Mitchell, 2016-12-01 Amid the ongoing national conversation regarding campus sexual assault this book thoughtfully explores existing programmatic interventions while wrestling with fundamental questions regarding the cultural shifts in our nation's higher education institutions Stressing the critical importance of student inclusion in policy decisions and procedures scholars and experts provide complex and nuanced analyses of institutional practices while exploring themes of race sexuality and sexual freedom This volume addresses many of the unanswered questions in the present dialogue on campus sexual violence including What's working and not working How can outcomes be assessed or measured What resources are needed to ensure success This volume provides a truly fresh contribution for higher education and student affairs practitioners seeking to alter design or implement effective sexual assault prevention resources at their universities and colleges

Sexual Assault on the College Campus

Martin D. Schwartz, Walter DeKeseredy, 1997-01-02 For many students coeducational college campus life is marred by traumatic experiences of sexual assault While there are many social determinants of rape and attempted rape this work examines the pivotal role of male peer support in legitimizing the sexual assault of women The authors use extensive prior studies together with their own investigations including a national representative study and local campus victimization surveys carried out in the United States and Canada

Sexual Violence on Campus Chris Linder, 2024-12-09 The first edition of this book received widespread praise for providing clear and accessible examples of problems with current practices along with recommendations for improving practice Those examples have been enhanced in the second edition of this text

Intersections of Identity and Sexual Violence on Campus Jessica C. Harris, Chris Linder, 2023-07-03 While sexual violence has been present and prevalent on campus for decades the work of recent college student activists has made it an issue of major societal and institutional concern This book makes an important contribution to and provides a foundation for better contextualizing and understanding sexual violence Each chapter in this edited volume focuses on populations that are not often centered in the discourse of campus sexual violence and accounts for individuals intersecting identities and how they interlock with larger systems of domination Challenging dominant ideologies concerning assumptions of white women as the only victims survivors the racialization of aggressors and the deleterious rape myths present in both research and practice this book draws attention to the complexities of sexual violence on the college campus by highlighting populations that are frequently invisible in research reporting and practice The book places sexual violence on campus in a historical context centering the experiences of populations relegated to the margins and highlighting the relationship between racism classism homophobia transphobia and other forms of domination to sexual violence The final chapters of the book explore how critical models of intervention and prevention and a critical analysis of existing institutional policies may be implemented across college campuses to better address sexual violence for multiple populations and identities in higher

education This book will expand educators understanding of sexual violence to inform more effective policies procedures practice and research that reaches beyond preventing sexual violence and addresses the dominant systems from which sexual violence stems in an attempt to eradicate not just prevent the act and the issue *The Hunting Ground* Kirby Dick, Amy Ziering, 2016-05-17 The debate over sexual violence on campus is reaching fever pitch from headlines about out of control fraternities to the mattress protests by female students at Columbia University and other colleges The Hunting Ground the new documentary by award winning filmmakers Kirby Dick and Amy Ziering has taken this debate to a new level becoming a galvanizing catalyst for discussion at the hundreds of campuses where the documentary is being screened each month The film has sparked calls for legislation by Governor Andrew M Cuomo of New York and other prominent public figures and sparked a backlash from university administrators fraternities and conservative groups Now in a new companion volume to the film all those concerned about the rape culture on campus will be offered an inside perspective on the controversy as well as reactions to the film from a range of leading writers and guidance on how to learn more and get active As in the film it s the gripping personal stories told by female students and the obstinate refusal of college administrators and law enforcement authorities to recognize the severity of the problem that will rivet readers **Sexual Violence on Campus** U S Senate Subcommittee on Financial &, 2015-01-16 At the request of Chairman Claire McCaskill this report assesses how colleges and universities report investigate and adjudicate sexual violence The report is based on a survey of 440 four year institutions of higher education which includes a national sample and separate samples of the nation s largest public and private institutions It also draws on interviews with stakeholders and three roundtable discussions held by the Subcommittee on Financial and Contracting Oversight in 2014 The survey results showed that many institutions are failing to comply with the law and best practices in how they handle sexual violence among students These problems affect nearly every stage of the institutions responses to sexual violence Lack of Knowledge About the Scope of the Problem According to the most recent report conducted by the Department of Justice less than 5% of rape victims attending college report their attack to law enforcement Experts agree that annual climate surveys confidential student surveys regarding behaviors that constitute or are associated with sexual assault are one of the best ways to get an accurate portrait of sexual assault issues on a campus However only 16% of the institutions in the Subcommittee s national sample conduct climate surveys Failure to Encourage Reporting of Sexual Violence Many policies and procedures have been shown to improve reporting of sexual violence on college campuses These include allowing reports to be made via a hotline or website designating an official who can receive reports and permitting survivor reports to be kept confidentially However only 51% of institutions in the national sample provide a hotline to survivors and only 44% of institutions in the national sample provide the option to report sexual assaults online Approximately 8% of institutions still do not allow confidential reporting Lack of Adequate Sexual Assault Training More than 20% of institutions in the national sample provide no sexual assault response training at all for members of their

