Sexual Archetypes East And West:

Sexual Archetypes, East and West Bina Gupta,1987 **Sexual Archetypes** Bina Gupta,1987 Sexual Archetypes Dorian Ashwood,AI,2025-05-05 Sexual Archetypes explores the captivating world of recurring characters in erotic literature and art revealing their profound psychological impact It delves into figures like the Dominant Submissive Innocent and Seductress demonstrating how these archetypes mirror our unconscious desires and societal power dynamics By tracing their evolution from ancient myths to modern pornography the book highlights how shifting social attitudes shape these characters portrayals One intriguing fact is how these archetypes often dismissed as clichés are deeply embedded in the human psyche representing fundamental aspects of our emotional and sexual experiences This unique study uses Jungian psychology to analyze erotic texts offering a fresh perspective on underlying psychological dynamics The book progresses by first introducing key concepts from psychology literary analysis and gender studies then examining specific sexual archetypes and finally exploring their practical implications on relationships and sexual identity Sexual Archetypes aims to help readers understand their own desires navigate relationships and critically engage with erotic media **The Way of the Beloved** Robert Arsdale,Diana Van Arsdale,2016-11-18 The foundation of the Way of the Beloved is discovered in the heart of love itself where there lives and moves a will to exaltation of the other To truly love another is to will the spiritual ideal upon that beloved one When there is a mutual intention to exalt infusing the daily life of a man and woman they enter into the Way of the Beloved This handbook is an attempt to put into book form what authors Robert and Diana Van Arsdale have been teaching to small groups of couples since 1976 Their workshops offer an ageless set of protocols for the transformation of the love relationship between a woman and a man into a path of spiritual development Here they present an integrated body of progressive experiential exercises and meditations that were taught originally taught by Herman Rednick Simply stated The Way of the Beloved teaches a couple how to actualize the potential of their relationship through the intensification of love and compassion Designed for couples in search of spiritual and emotional exploration this guide offers methods intended to help them realize a vision of love fulfilled *Human Sexuality* Vern L. Bullough,Bonnie Bullough,2014-01-14 First Published in 1994 The purpose of an encyclopedia is to gather in one place information that otherwise would be difficult to find Bring together a collection of articles that are authoritative and reflect a variety of viewpoints The contributors come from a wide range of disciplines from nursing to medicine from biology to history and include sociologists psychologists anthropologists political scientists literary specialists academics and non academics clinicians and teachers researchers and generalists Handbook of Sexology John Money,M. E. Perry,Herman Musaph,1990 Good science is dispassionate impartial Sexology the scientific study of sex has difficulty in being dispassionate and impartial in our times Sex is simultaneously the driver of so many of our thoughts emotions and actions and the generator of so much fear hysteria and anxiety Philosophy East & West ,1990 Being, Relation, and the Re-worlding of Intentionality Jim

Ruddy,2016-06-24 In this book Jim Ruddy has proceeded deep into the hub center of Husserl's transcendental subjectivity and unearthed an utterly new phenomenological method A vast originaive a priori science emerges for the reader Ruddy presents a unique and powerful eidetic science wherein the object consciousness of Husserl is suddenly shown to point beyond itself to the ultimate theme of the pure subject consciousness of God as He is in Himself Thus the book opens up an endlessly new unrestricted realm of objective material for phenomenology to exfoliate and describe This is an important work for both general phenomenologists and for scholars of Husserl Aquinas and Edith Stein *A Midsummer Night's Dream:*

Shakespeare's Syzygy of Meaning , Constructing the Sexual Crucible David M Schnarch,1991-03-05 This book challenges the fundamental paradigms in sexual marital therapies and provides a fresh look at the nature of intimacy and the diverse barriers to eroticism in many marriages By integrating individual sexual and marital therapies this study attempts to provide a fresh look at the nature of intimacy and the diverse barriers to eroticism in marriage The author refutes the common focus on sexual technique calling instead for an emphasis on sexual potential Human Sexuality Pocs,Ollie Pocs,1994

