## **Sexes And Genealogies:**

**Sexes and Genealogies** Luce Irigaray, 1993 Irigaray covers major issues in religion the law psychoanalysis and literature such as the continued neglect by psychoanalysts of the sexual and gender dimensions of therapy the urgency of female divinity for contemporary feminist movements and a reconsideration of women's relation to the market economy Sexes and Genealogies also includes Irigaray's dazzling reading of the Oresteia Body Against Body In Relation to the Mother now acknowledged as a feminist classic

**Rewriting Difference** Elena Tzelepis, Athena Athanasiou, 2012-02-01 In this definitive reader prominent scholars reflect on how Luce Irigaray reads the classic discourse of Western metaphysics and also how she is read within and against this discourse Her return to the Greeks through strategies of deconstructing demythifying reconstructing and remythifying is not a nostalgic return to the ideality of Hellenocentric antiquity but rather an affirmatively critical revisiting of this ideality Her persistent return and affective bond to ancient Greek logos mythos and tragedy sheds light on some of the most complex epistemological issues in contemporary theory such as the workings of criticism the language of politics and the politics of language the possibility of social and symbolic transformation the multiple mediations between metropolitan and postcolonial contexts of theory and practice the question of the other and the function of the feminine in Western metaphysics With a foreword by Gayatri Chakravorty Spivak and a chapter by Irigaray responding to her commentators this book is an essential text for those in social theory comparative literature or classics

**Contemporary Literary and Cultural Theory** Michael Groden, Martin Kreiswirth, Imre Szeman, 2012-10-05 Contemporary Literary and Cultural Theory The Johns Hopkins Guide is a clear accessible and detailed overview of the most important thinkers and topics in the field Written by specialists from across disciplines its entries cover contemporary theory from Adorno to i ek providing an informative and reliable introduction to a vast challenging area of inquiry Materials include newly commissioned articles along with essays drawn from The Johns Hopkins Guide to Literary Theory and Criticism known as the definitive resource for students and scholars of literary theory and for philosophical reflection on literature and culture

**From Sex Objects to Sexual Subjects** Claudia Moscovici, 2020-11-25 From Sex Objects to Sexual Subjects traces some of the ruptures and continuities between the eighteenth century masculinist formulations of subjectivity elaborated by Rousseau Diderot and Kant and the contemporary postmodern and feminist critiques of the universal subject meaning the self viewed as an abstract individual who exercises an impartial and rational political judgment that is identical to other similarly defined individuals developed by Luce Irigaray Francois Lyotard Jacques Derrida Jurgen Habermas Nancy Fraser Judith Butler and Michel Foucault In her work Moscovici brings together the wide ranging discussion of subjectivity with debates about public discourse In so doing she attempts a synthesis between the two discussions that have recently engaged feminist theorists and others

**Luce Irigaray** Luce Irigaray, Mary Green, 2008-11-18 Luce Irigaray is one of the world's most important and influential contemporary theorists and this book presents a collection of essays exploring the full range

