Homosexuality, Transsexuality, Psychoanalysis and Traditional Judaism Alan Slomowitz, Alison Feit, 2019-03-04

Homosexuality Transsexuality Psychoanalysis and Traditional Judaism explores the often incommensurable and irreconcilable beliefs and understandings of sexuality and gender in the Orthodox Jewish community from psychoanalytic rabbinic feminist and queer perspectives The book explores how seemingly irreconcilable differences might be resolved The book is divided into two separate but related sections The first highlights the divide between the psychoanalytic academic and traditional Orthodox Jewish perspectives on sexual identity and orientation and the acute psychic and social challenges faced by gay and lesbian members of the Orthodox Jewish world The contributors ask us to engage with them in a dialogue that allows for authentic conversation The second section focuses on gender identity especially as experienced by the Orthodox transgender members of the community It also highlights the divide between theories that see gender as fluid and traditional Judaism that sees gender as strictly binary The contributors write about their views and experiences from both sides of the divide They ask us to engage in true authentic dialogue about these complex and crucial emotional and religious challenges Homosexuality

Transsexuality Psychoanalysis and Traditional Judaism will be of great interest to psychoanalysts and psychoanalytic psychotherapists as well as members and leaders of Jewish communities working with LGBTQ issues

The Sexual Century Ethel Spector Person,1999-01-01 Over the course of the past century sexual liberation has transformed the way in which most of us regard our bodies and live our sexual lives Now a preeminent psychoanalytic theoretician on sex and gender discusses what has gone into this unquiet revolution the roles played by sexologists and psychoanalysts antibiotics and birth control the liberation movements and Freud s insight that sex has as much to do with the mind as with the genitals In this collection of new and previously published papers Ethel Person writes of the centrality of sexuality to our identity She describes the role of fantasy in desire its different expression in the sexes and the way in which desire is inevitably intertwined with power Her classic papers on transvestism transsexualism and cross dressing homosexuals written with Lionel Ovesey help us to understand how gender and sex develop in all of us The public acceptance of the transsexual says Person is emblematic of the profound scientific and intellectual shifts that have taken place in the past hundred years The way that sex and gender develop and are experienced and expressed is the result not only of nature and nurture but also of the cultural zeitgeist its unspoken values and biases

Sexuality, Intimacy, Power Muriel Dimen,2023-11-28 This book offers Dimen s classic take on psychosexuality drawing on relational theory feminism and postmodernism with a new foreword by Virginia Goldner and Velleda Ceccoli honouring the late Muriel Dimen and introducing a new audience to her profound legacy For Dimen the shift from dualism to multiplicity that has reshaped a range of disciplines can also be brought to bear on our thinking about sexuality She urges us to return to the open mindedness hiding between the lines and buried in the footnotes of Freud s writings and to replace the determinism into which his thought has hardened with more fluid notions of contingency paradox and thirdness By unveiling the colloquy among psychoanalysis social theory and feminism Dimen challenges clinicians and academicians alike to rethink ideas about gender eroticism and perversion She explores among other topics the relations between lust and libido the limitations of Darwinian thought in theorizing homosexuality the body as projective test and the intimate tangle of love and hate between women Generous clinical examples illustrate the ways in which a radical re visioning of psychosexuality benefits therapists and patients alike A brilliant example of contemporary psychoanalytic theory at its destabilizing best Sexuality Intimacy Power covers both clinical insights and theoretical rethinking that is invaluable for
