**The Resettlement of Sex Offenders after Custody** David Thompson, Terry Thomas, 2017-07-14 Sexual offending is a very contemporary issue and not least following news of historical cases of well known people and of localised grooming for

sexual exploitation e.g. the Rotherham case. The rehabilitation of all offenders from prison is currently undergoing a transformation initiated by the coalition government. The position of the voluntary sector in that transformation, alongside the public probation service and private sector, is still being discussed. Voluntary work has taken on a new significance in the age of austerity and the so-called Big Society, even though that term has recently fallen into some disuse. Circles of Support and Accountability challenge the prevailing negative public protection agenda which just seeks to constrain offenders and offers a more positive way of working with sex offenders.
