Sexual Faces:

Oxford Handbook of Face Perception Andy Calder, Gillian Rhodes, Mark Johnson, Jim Haxby, 2011-07-28 The human face is unique among social stimuli in conveying such a variety of different characteristics A person's identity sex race age emotional state focus of attention facial speech patterns and attractiveness are all detected and interpreted with relative ease from the face Humans also display a surprising degree of consistency in the extent to which personality traits such as trustworthiness and likeability are attributed to faces In the past thirty years face perception has become an area of major interest within psychology with a rapidly expanding research base Yet until now there has been no comprehensive reference work bringing together this ever growing body of research The Oxford Handbook of Face Perception is the most comprehensive and commanding review of the field ever published It looks at the functional and neural mechanisms underlying the perception representation and interpretation of facial characteristics such as identity expression eye gaze attractiveness personality and race It examines the development of these processes their neural correlates in both human and non human primates congenital and acquired disorders resulting from their breakdown and the theoretical and computational frameworks for their underlying mechanisms With chapters by an international team of leading authorities from the brain sciences the book is a landmark publication on face perception For anyone looking for the definitive text on this burgeoning field this is the essential book

The Sexual Alarm System Judith Leavitt, 2012-06-07 The Sexual Alarm System explores the mental shield that develops around many women's bodies to protect them from real and perceived sexual intrusions and dangers Leavitt discusses how the Alarm functions how it develops what triggers it and how it interferes with a woman's ability to be sexual in an intimate partnership

Sex Signs Judith Bennett, 1990-01-15 A unique marriage of astrology psychology and female sexuality Sex Signs offers extraordinary tools for taking charge of one's life A practical guide to improved self understanding fulfillment and successful relationships

In Your Face David Perrett, 2017-09-16 In our daily lives in our memories and fantasies our mental worlds overflow with faces But what do we really know about this most remarkable feature of the human body Why do we have faces at all and brains that are good at reading them What do our looks say and not say about our personalities And perhaps the most compelling question of all Why are we attracted to some faces more than others In Your Face is an engaging and authoritative tour of the science of facial beauty and face perception David Perrett the pre eminent scholar in the field reveals and interprets the most remarkable findings and in the process demolishes many popular myths setting the record straight on what neuroscience and evolutionary psychology are teaching us about beauty The record is more surprising and often more unsettling than you might think

Evolutionary Perspectives on Human Sexual Psychology and Behavior Viviana A. Weekes-Shackelford, Todd K. Shackelford, 2014-07-08 This volume in the Springer Series in Evolutionary Psychology presents a state of the art view of the topic of sexuality and sexual behavior drawing on theoretical constructs and research of noted individuals in the field Comprehensive and multi

disciplinary this book seeks to provide a broad overview without sacrificing the complexity of a multi faceted approach The book is framed by introductory and closing sections that provide a context for the range of ideas contained within Ample space is provided in designated sections that focus on key areas of sexuality from both male and female perspectives and that include information from primate studies This volume can serve as a graduate text in sexual behavior in evolutionary terms and as a guide for further research

The Oxford Handbook of Sexual Conflict in Humans Todd K. Shackelford, Aaron T. Goetz, 2012-01-04 Sexual conflict what happens when the reproductive interests of males and females diverge occurs in all sexually reproducing species including humans The Oxford Handbook of Sexual Conflict in Humans is the first volume to assemble the latest theoretical and empirical work on sexual conflict in humans from the leading scholars in the fields of evolutionary psychology and anthropology Following an introductory section that outlines theory and research on sexual conflict in humans and non humans ensuing sections discuss human sexual conflict and its manifestations before and during mating Chapters in these sections address a range of factors topics and factors including Sexual coercion jealousy and partner violence and killing The ovulatory cycle female orgasm and sperm competition Chemical warfare between ejaculates and female reproductive tracts Chapters in the next section address issues of sexual conflict after the birth of a child These chapters address sexual conflict as a function of the local sex ratio men s functional if unconscious concern with paternal resemblance to a child men s reluctance to pay child support and mate expulsion as a tactic to end a relationship The handbook s concluding section includes a chapter that considers the impact of sexual conflict on a grander scale notably on cultural political and religious systems Addressing sexual conflict at its molecular and macroscopic levels The Oxford Handbook of Sexual Conflict in Humans is a fascinating resource for the study of intersexual behavior

Encyclopedia of the Mind Harold Pashler, 2013-01-14 It s hard to conceive of a topic of more broad and personal interest than the study of the mind In addition to its traditional investigation by the disciplines of psychology psychiatry and neuroscience the mind has also been a focus of study in the fields of philosophy economics anthropology linguistics computer science molecular biology education and literature In all these approaches there is an almost universal fascination with how the mind works and how it affects our lives and our behavior Studies of the mind and brain have crossed many exciting thresholds in recent years and the study of mind now represents a thoroughly cross disciplinary effort Researchers from a wide range of disciplines seek answers to such questions as What is mind How does it operate What is consciousness This encyclopedia brings together scholars from the entire range of mind related academic disciplines from across the arts and humanities social sciences life sciences and computer science and engineering to explore the multidimensional nature of the human mind

