Alexander Stone, 1927 **Sex in Religion** Eliza Gamble, 2019-01-09 As the conception of a deity originated in sex or in the creative agencies female and male which animate Nature we may reasonably expect to find in the history of the development of the two sex principles and in the notions entertained concerning them throughout past ages a tolerably correct account of the growth of the god idea We shall perceive that during an earlier age of human existence not only were the reproductive powers throughout Nature and especially in human beings and in animals venerated as the Creator but we shall find also that the prevailing ideas relative to the importance of either sex in the office of reproduction decided the sex of this universal creative force We shall observe also that the ideas of a god have always corresponded with the current opinions regarding the importance of either sex in human society In other words so long as female power and influence were in the ascendancy the creative force was regarded as embodying the principles of the female nature later however when woman s power waned and the supremacy of man was gained the god idea began gradually to assume the male characters and attributes **Sex**

Was God's Idea Dean Robertson, 2023-01-18 Heretic a person who differs in opinion from established religious dogma Well this is clearly a convincing look at a subject that differs in opinion from established religious dogma Lust marriage sex prostitution concubines a wondering eye sin fornication church history and other previously lustful taboo topics are bravely and carefully exposed in the light of Bible passages This timely work is a scriptural look at long held Christian doctrine that makes good sense It will stretch your mind and may well bring peace to other wise troubled and tormented souls It is backed point by point by considerable scriptures without stretching it and it may well leave you saying I have always suspected that The author lays out clear repeated biblical evidence after clear repeated biblical evidence that the Christian world has rarely had the courage to look at and still not throw the baby out with the bath water on this topic Dive into this well presented book and you may well be the recipient of the author s desire to set men and women free from guilt and bondage concerning sex and marriage Father Bernard Hemmingsworth retired World Wide Anglican Communion 2 *The Story of Phallicism*

The Concept of Woman Prudence Allen,1997-05-22

This pioneering study by Sister Prudence Allen traces the concept of woman in relation to man in more than seventy philosophers from ancient and medieval traditions The fruit of ten years work this study uncovers four general categories of questions asked by philosophers for two thousand years These are the categories of opposites of generation of wisdom and of virtue Sister Prudence Allen traces several recurring strands of sexual and gender identity within this period Ultimately she shows the paradoxical influence of Aristotle on the question of woman and on a philosophical understanding of sexual

Sex, Family, and the Culture Wars Mark J. Cherry,2017-07-05 Extraordinary social and moral shifts have taken place in Western societies Sex is no longer the exclusive province of husband and wife set within monogamous married family life The world is awash in sex advertising books magazines movies sex clubs internet pornography etc Parents traditionally responsible for guiding their children s moral and social development have been effectively side lined by commercial and governmental interests This volume pursues a detailed study of how changes in social life dating from the sexual revolution of the 1960s have affected the family Cherry shows that attempts to redefine the family away from the marital union of husband and wife come with real costs social emotional psychological and financial He argues that while political campaigns have fuelled attempts to undermine the traditional family to pretend it possesses no basic biological social or moral reality such ideologically driven undertakings are injurious to society Acting as if there are no consequential differences between traditional marriage and other sexual lifestyles ignores significant data demonstrating the importance of the traditional biological family to the well being of men and women and the successful raising of children The family possesses a biological and moral being that is foundational an essential building block of society Cherry argues that the family is the most incontrovertible field of conflict in the culture wars others might conclude that it is the decisive

News ,1897 **Virgins, Harlots and Sex** David Chesney,2011-02-14 AN Earthy Look At Christianity Many biblical terms have a consistent symbolic significance from Genesis to Revelation eg nudity light and darkness virgins harlots Nudity occurs in three of the most significant events in the whole Bible and in every case it is best understood symbolically This book demonstrates that symbolism is so powerful it can for example change the status of Isaiah s virgin birth prophecy from an absurdity to an astonishing fulfilment of prophecy Harlots described in the book as God s warning lights also figure very

prominently in the biblical coverage of both Jews and Christians Another key theme is to show that the raw seed concepts of the Hebrew Bible evolve so neatly into the Christian New Testament viewpoint over a 1000 years that readers may conclude uninspired biblical script writers could not have organized it Here are some quotes from the book that introduce intriguing and or provocative new trains of thought 1 If you think linking sex with religious experience is a bit rich then you need to do some more Bible study 2 Indulgence in adultery is the most obvious of the sins proscribed in the Ten Commandments that could trace directly to hormonal influences 3 Should we be joining Haters Anonymous Schadenfreude Anonymous or Egotists Anonymous in order to qualify for a better land and to actually enjoy it 4 Some of our excretory functions are less than ideal for a brand new earth the creator team could have done better by us if they wanted to 5 It is tacitly assumed God did not conduct experiments in His creation efforts No need to He knows the end from the beginning But Other challenging insights emerge in connection with Lot s use of his daughters as sex sops the possible symbolic significance of the Mosaic decree to cut off a lady s hand if she squeezed testicles the massaging of data in St Matthew s genealogies a religious uncertainty principle and the reason God doesn t do something to stop the frightful things happening in the world This is not a book built on hype and emotion It makes extensive use of scholarly sources but has a light hearted journalistic approach and is easy to read In exploring the spiritual import of sexual issues in nature and revelation it offers fresh perspectives on the bitter creation evolution debate the gross and genocidal behavior of the chosen people the currently unacceptable biblical restrictions on human sexual behavior and the decidedly low key role of women in organized religion Innovative succinct engaging thought provoking and sometimes shocking