faculty and staff More than 30% of schools do not provide any sexual assault training for students Reported Sexual Violence Goes Uninvestigated Federal law requires every institution that knows or reasonably should have known about sexual violence to conduct an investigation to determine what occurred More than 40% of schools in the national sample have not conducted a single investigation in the past five years More than 20% of the nation's largest private institutions conducted fewer investigations than the number of incidents they reported to the Department of Education with some institutions reporting as many as seven times more incidents of sexual violence than they have investigated Lack of Adequate Services for Survivors Sexual violence survivors may need a variety of services such as academic and residential accommodations to enable them to continue their education after the assault While most schools reported using a team approach to respond to sexual assaults their approach often does not include representatives of services that could help the survivor For example only 25% of institutions that use a team approach incorporate the local prosecutor's office And though more than 90% of institutions state that sexual assault survivors have access to community victim assistance advocacy programs only 51% of schools reported incorporating those services into their team approach Most institutions also fail to provide access to a Sexual Assault Nurse Examiner SANE a specially trained nurse who can provide medical and other services to survivors of sexual assault

Sexual Assault on Campus Tamara Rice Lave, 2022-07-07 Fair adjudication of campus sexual assault is one of the most divisive issues facing the United States Victims contend that schools aren't doing enough to protect them and accused students complain that they are presumed guilty Sexual Assault on Campus Defending Due Process begins by critically assessing the extent of the problem before explaining why the criminal justice system has been unable to respond adequately The book discusses the Department of Education's attempts to force schools to take campus assault seriously and uses original data in assessing the fairness of adjudication in the wake of the 2011 Dear Colleague Letter It also includes excerpts from interviews with complainants accused students and administrators which offer readers a first hand account of these proceedings Finally the book provides a critical in depth look at the Title IX regulations put in place by the Trump Administration with detailed recommendations for how they can be improved

Karjane, 2005 *Rape Culture on Campus* Meredith Minister, 2018-09-15 Rape Culture on Campus explores how existing responses to sexual violence on college and university campuses fail to address religious and cultural dynamics that make rape appear normal dynamics imbedded in social expectations around race class gender sexuality and disability Rather than dealing with these complex dynamics responses to sexual violence on college campuses focus on implementing changes in one time workshops As an alternative to quick solutions this book argues that long term classroom interventions are necessary in order to understand religious and cultural complexities and effectively respond to this crisis Written for educators administrators activists and students Rape Culture on Campus provides an accessible cultural studies approach to rape culture that complements existing social science approaches an intersectional and interdisciplinary analysis of rape culture and offers practical classroom based interventions **The Crisis of Campus Sexual Violence** Sara Carrigan Wooten, Roland W. Mitchell, 2015-08-11 Although awareness of campus sexual assault is at a historic high institutional responses to incidents of sexual violence remain widely varied In this volume a diverse mix of expert contributors provide a critical nuanced and timely examination of some of the factors that inhibit effective prevention and response in higher education Chapter authors take on one of the most troubling aspects of higher education today bridging theory and practice to offer programmatic interventions and solutions to help institutions address their own competing interests and institutional culture to improve their practices and policies with regard to sexual violence The Crisis of Campus Sexual Violence provides higher education scholars administrators and practitioners with a necessary and more holistic understanding of the challenges that colleges and universities face in implementing adequate and effective sexual assault prevention and response practices *On the Wrong Side* Nicole Bedera, 2024-10-08 This explosive investigation reveals the profound failures of the Title IX system and identifies concrete surprisingly simple steps we can take to protect students The debate over campus sexual violence is more heated than ever but hardly anyone knows what actually happens inside Title IX offices On the Wrong Side provides the first comprehensive account of the inner workings of the secretive Title IX system Drawing on a yearlong study of survivors perpetrators and the administrators who oversaw their cases sociologist Nicole Bedera exposes the structures that predictably punish survivors who come forward in the service of protecting or even rewarding their perpetrators In doing so she reveals that the system tasked with ending gender inequality on campus only intensifies it upending survivors lives and threatening the degrees that brought them to college in the first place Equally heartbreaking and optimistic On the Wrong Side makes it easy to imagine life changing interventions for the next generation of students by proposing specific solutions to the structural problems of Title IX Bedera proves that ending campus sexual violence is within our grasp and dares us to be courageous enough to take action *Violence on Campus* Allan Michael Hoffman, John H.

Schuh, Robert H. Fenske, 1998 This unique book addresses violence on campus and its impact on America's colleges and universities from a practical management perspective Each chapter builds on a theoretical base to provide guidance strategies and a multidisciplinary approach to successfully dealing with this growing issue Nearly 400 pages Violence on Campus is a unique blend of in depth research and actual case studies of programs that have been employed to reduce on campus violent crime If you're like most people you're being asked to handle more than ever before But chances are you're being asked to do it with the same or even fewer resources Violence on Campus Defining the Problems Strategies for Action is a vital tool to help you do your job better