Sensation and Perception John Harris, 2014-04-01 Sensation and Perception covers in detail the perceptual processes related to vision and hearing taste and smell touch and pain as well as the vestibular and proprioceptive systems Individual chapters cover separate topics including the fast developing areas of perception of emotions and attractiveness and recognition of faces plus

newer topics not seen regularly in other textbooks for example changes in perception throughout the lifespan and pathologies of perception Key features Chapters begin with summaries of key topics and questions to aid learning Includes key points spotlights on research and Thinking about Research sections designed to encourage students to design their own studies Chapters close with Test Yourself questions a review of key terms and annotated further readings A Companion Website offers additional resources for lecturers and students available on publication at www.sagepub.co.uk/harris

Primate Sexuality Alan F. Dixson, 2012-01-26 Primate Sexuality provides a synthesis of current research on the evolution and physiological control of sexual behaviour in the primates prosimians monkeys apes and human beings This new edition has been updated and greatly expanded throughout to incorporate a decade of new research findings *The Science of Social Vision: The Science of Social Vision* Reginald B. Adams, 2011 The human visual system is particularly attuned to and remarkably efficient at processing social cues This text examines the functional and neuroanatomical mechanisms which underpin social vision

Foundations in Social Neuroscience John T. Cacioppo, 2002 A comprehensive survey of the growing field of social neuroscience Sexual Selection and the Origins of Human Mating Systems Alan F.

Dixson, 2009-05-15 Comparative analyses of the anatomy reproductive physiology and behaviour of extant primates and other mammals can offer important insights into the origins of human sexual behaviour allowing us to reconstruct the origins of human mating systems the evolution of sexual attractiveness patterns of mate choice and copulatory behaviour Sexual Selection and the Origins of Human Mating Systems provides a modern synthesis of research on the evolution of human mating systems bringing together work on reproductive physiology behavioural biology anthropology primatology palaeontology evolutionary psychology and sexological research The approach taken is genuinely cross disciplinary in scope and provides a fascinating account of the effects of sexual selection upon human evolution in the light of the latest advances in the field

Affect in Social Thinking and Behavior Joseph P. Forgas, 2012-12-06 The role of affect in how people think and behave in social situations has been a source of fascination to laymen and philosophers since time immemorial Surprisingly most of what we know about the role of feelings in social thinking and behavior has been discovered only during the last two decades Affect in Social Thinking and Behavior reviews and integrates the most recent research and theories on this exciting topic and features original contributions reviewing key areas of affect research from leading researchers active in the area The book covers fundamental issues such as the nature and relationship between affect and cognition as well as chapters that deal with the cognitive antecedents of emotion and the consequences of affect for social cognition and behavior This volume offers a highly integrated and comprehensive coverage of this field and is suitable as a core textbook in advanced courses dealing with the role of affect in social cognition and behavior

Human Sexuality and its Problems John Bancroft, 2008-12-29 Prepared by one of the world's leading authorities Human Sexuality and its Problems remains the foremost comprehensive reference in the field Now available in a larger format this classic volume continues to address the

neurophysiological psychological and socio cultural aspects of human sexuality and how they interact Fully updated throughout the new edition places a greater emphasis on theory and its role in sex research and draws on the latest global research to review the clinical management of problematic sexuality providing clear practical guidelines for clinical intervention Clearly written this highly accessible volume now includes a new chapter on the role of theory and separate chapters on sexual differentiation and gender identity development transgender and gender non conformity and HIV AIDS and other sexually transmitted diseases Human Sexuality and its Problems fills a gap in the literature for academics interested in human sexuality from an interdisciplinary perspective as well as health professionals involved in the management of sexual problems Long awaited new edition of the definitive reference text on human sexuality Addresses the neurophysiological psychological and socio cultural aspects of human sexuality and how they interact Examines the normal sexual experience and covers the various ways in which sex can be problematic including dysfunctional out of control high risk and illegal sexual behaviour Reviews the clinical management of problematic sexuality and provides clear practical guidelines for clinical intervention Presents a broad cross disciplinary perspective of the subject area making the book suitable for all professionals involved in the field Presents a more theoretical approach to the study of human sexuality reflecting recent changes in research Includes a section on brain imaging to demonstrate the latest research findings in sexual arousal and to compare and contrast individuals with normal and low levels of sexual desire Discusses the use of sex as a mood regulator and the importance of current research in this area Discusses the impact on the internet on the modern sexual world Explores the relevance of transgender and gender non conformity Contains a chapter on HIV and AIDS and other sexually transmitted infections Chapter on therapy fully updated to reflect the movement towards integration of psychological and pharmacological approaches to management Explores the complex relationships between anger sexual arousal and sexual violence
