Sexual Life In Ottoman Society:

Sexual Life in Ottoman Society Sema Nilgün Erdoğan, 1996 The mysterious sex life of Ottoman society has remained a taboo subject until recent years and even now it is not fully unveiled Beyond the facade of conventional relations the sexual life of the Ottoman was surprisingly rich and colorful This book reveals the sex lives of the Ottomans men and women with photos and color illustrations and essays and poetry of the time An enlightening and amusing read **Forbidden Desire in Early Modern Europe** Noel Malcolm, 2024 *Forbidden Desire* is a pioneering study of the history of male male sex in the whole of Early Modern Europe including the European colonies and the Ottoman world **The Homoerotics of Orientalism** Joseph A. Boone, 2014-03-18 The place of the Middle East in European heterosexual fantasy is well documented in the works of Edward Said and others yet few have considered the male Anglo European and later American writers artists travelers and thinkers compelled to represent what to their eyes seemed to be an abundance of erotic relations between men in the Islamic world Whether feared or desired the mere possibility of sexual contact with or between men in the Middle East has covertly underwritten much of the appeal and practice of the enterprise of Orientalism frequently repeating yet just as often upending its assumed meanings Traces of this undertow abound in European and Middle Eastern fiction diaries travel literature erotica ethnography painting photography film and digital media Joseph Allen Boone explores these vast representations linking European art to Middle Eastern sources largely unfamiliar to Western audiences and in some cases reproduced in this volume for the first time The War on Sex Chad Denton, 2014-11-19 From earliest times sex has fascinated and repulsed society in equal measure In an effort to untangle Western society's complex relationship with the realities of sex this provocative volume explores the ways in which governments religious leaders and cultures in Europe tried to regulate sex and sexuality throughout history From the sacred texts of ancient Israel to the slums of 19th century Britain this book explores political legal and cultural controls on consensual sex and the individuals and movements that resisted them Topics range from prostitution and homosexuality to marriage contraception and abortion While traditional narrative holds that Europe alternated between sexual freedom and oppression through the Victorian age this work reveals that the real story of how sex was regulated and how people defied regulation is not so clear cut *Sex and Sexuality in Europe, 1100-1750* Andrew Mansfield, 2023-10-02 Transcending the traditional categories of medieval and early modern to analyse pan European attitudes and behaviours *Sex and Sexuality in Europe 1100 1750* provides students with a grounding in the history of sexuality by supplying both a detailed analysis of the existing historiographical debates but also analysis of the primary sources such as autobiographies and contemporary literature Offering an accessible overview that places sex and sexuality within the historical context of the time period it creates a deeper understanding of connections and differences across Europe An interdisciplinary work it draws on cultural social religious philosophical literary economic and scientific ideas while incorporating theory from within the field to broaden perspective of the history of sexuality Challenging

the separation of the medieval and early modern periods this volume highlights a great deal of continuity between 1100 and 1750 across Europe with change occurring more notably towards the eighteenth century Key interventions on the role of the passions the imagination the two worlds motif and subordination are made across the work Moreover it questions the belief that the Middle Ages was one of sexual repression and highlights a second world in which sex was a natural even celebrated part of life and engages with the belief that the eighteenth century saw a sexual revolution This book is essential reading for students scholars and the general public interested in the history of sexuality **Licentious Worlds** Julie

Peakman,2019-10-15 *Licentious Worlds* is a history of sexual attitudes and behavior through five hundred years of empire building around the world In a graphic and sometimes unsettling account Julie Peakman examines colonization and the imperial experience of women as well as marginalized men showing how women were not only involved in the building of empires but how they were also almost invariably exploited Women acted as negotiators brothel keepers traders and peace keepers but they were also forced into marriages and raped The book describes women in Turkish harems Mughal zenanas and Japanese geisha houses as well as in royal palaces and private households and onboard ships Their stories are drawn from many sources from captains logs missionary reports and cannibals memoirs to travelers letters traders accounts and reports on prostitutes From debauched clerics and hog bugging Pilgrims to sexually confused cannibals and sodomizing samurai *Licentious Worlds* takes history into its darkest corners *The Politics of Reproduction in Ottoman Society, 1838-1900* Gülhan Balsoy,2015-10-06 Epidemics migration and territorial losses led to population decline in early nineteenth century Turkey In response Ottoman elites began a programme of population growth Balsoy uses previously untapped archival sources to examine these developments arguing that these changes caused reproduction to become a political experience *Producing Desire* Dror Ze'evi,2006-10-16 This highly original book brings into focus the sexual discourses

manifest in a wealth of little studied source material medical texts legal documents religious literature dream interpretation manuals shadow theater and travelogues in a nuanced wide ranging and powerfully analytic exploration of Ottoman sexual thought and practices from the heyday of the Ottoman Empire in the sixteenth century to the beginning of the twentieth Following on the work of Foucault Gagnon Laqueur and others the premise of the book is that people shape their ideas of what is permissible define boundaries of right and wrong and imagine their sexual worlds through the set of discourses available to them Dror Ze'evi finds that while some of these discourses were restrictive and others more permissive all treated sex in its many manifestations as a natural human pursuit And he further argues that all these discourses were transformed and finally silenced in the last century leaving very little to inform Middle Eastern societies in sexual matters With its innovative approach toward the history of sexuality in the Middle East *Producing Desire* sheds new light on the history of the Ottoman Empire on the history of sexuality and gender and on the Islamic Middle East today **Prostitution in the Eastern Mediterranean World** Gary Leiser,2016-12-21 This groundbreaking book challenges many stereotypical