Women and Spirituality Ursula King,1993-07-21 Taking a critical look at feminism and exploring its explicit and implicit spiritual dimensions this revised and updated new edition of Women and Spirituality engages in a reflective dialogue with contemporary women's voices It asks to what extent patriarchal oppression and androcentric thinking are inherent not only in Christianity but in all religious beliefs practices and institutions This is the only book which provides a comprehensive survey of current discussions in feminist theology and spirituality and offers a wide ranging account of women and world religions and raising thought provoking questions about the spiritual dimensions of human life **The Multivalence of**

Biblical Texts and Theological Meanings Christine Helmer,2006 *Readings in Contemporary Sexuality* John P.

Elia,Albert J. Angelo,2000 **Kabbalah and Eros** Moshe Idel,2005-01-01 In this book the world's foremost scholar of Kabbalah explores the understanding of erotic love in Jewish mystical thought Encompassing Jewish mystical literatures from those of late antiquity to works of Polish Hasidism Moshe Idel highlights the diversity of Kabbalistic views on eros and distinguishes between the major forms of eroticism The author traces the main developments of a religious formula that reflects the union between a masculine divine attribute and a feminine divine attribute and he asks why such an erotic formula was incorporated into the Jewish prayer book Idel shows how Kabbalistic literature was influenced not only by rabbinic literature but also by Greek thought that helped introduce a wider understanding of eros Addressing topics ranging from cosmic eros and androgyneity to the affinity between C J Jung and Kabbalah to feminist thought Idel's deeply learned study will be of consuming interest to scholars of religion Judaism and feminism **Language, Eros, Being** Elliot R.

Wolfson,2009-08-25 This long awaited magisterial study an unparalleled blend of philosophy poetry and philology draws on theories of sexuality phenomenology comparative religion philological writings on Kabbalah Russian formalism Wittgenstein Rosenzweig William Blake and the very physics of the time space continuum to establish what will surely be a highwater

mark in work on Kabbalah Not only a study of texts Language Eros Being is perhaps the fullest confrontation of the body in Jewish studies if not in religious studies as a whole Elliot R Wolfson explores the complex gender symbolism that permeates Kabbalistic literature Focusing on the nexus of asceticism and eroticism he seeks to define the role of symbolic and poetically charged language in the erotically configured visionary imagination of the medieval Kabbalists He demonstrates that the traditional Kabbalistic view of gender was a monolithic and androcentric one in which the feminine was conceived as being derived from the masculine He does not shrink from the negative implications of this doctrine but seeks to make an honest acknowledgment of it as the first step toward the redemption of an ancient wisdom Comparisons with other mystical traditions including those in Christianity Buddhism and Islam are a remarkable feature throughout the book They will make it important well beyond Jewish studies indeed a must for historians of comparative religion in particular of comparative mysticism Praise for Elliot R Wolfson Through a Speculum That Shines is an important and provocative contribution to the study of Jewish mysticism by one of the major scholars now working in this field Speculum Sex, Ecology, Spirituality Ken Wilber,2001-01-02 Hailed as one of the most significant books ever published this work of far reaching vision is a comprehensive exploration of the evolution of human consciousness In this tour de force of scholarship and vision Ken Wilber traces the course of evolution from matter to life to mind and describes the common patterns that evolution takes in all three of these domains From the emergence of mind he traces the evolution of human consciousness through its major stages of growth and development Wilber particularly focuses on modernity and postmodernity what they mean how they impact gender issues psychotherapy ecological concerns and various liberation movements and how the modern and postmodern world conceive of Spirit This second edition features forty pages of new material new diagrams and extensively revised notes

the days of Sabbath the Jewish Holidays or in the eschatological era Her special dignity is sometime related to Her being the telos of creation and as the first entity that emerged in the divine thought which has been later on generated In some cases an uroboric theosophy links the Female Malkhut directly to the first divine power Keter The author points to the possible impact of some of the Kabbalistic discussions on conceptualizations of the feminine in the Renaissance period Human Sexuality 93/94 Ollie Pocs,1993
