his times*, 1991 *Rudolf Jahns*, **Sprengel Museum Hannover: Bestandsverzeichnis** Sprengel Museum Hannover, 2003 **Interrogation Nation** Keith R. Allen, 2017-05-25 This groundbreaking book explores the treatment of the millions of refugees and tens of thousands of spies that flooded Germany after World War II Drawing on newly declassified espionage files Keith R Allen uncovers long hidden interrogation systems that were developed by Germany's western occupiers to protect internal security and gather intelligence about the Soviet Union He shows how vetting in the name of public order brought foreign intelligence officials into practically every venue from train stations to corporate boardrooms to private dwellings in postwar West Germany At the heart of efforts to extract insights were extensive personalized efforts by law enforcement and security officials to manipulate desires and emotions involving dearest family members closest friends and trusted colleagues Linking personal narratives of those interrogated to the international context of postwar politics Allen reveals a compelling world inhabited by spies and refugees Allen's study illuminates the places personalities and practices of refugee interrogation in one of Europe's most successful postwar states As calls for intense scrutiny of refugees have grown dramatically Allen illustrates how decisions to shortchange the rights of migrants in periods of heightened ideological and military tension may contribute to long term threats to personal liberties and the rule of law *Myself and My Aims* Kurt Schwitters, 2021-03-10 Kurt Schwitters was a major protagonist in the histories of modern art and literature whose response to the contradictions of modern life rivals that of Marcel Duchamp in its importance for artists working today His celebrated Merz pictures collaged and assembled from the scrap materials of popular culture and the debris of the studio such as newspaper clippings wood cardboard fabric and paint reflect a lifelong interest in collection fragmentation and abstraction techniques he also applied to language and graphic design As the first anthology in English of the critical and theoretical writings of this influential artist *Myself and My Aims* makes the case for Schwitters as one of the most creative thinkers of his generation Including material that has never before been published this volume presents the full range of his prolific writing on the art and attitudes of his time joining existing translations of his children's stories poetry and fiction to give new readers unprecedented access to his literary imagination With an accessible introduction by Megan R Luke and elegant English translations by Timothy Grundy this book will prove an exceptional resource for artists scholars and enthusiasts of his art **Dada Culture**, 2016-08-01 How Dada is to break its cultural accommodation and containment today necessitates thinking the historical instances through revised application of critical and theoretical models The volume *Dada Culture Critical Texts on the Avant Garde* moves precisely by this motive bringing together writings which insist upon the continuity of the early twentieth century moment now at the start of the twenty first Engaging the complex and contradictory nature of Dada strategies instanced in the linguistic gaming and performativity of

the movement's initial formation and subsequently isolating the specific from the general with essays focusing on Ball Tzara Serner Hausmann Dix Heartfield Schwitters Baader Cravan and the exemplary Duchamp the political philosophy of the avant garde is brought to bear upon our own contemporary struggle through critical theory to comprehend the cultural usefulness relevance validity and effective or otherwise oppositionality of Dada's infamous anti stance The volume is presented in sections that progressively point towards the expanding complexity of the contemporary engagement with Dada as what is often exhaustive historical data is forced to rethink realign and reconfigure itself in response to the analytical rigour and exercise of later twentieth century animal anarchic thought the testing and cultural placement of thoughts upon the virtual and the eventual implications for the once blissfully unproblematic idea of expression From the opening provocative proposition that historically Dada may have been the falsest of all false paths the volume rounds to dispute such condemnation as demarcation continues not only of Dada's embeddedness in western culture but more precisely of the location of Dada culture Ten critical essays by Cornelius Partsch John Wall T J Demos Anna Schaffner Martin I Gaughan Curt Germundson Stephen C Foster Dafydd Jones Joel Freeman and David Cunningham are supplemented by the critical bibliography prepared by Timothy Shipe which documents the past decade of Dada scholarship and in so doing provides a valuable resource for all those engaged in Dada studies today

