Savage Persuasion:

Savage Persuasion Cassie Edwards, 1991 The award winning Savage series is set on the untamed frontier where rugged warriors share tantalizingly sensual adventures with young and innocent heroines Lovely Brietta is captured by a Cherokee brave whose dark smoldering eyes urge her to surrender But Brave Eagle isn't the only Indian laying claim to her **Late Bloomer** Melissa Pritchard, 2007-12-18 Prudence True Parker teaches a course called Advanced Personal Journey at a community college in Arizona but her own personal journey is not really advancing She's divorced debt ridden and starting to feel desperate when she meets Digby Deeds alias Mildred Crowley the author of the wildly successful Savage Passion romance series at her local library When the dying Deeds offers Prudence the final forty plots of his popular series her financial needs trump her literary aspirations and she accepts To her astonishment her own life soon begins to outpace Passion's fevered tales and she finds herself in the midst of a plot involving psychics a sexy young Comanche lover Native American activists medicine men and even a few wolves Quick witted and laugh out loud funny Late Bloomer follows Prue on her madcap journey as she finds her real life surpassing the wildest flights of her imagination **The Fixation of Belief and Its Undoing** Isaac Levi, 1991-10-25 Isaac Levi's new book is concerned with how one can justify changing one's beliefs The discussion is deeply informed by the belief doubt model advocated by C S Peirce and John Dewey of which the book provides a substantial analysis Professor Levi then addresses the conceptual framework of potential changes available to an inquirer A structural approach to propositional attitudes is proposed which rejects the conventional view that a propositional attitude involves a relation between an agent and either a linguistic entity or some other intentional object such as a proposition or set of possible worlds The last two chapters offer an account of change in states of full belief understood as changes in commitments rather than changes in performance one chapter deals with adding new information to a belief state the other with giving up information The book builds upon topics discussed in some of Levi's earlier work It will be of particular interest to discussion theorists epistemologists philosophers of science computer scientists and cognitive psychologists *Spells of Coming Day* Jeff Bagato, 2010-01-26 Summoning iconic outlaws and rebels such as Johnny Appleseed Casanova and Bonnie and Clyde the poems in this collection seek to alter and turn back the mass mediated tendency to find the great awakening in a car nirvana in a hamburger a genie in a tube of toothpaste The poems direct this discontent with the real world not into another call for action or mere complaint but into a performance that enacts the very change it seeks This is the point where poems become rituals of countercultural resistance played out in prayers and offerings to mother ocean and the White Goddess or as magic spells to actualize the Ancient Egyptian's coming day a new dawn that awaits the weary traveler through the long night of the dead The long poem that leads the volume Thus Glad for Nightmares uses a scatological fantasy to playfully criticize the manufacturing of the American dystopia The generous selection of shorter works that follow continues the silly serious satire in conceits that involve Geronimo as a drag king