of her work from an international team of academics in many different fields      **Dancing in the Wild Spaces of Love** James H. Olthuis, 2022-06-08 In the twenty first century amid globalized violence rising demagogues and the climate emergency contemporary philosophers and theologians have begun to debate a fundamental question Is our reality the result of the overflowing ever present creativity of Love or the symptom of a traumatic rupture at the heart of all things Drawing on decades of research in postmodern philosophy and experience as a psychotherapist James H Olthuis wades into this discussion to propose a radical ontology of Love without metaphysics In dialogue with philosophers like John D Caputo Slavoj i ek Luce Irigaray and others Olthuis explores issues from divine sovereignty and the problem of evil to trauma and social ethics Experience in therapeutic work informs these investigations rooting them in journeys with individuals on the path to healing Olthuis makes the bold claim that while trauma pain and suffering are significant parts of our human lives nevertheless Love is with us to the very end Creation is a gift that comes with a call to make something of it ourselves a risky task we must take on with the promise that Love will win We are all dancing in the wild spaces of Love ex amore cum amore ad amorem      Conversations Luce Irigaray, Stephen Pluhá?ek, 2008-11-08 An important collection of interviews in which Luce Irigaray discusses the full range of her work and ideas with leading academics in the fields of Continental Philosophy Feminist Theory and Critical Theory      Imagining Motherhood in Contemporary Irish and Caribbean Literature Abigail L. Palko, 2016-07-25 Imagining Motherhood in Contemporary Irish and Caribbean Literature undertakes a comparative transnational reading to develop more expansive literary models of good mothering Abigail L Palko argues that Irish and Caribbean literary representations of non normative mothering practices do not reflect transgressive or dangerous mothering but are rather cultural negotiations of the definition of a good mother This original book demonstrates the sustained commitment to countering the dominant ideologies of maternal self sacrifice foundational to both Irish and Caribbean nationalist rhetoric offering instead the possibility of integrating maternal agency into an effective model of female citizenship      Differences Emily Parker, Anne M. Van Leeuwen, 2018 Simone de Beauvoir and Luce Irigaray famously insisted on their philosophical differences and this mutual insistence has largely guided the reception of their thought What does it mean to return to Simone de Beauvoir and Luce Irigaray in light of questions and problems of contemporary feminism including intersectional and queer criticisms of their projects How should we now take up amplify and surpass the horizons opened by their projects Seeking answers to these questions the essays in this volume return to Beauvoir and Irigaray to find what the two philosophers share And as the authors make clear the richness of Beauvoir and Irigaray s thought far exceeds the reductive parameters of the Eurocentric bourgeois second wave debates that have constrained interpretation of their work The first section of this volume places Beauvoir and Irigaray in critical dialogue exploring the place of the material and the corporeal in Beauvoir s thought and in doing so reading Beauvoir in a framework that goes beyond a theory of gender and the humanism of phenomenology The essays in the second section of the volume take up the challenge of articulating

points of dialogue between the two focal philosophers in logic ethics and politics Combined these essays resituate Beauvoir and Irigaray s work both historically and in light of contemporary demands breaking new ground in feminist philosophy

**Empowering the Feminine** Eleanor Rose Ty,Professor Department of English Eleanor Ty,1998-01-01 That focus invests these attributes with new meaning making supposed female weaknesses potentially active forces for social change

**Engaging with Irigaray** Carolyn Burke,Naomi Schor,Margaret Whitford,1994 The authors of these essays including Judith Butler Elizabeth Weed and Rosi Braidotti shed new light on the relationship of Irigaray to many of the philosophers she has romanced from Aristotle to Deleuze

**Oedipus Lex** Peter Goodrich,1995-01-01 Oedipus Lex offers an original and evocative reading of legal history and institutional practice in the light of psychoanalysis and aesthetics Through the exploration of examples from sixteenth and seventeenth century common law Peter Goodrich exposes the social dimensions of the unconscious of law

**Feminist Philosophy of Religion** Pamela Sue Anderson,Beverley Clack,2004 Feminist Philosophy of Religion Critical Readings brings together key new writings in this growing field

**Reading Art, Reading Irigaray** Hilary Robinson,2006-10-31 By examining the work of women artists in light of Irigaray s thought this work reveals the implications of her work for the relationships between gender subjectivity language and art

**The Perils of the One** Stathis Gourgouris,2019-07-30 From the earliest times societies have been seduced by the temptation of unitary thinking Recognizing the vulnerability of existence people and cultures privilege regimes that confer authority on a single entity a sovereign ruler a transcendental deity or an Event which they embrace with unquestioned devotion Such obsessions precipitate contempt for the worldliness of real bodies in real time and refusal of responsibility and agency In The Perils of the One Stathis Gourgouris offers a philosophical anthropology that confronts the legacy of monarchical thinking the desire to subjugate oneself to unitary principles and structures whether political moral theological or secular In wide ranging essays that are at once poetic and polemical intellectual and passionate Gourgouris reads across politics and theology literary and art criticism psychoanalysis and feminism in a critique of both political theology and the metaphysics of secularism He engages with a range of figures from the Apostle Paul and Trinitarian theologians to La Bo tie Schmitt and Freud to contemporary thinkers such as Clastres Said Castoriadis i ek Butler and Irigaray At once a broad perspective on human history and a detailed examination of our present moment The Perils of the One offers glimpses of what a counterpolitics of autonomy would look like from anarchic subjectivities that refuse external ideals resist the allure of command and obedience and embrace otherness

**Women and the Divine** G. Howie,2016-04-30 This collection explores the question of whether it is possible to re concieve the catagory of trancendence from a feminist perspective The contributors use the concept of transcendence to approach questions relating to the body desire and subjectivity while offering a response to secular relativism