Domesticity Under Siege Mark Taylor, Georgina Downey, Terry Meade, 2022-12-15 Theories of the domestic stemming from the 19th century have focused on the home as a refuge and place of repose for the family a nurturing environment for children and a safe place for visitors Under this conception domestic space is positioned as nurturing and private a refuge and place of retreat which gave rise to theories of home as haven While arguably some social conditions might suggest this is the case *Domesticity Under Siege* exposes a different world one in which the boundaries of nurturing domesticity collide with both outside and inside agents Whether these agents are external military forces psychological trauma or familial violence they re position meta narratives of domesticity not through identity politics or specialized subgroup experience but relative to the actions of the world around an inhabited domain That is when home is constituted as a private realm a place where individuals or groups can reside in safety and comfort it is argued as a place in which the individual exercises control or power However there are many occasions when forces act upon the home and threaten aspects of safety and comfort often through such things as ruination violence mortality and infestation Organised around four thematic sections Microbes Animals and Insects Human Agents Wars and Disasters as Agents and Hauntings Eeriness and the Uncanny chapters provide a range of approaches to the home which challenge notions of haven and reflect major causes that have played an important role in undermining the modern home Examples and case studies explore the domestic screen hoarding hauntings violence and imprisonment in the home wartime interior art the Hanover Merzbau and Wolfgang Staudte's 1946 film *Die Mörder sind unter uns* The Murderers are Among Us

Kurt Schwitters Megan R. Luke, 2014-02-14 German artist Kurt Schwitters 1887 1948 is best known for his pioneering work in fusing collage and abstraction the two most transformative innovations of twentieth century art Considered the father of installation art Schwitters was also a theorist a Dadaist and a writer whose influence extends from Robert Rauschenberg and Eva Hesse to Thomas Hirschhorn But while his early experiments in collage and installation from the interwar period have garnered much critical acclaim his later work has generally been ignored In the first book to fill this gap Megan R Luke tells the fascinating even moving story of the work produced by the aging isolated artist under the Nazi regime and during his years in exile Combining new biographical material with archival research Luke surveys Schwitters s experiments in shaping space and the development of his Merzbau describing his haphazard studios in Scandinavia and the United Kingdom and the smaller quieter pieces he created there She makes a case for the enormous relevance of Schwitters

s aesthetic concerns to contemporary artists arguing that his later work provides a guide to new narratives about modernism in the visual arts These pieces she shows were born of artistic exchange and shaped by his rootless life after exile and they offer a new way of thinking about the history of art that privileges itinerancy over identity and the critical power of humorous inversion over unambiguous communication Packed with images Kurt Schwitters completes the narrative of an artist who remains a considerable force today

The Frame and the Mirror Thomas P. Brockelman,2001 If the postmodern is a collage as some critics have suggested or if collage is itself a kernel of the postmodern what does this mean for our way of understanding the world The Frame and the Mirror uses this question to probe the distinctive character of the postmodern situation and the philosophical problem of representation Brockelman s work is itself a collage of sorts using juxtapositions of critics and art historical figures to conduct a debate between such figures as Karsten Harries Gianni Vattimo Rosalind Krauss Immanuel Kant Jean Francois Lyotard Slavoj Žižek and Le Corbusier about issues such as truth in art perspectivism theatricality the sublime psychoanalytic theory politics and urbanism More than an introduction to the postmodern The Frame and the Mirror advances our understanding of the contemporary world by relating its features to the peculiar characteristics of collage Ultimately Brockelman shows how collage demands that we reinterpret modernity conceiving of it as suspended between a loss of certainty and a new kind of knowledge about the human condition In doing so his work challenges many of the claims made in the name of postmodernism and offers in their place a new and ironic view of the cultural space in which contemporary and historical events occur

Nell Walden, Der Sturm, and the Collaborative Cultures of Modern Art Jessica Sjöholm Skrubbe,2021-12-30 Based on hitherto overlooked archival material this book reveals Nell Walden s significant impact on the Sturm organisation through a feminist reading of supportive labour that highlights the centrality of collaborative work within the modern art world This book introduces Walden as an ardent collector of modern and indigenous art and critically contextualises her own art production in relation to expressionist concepts of art and to gendered ideas on abstraction and decoration Visual analyses highlight how she collaborated with professional and experimental women photographers during the Weimar era and how the circulation of these photographs served as a means to intervene in the public sphere of culture in interwar Germany Finally the book provides an analysis of Walden s continuing work for Der Sturm after her voluntary

exile from Germany to Switzerland in 1933 and highlights the importance of women's supportive labour for the canonisation and institutionalisation of modern art in museums and archives. The book will be of interest to scholars working in art history, visual studies and gender studies.
