Sexuality And Aging:

Sexuality and Aging Jennifer Hillman, 2012-03-27 Despite continuing ageist beliefs that sexuality is a privilege designed only for the young and physically healthy research continues to indicate that the majority of older adults maintain interest in sexuality and may engage in fulfilling sexual behavior well into their last decade of life Unfortunately many professionals remain unaware of general knowledge of elderly sexuality including the expected and normal physiological changes that can occur within the context of both male and female aging The presence of chronic illness and other medical problems certainly can influence the expression of an aging adult's sexuality and emergent research suggests that there are effective ways to cope with menopause heart disease arthritis incontinence diabetes sleep disorders breast cancer prostate cancer and erectile dysfunction ED among others Dramatic changes have taken place within the last decade alone in terms of non surgical treatment for incontinence and ED with forms of sex therapy biofeedback and PDE 5 inhibitors Regrettably many aging adults and their care providers remain unaware of their increased risk factors for STDs including HIV infection via lack of knowledge changes in the vaginal lining and typical declines in immune function Estimates suggest that by the year 2020 more than half of all individuals living with HIV will be over the age of 50 Although some high quality professional books are available for clinicians they tend to be disjointed research bibliographies edited volumes on a narrowly focused aspect of elderly sexuality or texts that are more than 10 years old With the extent of new information available regarding sexuality and aging an up to date empirically based text is necessary

Sexuality in Later Life Lesley Hoyt Croft, 1982 *Aging and Male Sexuality* Raul C. Schiavi, 1999-06-17 Awareness of the importance of sexuality and its disorders in the aging population is increasing as the proportion of older people increases Based in part on the author's clinical experience and research at Mount Sinai Medical Center in New York this book presents an up to date overview of the sexuality of aging men in health and illness within a multidimensional conceptual framework It takes into account physiological psychological interpersonal and social influences The book also discusses the impact of medical illness psychopathology and drugs with a review of coping strategies in shaping individual sexual responses to aging and disease The author incorporates many case studies and vignettes and devotes a chapter to the sexuality of older gay men A balanced account of medical and psychosocial evaluation and treatment concludes the book which will be of broad interest to clinicians and students interested in sexuality and aging

Sexuality & Ageing Walter Pierre Bouman, Peggy J. Kleinplatz, 2017-10-02 Across the globe both in developed and developing countries the population is rapidly ageing In the fields of sexual and relationship therapy and sexual health ageing has not been an issue of priority Too often ageing is thought of as a process that relates to problems deficits and taboos and less to pleasure change growth and diversity It is treated as a separate life stage and not a process throughout the lifecycle Sexuality and sexual health are important parts of the lives of older people as they have a significant impact on quality of life psychological well being and physical health as well as social and family life This book brings together

contributions from those currently writing on and researching ageing as it relates in a therapeutic context to gender identity to sex and sexuality and to intimate relationships This book was originally published as a special issue of Sexual and Relationship Therapy *Sexuality and Aging* George F. Wharton,1981 *Sexuality, Sexual Health And Ageing* Gott, Merry,2004-12-01 This is the first book to integrate theoretical insights into sexuality sexual health and ageing with research findings from studies conducted with older people and the professionals that work with them It will be of interest to students researchers practitioner and policymakers working within gerontology sociology psychology social work nursing and medicine *My Parents Never Had Sex* Doris B. Hammond,1987 No Marketing Blurb *Sexuality in the Later Years* Ruth B. Weg,2013-09-24 *Sexuality in the Later Years Roles and Behavior* pulls together evidence from the anthropological psychological social and physiological disciplines and represents an effort to present a coherent picture of sexual roles and behavior in the later years This work does not pretend to answer all questions that could be raised concerning sexuality and aging but attempts rather to concentrate on issues that have been relatively neglected primarily options potentials and possibilities for the individualization and humanization of sex roles and sexual behavior of older persons The book is organized into five parts Part I examines concepts of sexuality in the later years including cultural attitudes and behaviors towards sexuality psychological and sociological perspectives and a life span model of sex role development Part II on life styles deals with the impact of aging on the sexuality of those who are unmarried in later life the relationship between interpersonal intimacy and adaptation to stress throughout adult life and the range of sexual orientations in the later years along with their incidence their contributions to social adaptation and the particular constraints surrounding them Part III discusses issues in research and therapy while Part IV considers views of sexuality and aging in other countries namely Canada and Sweden Part V inquires into the problems associated with transitions in the later part of the life cycle of love

Sexuality and Aging ,1978 **Sexuality and the Elderly** Bonnie L. Walker,1997-05-12 This literature review was undertaken in order to determine what caregivers needed to know about elderly sexuality to determine the needs of elderly people related to their sexuality and to determine how caregivers could best assist them in meeting those needs In selecting materials to be annotated for this book the first priority was given to empirical studies Also included were articles by prominent practitioners and researchers interested in elderly sexuality literature reviews and books written for the lay population which are often cited in the professional literature In addition to seeking knowledge about elderly sexuality and understanding attitudes about sexuality this literature review sought information about measurement issues and measurement instruments frequently used in research within elderly populations Also of interest were investigations of educational and training programs involving caregivers Knowledge and Attitudes of Older Adults about Sexuality and Aging Elaine E. Steinke,1987 **Ageing and Sexualities** Rosie Harding,Elizabeth Peel,2017-05-15 This book showcases developments in theory research and practice regarding sexuality and ageing considering the differences as well as

similarities between and among ageing heterosexual and LGBT older people Identifying the questions central to future social scientific research on ageing and sexuality it focuses on the important emerging dimensions of sexuality and ageing embodiment the diversification of the ageing context and the intersections of care and sexuality With attention to the different forms of sexualities particularly at their intersection with gender this volume explores the importance of spatial and relational contexts whether individual residential or virtual with authors offering studies of online dating sexuality in the context of residential care and the relationship between sexuality legal frameworks and social policy Interdisciplinary in scope and offering the latest research from scholars in the UK Australasia and Africa Ageing and Sexualities constitutes an integrated approach to the conceptual and practical challenges of understanding the interplay of ageing and sexuality in contemporary society As such it will appeal to scholars from a variety of disciplinary backgrounds including sociology cultural studies socio legal studies social gerontology psychology medicine and health care

Aging and Loving James M. Childs, 2021 Aging and Loving Christian Faith and Sexuality in Later Life aims to address the social ethical physical and spiritual issues related to sexuality and aging The book is written for various professionals who minister to the aged pastors chaplains other care providers for the aging and aged themselves and for their families The focus is on people sixty five years old and older This is the age group whose sexuality is most vulnerable to being dismissed by those around them It is also the age group that experiences new challenges to their sexual lives as age brings physical and sometimes psychological changes as well as changes in living circumstances To be human is to be sexual Undermining or failing to appreciate that fact in older age can be hurtful Regarding the diminishments of aging as the end of sexuality and therefore the dissipation of fully meaningful life is a critical dimension of ageism To understand the realities of sexuality in later life and the choices older adults face along with providing a theological and ethical account that affirms their sexuality as integral to their humanity and vocation in later life is a curb against ageism and provides much needed information to the aged the aging and their families Equipping those who care for the aging and minister to them is essential The book seeks to enable those related to the aged to have a deeper respect for their sexuality and thus their dignity and to provide an ethical account of Christian love that liberates as it engages the special issues of sexuality in later life
