encourages readers to cultivate erotic intelligence and reconcile the need for what's safe and predictable with the wish to pursue what's exciting mysterious and awe inspiring We are born sensuous we become erotic To cultivate the erotic is also to engage with sexuality as a quality of aliveness and vitality that extend beyond a mere repertoire of sexual techniques We learn to play be curious engage with our imagination anticipate Erotic intelligence is our ability to bring novelty to the enduring mystery to the familiar and surprise to the known Sexual intelligence is useful in different ways at different times of our life in our 20s in exploring the sexual world in our 30s in bonding with a partner and establishing a sexual rhythm in our 40s in tolerating and adapting to change in our 50s in saying goodbye to youthful sex in our 60s and beyond in creating a new sexual style Now that's really smart
