deeds Satan is real but so is God God's word has all the truth and power we need to set us free from the influence of sin and Satan Satan will use the events of our personal lives to convince us that lies are true He is very convincing He will lie to us about God about ourselves about the gospel and about all of life He roots his lies in enough truth to make them very believable Discerning them is not always easy Satan is very crafty shrewd and subtle God's word and Spirit are able to give us all that we need to take each sinful thought captive Further God supplies the truth that must replace Satan's lies God's truth is the foundation for a holy life God's truth is the pure substance we need to replace the roots of our sinful practices

Huntington, 2021-10-29 The history of the ultraconservative movement its national network and its influence on Republican Party politics Donald Trump shocked the nation in 2016 by winning the

presidency through an ultraconservative anti immigrant platform but despite the electoral surprise Trump s far right views were not an aberration nor even a recent phenomenon In Far Right Vanguard John Huntington shows how for almost a century the far right has forced so called respectable conservatives to grapple with their concerns thereby intensifying right wing thought and forecasting the trajectory of American politics Ultraconservatives of the twentieth century were the vanguard of modern conservatism as it exists in the Republican Party of today Far Right Vanguard chronicles the history of the ultraconservative movement its national network its influence on Republican Party politics and its centrality to America s rightward turn during the second half of the twentieth century Often marginalized as outliers the far right grew out of the same ideological seedbed that nourished mainstream conservatism Ultraconservatives were true reactionaries dissenters seeking to peel back the advance of the liberal state hoping to turn one of the major parties if not a third party into a bastion of true conservatism In the process ultraconservatives left a deep imprint upon the cultural and philosophical bedrock of American politics Far right leaders built their movement through grassroots institutions like the John Birch Society and Christian Crusade each one a critical node in the ultraconservative network a point of convergence for activists politicians and businessmen This vibrant interconnected web formed the movement s connective tissue and pushed far right ideas into the political mainstream Conspiracy theories nativism white supremacy and radical libertarianism permeated far right organizations producing an uncompromising mindset and a hyper partisanship that consumed conservatism and eventually the Republican Party Ultimately the far right s politics of dissent against racial progress federal power and political moderation laid the groundwork for the aggrieved vitriolic conservatism of the twenty first century
