Sexual Neurasthenia

Cynthia Russett

Sexual Neurasthenia:

The Sexual Life of Our Time in Its Relations to Modern Civilization Iwan Bloch, 2023-08-11 Reproduction of the original
A Practical treatise on sexual disorders of the male and female Robert William Taylor, 1897
The American Journal of Urology and Sexology Henry G. Spooner, 1911
A Practical treatise on the causes, symptoms, and treatment of sexual impotence and other sexual disorders in men and women William Josephus Robinson, 1913

Psychopathia sexualis: With especial reference to contrary sexual instinct R. von Krafft-Ebing, 2021-11-05 In *Psychopathia sexualis* With especial reference to contrary sexual instinct by R von Krafft Ebing the author delves into the exploration of sexual deviancy and abnormal sexual behaviors with a particular focus on contrary sexual instincts Written in a clinical and objective style the book provides a detailed analysis of various psychological and physiological manifestations of sexual disorders Krafft Ebing's work reflects the emerging field of sexology in the late 19th century and remains a significant contribution to the understanding of human sexuality in a medical context The book contains case studies medical terminology and historical references making it a valuable resource for scholars and researchers interested in the study of sexual psychology and behavior R von Krafft Ebing a pioneering psychiatrist and sexologist drew inspiration from his clinical experience and research to write *Psychopathia sexualis* His background in medicine and psychology enabled him to approach the topic with both scientific rigor and empathy shaping the narrative of the book Krafft Ebing's expertise in the field of sexual pathology and his commitment to destigmatizing sexual disorders are evident in the text establishing him as a notable figure in the history of sexology For readers interested in the history of psychology human sexuality and the medicalization of sexual behaviors *Psychopathia sexualis* by R von Krafft Ebing is a must read This seminal work offers a profound insight into the complexities of sexual deviations and provides a foundation for further studies in the field of sexology [The sexual life of woman in its physiological, pathological and hygienic aspects](#) E. Heinrich Kisch, 2021-11-05 E Heinrich Kisch's seminal work *The Sexual Life of Woman in Its Physiological Pathological and Hygienic Aspects* delves into the multifaceted dimensions of female sexuality examining it through a scientific lens Kisch employs a clinical and descriptive literary style integrating detailed anatomical and physiological observations with insights into the psychological and social factors influencing women's sexual health The book is situated within the context of late 19th century medical discourse challenging prevailing norms and misconceptions around female sexuality by advocating for a more informed and compassionate understanding of women's bodies and experiences Kisch an esteemed physician and sexologist brings a wealth of knowledge and experience to this critical subject His commitment to destigmatizing female sexuality reflects broader shifts in the medical community during his time influenced by the burgeoning fields of sexual education and feminist health advocacy Drawing from personal observations and case studies Kisch's perspectives pave the way for viewing women's health with a balance of empathy and scientific inquiry Recommended for scholars medical professionals and anyone intrigued by the

evolution of sexual health discourse Kisch's work is a vital resource It not only enriches our understanding of women's sexual health but also serves as a thought provoking catalyst for discussions around gender sexuality and society Sex Knowledge for Men William Josephus Robinson,1916 Sexual Science Cynthia Russett,1991-03-01 One scarcely knows whether to laugh or cry The spectacle presented in Cynthia Russett's splendid book of nineteenth century white male scientists and thinkers earnestly trying to prove women inferior to men thereby providing along with savages and idiots an evolutionary buffer between men and animals is by turns appalling amusing and saddening Surveying the work of real scientists as well as the products of more dubious minds Russett has produced a learned yet immensely enjoyable chapter in the annals of human folly At the turn of the century science was successfully challenging the social authority of religion scientists wielded a power no other group commanded Unfortunately as Russett demonstrates in Victorian sexual science empiricism tangled with prior belief and scientists delineation of the mental and physical differences between men and women was directed to show how and why women were inferior to men These men were not necessarily misogynists This was an unsettling time when the social order was threatened by wars fierce economic competition racial and industrial conflict and the failure of society to ameliorate poverty vice crime illnesses Just when men needed the psychic lift an adoring dependent woman could give she was demanding the vote higher education and the opportunity to become a wage earner No other work has treated this provocative topic so completely nor have the various scientific theories used to marshal evidence of women's inferiority been so thoroughly delineated and debunked Erudite enough for scholars in the history of science intellectual history and the history of women this book with its stylish presentation will also attract a large nonspecialist audience The Sexual Life of Our Time in Its Relations to Modern Civilization Ivan Bloch,2021-04-22 The author's aim in writing this book was to write a complete Encyclop dia on the sexual sciences and it will probably be acknowledged by all who study its pages that the author has accomplished his intention in a very scholarly manner and in such form as to be of great value to the professions for whom this translation is intended The subject is no doubt one which appeals to and affects the interests of all adult persons but the publishers have after very serious and careful consideration come to the conclusion that the sale of the English translation of the book shall be limited to members of the legal and medical professions To both these professions it is essential that a knowledge of the science of Sex and the various causes for the existence of abnormals should be ascertained so that they may be guided in the future in their investigations into and the practice of attempts to mitigate the evil which undoubtedly exists and to bring about a more healthy class of beings It is the first time that the subject has been so carefully and fully gone into in the English language and it is believed that the very exhaustive examination which the author has made into the matter and the various cases to which he has called attention will be of considerable use to the medical practitioner and also to the lawyer in criminal and quasi criminal matters and probably in matrimonial disputes and cases of insanity

