Sexual Harassment Women Speak Out:

#MeToo The New York Times Editorial Staff, 2018-07-15 It started with an article and grew into a movement MeToo was born in the wake of a Pulitzer prize winning New York Times investigative report on producer Harvey Weinstein's habitual sexual harassment of young women The hashtag empowered women around the world to share their stories of sexual assault and abuse Corporations responded by firing dozens of accused CEOs media moguls and movie stars and politicians responded by sponsoring legislation against sexual harassment This collection of articles tracks the movement from its start It looks at the international response and inevitable criticism as well as the future of the movement *African American Women Speak Out on Anita Hill-Clarence Thomas* Geneva Smitherman, 1995 An essential voice has been added to the ongoing national debate and public discourse on race class and gender African American Women Speak Out on Anita Hill Clarence Thomas is the first commentary on the Anita Hill Clarence Thomas confrontation written exclusively by African American women Margaret Walker Alexander Angela Y Davis Darlene Clark Hine Harriette McAdoo Julianne Malveaux and other scholars and writers offer reflections and in depth analyses on one of the most wrenching public dramas in recent history Diverse and interdisciplinary in scope the contributions clarify the significance of the event and examine the broader ramifications for the African American community and the nation *Sexual Harassment* Linda LeMoncheck, Mane Hajdin, 2000-01-01 The question of what constitutes sexual harassment from suggestive remarks to outright threats from off color jokes to lewd posters on office walls is contentious as is the question of how to address sexual harassment Do all instances of sexual harassment constitute sex discrimination Are some instances merely sexual attraction gone wrong Do social policies aimed at eliminating sexual harassment in the workplace violate freedom of expression or do they make working relationships possible between women and men In this uncompromising yet respectful debate two philosophers of widely divergent views present clear arguments and then respond directly to each other's reasoning LeMoncheck argues for a feminist perspective on sexual harassment that is sensitive to the politics of gender Hajdin contends that this perspective is both morally confusing and legally problematic and that sexual harassment can be better addressed by traditional moral and legal categories