views about the historical practice of prostitution Based on twenty years research and organized by region it charts the history of sex for sale in those chief centres of the late antique and medieval East whether in Arabia Egypt Syria or Anatolia Ranging extensively from 300 CE to 1500 or from the reign of Theodosius to the early Ottoman period Gary Leiser meticulously examines the available sources and argues for a reappraisal of the so called oldest profession He suggests that it was never prohibited that there was remarkable continuity between Christian and Muslim rule and that prostitution was institutionalized as a service industry at various times Indicating that sex work in the East had its own distinctive character and meanings for example that it was taxed from the time of Caligula onwards and that prostitutes were expected to retain tax receipts the book brings continually fresh insights to a controversial subject Travellers in Ottoman Lands II Ines Asceric-Todd,Aid Smajić,Janet Starkey,Paul Starkey,2024-11-28 This volume has a special focus on the Ottoman Balkans and Anatolia as seen and described by travellers from both within and outside the region 26 papers shed valuable light on the topics of Christian Muslim and East West relations and the transition from the Ottoman Empire to successor nation states in the 19th and early 20th centuries **Women in the Ottoman Empire** Madeline Zilfi,2023-08-07 This collection of articles by 14 Middle East historians is a pathbreaking work in the history of Middle Eastern women prior to the contemporary era The collection seeks to begin the task of reconstructing the history of Muslim women s experience in the middle centuries of the Ottoman era between the mid seventeenth century and the early nineteenth prior to hegemonic European involvement in the region and prior to the modernizing reforms inaugurated by the Ottoman regime **The Mexican Mahjar** Camila Pastor,2017-12-06 This prize winning study of Levantine migration to Mexico brings a new and revelatory light to the subject Christina Civantos author of Between Argentines and Arabs In the late nineteenth and early twentieth centuries migration from the Middle East brought hundreds of thousands of people to the Americas After a pause during World War I this intense mobility resumed in the 1920s and continued through the 1940s under the French Mandate A significant number of these migrants settled in Mexico building transnational lives The Mexican Mahjar provides the first global history of Middle Eastern migrations to Mexico Making unprecedented use of French colonial archives and historical ethnography Camila Pastor examines how French control over Syria and Lebanon affected the migrants This study explores issues of class race and gender through the decades of increased immigration to Mexico looking at narratives created by the migrants themselves Pastor sheds new light on the creation of transnational networks at the intersection of Arab French and Mexican colonial modernisms Revealing how migrants experienced mobility as conquest diaspora exile or pilgrimage The Mexican Mahjar tracks global history on an intimate scale Winner of the 2018 Khayrallah Prize in Migration Studies **A Social History of Sexual Relations in Iran** Willem M. Floor,2008 Preface 1 Marriage in Iran a family affair 2 Temporary marriage a formal affair 3 Prostitution an extra marital affair 4 Homosexual relations a common affair 5 Venereal diseases in Iran a public affair Afterword Bibliography Index Figures **Daily Life in the Ottoman Empire** Mehrdad Kia,2011-08-17 This

book provides a general overview of the daily life in a vast empire which contained numerous ethnic linguistic and religious communities The Ottoman Empire was an Islamic imperial monarchy that existed for over 600 years At the height of its power in the 16th and 17th centuries it encompassed three continents and served as the core of global interactions between the east and the west And while the Empire was defeated after World War I and dissolved in 1920 the far reaching effects and influences of the Ottoman Empire are still clearly visible in today s world cultures Daily Life in the Ottoman Empire allows readers to gain critical insight into the pluralistic social and cultural history of an empire that ruled a vast region extending from Budapest in Hungary to Mecca in Arabia Each chapter presents an in depth analysis of a particular aspect of daily life in the Ottoman Empire

Harem: The World Behind the Veil (25th Anniversary Edition) Alev Lytle Croutier,2013-09-03 A fascinating illustrated history of one of the strangest and cruelest cultural institutions ever devised A worldwide best seller translated into twenty five languages I was born in a konak old house which once was the harem of a pasha writes Alev Lytle Croutier People around me often whispered things about harems my own grandmother and her sister had been brought up in one Drawing on a host of firsthand accounts and memoirs as well as her own family history Croutier explores life in the world s harems from the Middle Ages to the early

twentieth century focusing on the fabled Seraglio of Topkapi Palace as a paradigm for them all We enter the slave markets and the lavish boudoirs of the sultanas we witness the daily routines of the odalisques and of the eunuchs who guarded the harem Here too we learn of the labyrinthine political scheming among the sultan's wives his favorites and the valide sultana the sultan's mother whose power could eclipse that of the sultan himself There were the harems of the sultans and the pashas but there were also middle class harems the households in which ordinary men and women lived out ordinary albeit polygamous lives Croutier reveals their marital customs child rearing practices and superstitions Finally she shows how this Eastern institution invaded the European imagination in the form of decoration costume and art and how Western ideas in turn finally eroded a system that had seemed eternal Juxtaposing a rich array of illustrations Western paintings Turkish and Persian miniatures family photographs and even film stills Croutier demystifies the Western erotic fantasy of the world behind the veil This revised and updated 25th anniversary edition of Harem includes a new introduction by the author revisiting her subject in light of recent events in Turkey and the world

Warped: Gay Normality and Queer Anti-Capitalism
Peter Drucker, 2015-02-04

Recent victories for LGBT rights especially the spread of same sex marriage have gone faster than most people imagined possible Yet the accompanying rise of gay normality has been disconcerting for activists with radical sympathies Global in scope and drawing on a wide range of feminist anti racist and queer scholarship and analysis *Warped Gay Normality and Queer Anti Capitalism* shows how the successive same sex formations of the past century and a half corresponding to different phases of capitalist development have led both to the emergence of today's homonormativity and homonationalism and to ongoing queer resistance The book's second half summarises different sexual rebellions and the queer dimension of multifarious movements for social justice and transformation seeing in them harbingers of a unified and powerful queer anti capitalism