Sexual Neurasthenia [nervous Exhaustion] George Miller Beard,1884 Brain ,1894 Aimed at researchers and

clinicians this journal of neurology balances studies in neurological science with practical clinical articles The Sexual Life of Our Time in Its Relations to Modern Civilization; In Two Volumes Iwan Bloch, 2025-09-01 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **The Hahnemannian Monthly**, 1912 Top 10 Homoeopathic Remedies for 499 Common Disorders Altaf Hussain Shaikh, 2005-12 Sexual neurasthenia nervous exhaustion George Miller Beard, 1884 **Sexuality in China** Howard Chiang, 2018-06-15 What was sex like in China from imperial times through the post Mao era The answer depends of course on who was having sex where they were located in time and place and what kind of familial social and political structures they participated in This collection offers a variety of perspectives by addressing diverse topics such as polygamy pornography free love eugenics sexology crimes of passion homosexuality intersexuality transsexuality masculine anxiety sex work and HIV AIDS Following a loose chronological sequence the chapters examine revealing historical moments in which human desire and power dynamics came into play Collectively the contributors undertake a necessary historiographic intervention by reconsidering Western categorizations and exploring Chinese understandings of sexuality and erotic orientation **Freud and the History of Psychoanalysis** Toby Gelfand, John Kerr, 2013-05-13 The recent upsurge of fresh historical research concerning the early years of psychoanalysis has left many professional readers struggling to keep abreast of the latest findings and more than a little perplexed as to what it all adds up to Freud and the History of Psychoanalysis addresses this state of affairs by providing in a single volume original essays by fourteen leading historians of psychoanalysis and philosophers of science it is the most impressive collection of contemporary Freud scholarship yet to appear in print The contributions span virtually the entirety of Freud's career from his coming of professional age in Charcot's Paris to his clandestine rendezvous in the Harz Mountains with members of The Committee more than 30 years later The collection also encompasses a host of conceptual issues ranging from Freud's theory of dream formation to the impact of his conflicting masculine and feminine identifications on his attitude toward treatment Beyond providing an invaluable overview of Freud's life and times the volume will challenge readers to deeper reflection on a host of critical episodes and issues that have shaped the special character of the psychoanalytic endeavor Indispensable as a reference work Freud and the History of Psychoanalysis constitutes a rewarding and accessible introduction to rigorous historical research It will be prized by all who care deeply about the past and future of psychoanalytic theory A Genealogy of Appetite in the Sexual Sciences Jacinthe Flore, 2020-03-11 This book offers a genealogy of the medicalisation of sexual appetite in Europe and the United States from the nineteenth to twenty first century Histories of sexuality have predominantly focused on the emergence of sexual identities and categories of desire They have marginalised questions of excess and lack the appearance of a libido that dwindles or intensifies which became a pathological object in Europe by the nineteenth century Through a genealogical approach that draws on the writings of

Michel Foucault *A Genealogy of Appetite in the Sexual Sciences* examines key moments in the pathologisation of sexuality and demonstrates how medical techniques assumed critical roles in shaping modern understandings of the problem of appetite. It examines how techniques of the patient case history, elixirs and devices, measurement, diagnostic manuals and pharmaceuticals were central to the medicalisation of sexual appetite. Jacinthe Flore argues that these techniques are significant for understanding how a concern with how much has transformed medical knowledge of sexuality since the nineteenth century. The questions of how much, how often and how intense thus require a genealogical investigation that pays attention to the emergence of medical techniques, the transformation of forms of knowledge and their effects on the problematisations of sexual appetite.

Tiresian Poetics Ed Madden, 2008. Blind seer, articulate dead and mythic transsexual: the figure of Tiresias has always represented a liminal identity and forms of knowledge associated with the crossing of epistemological and ontological boundaries. In twentieth-century literature, the boundaries crossed and embodied by Tiresias are primarily sexual, and the liminal and usually prophetic knowledge associated with Tiresias is based in sexual difference and sexual pleasure. Indeed, in literature of the twentieth century, Tiresias has come to function as a cultural shorthand for queer sexualities. This book argues for the emergence of a Tiresian poetics at the end of the nineteenth century. As Victorian and modernist writers reimagined Ovid's tale of sex change and sexual judgment, they also created a poetics that grounded artistic or performative power in figures of sexual difference, most often a feminized, often homosexual male body, which this study links to the developing discourses of homosexuality and sexual identity.

BOOK JACKET *American Journal of Urology*, 1905

As recognized, adventure as without difficulty as experience roughly lesson, amusement, as skillfully as accord can be gotten by just checking out a books **Sexual Neurasthenia** as a consequence it is not directly done, you could admit even more concerning this life, going on for the world.

We pay for you this proper as with ease as simple exaggeration to get those all. We give Sexual Neurasthenia and numerous book collections from fictions to scientific research in any way. in the midst of them is this Sexual Neurasthenia that can be your partner.
