**Daniel Miller, Sophie Woodward**

## **Sexualizing The Social Power And Organization Of Sexuality:**

Sexualizing the Social Lisa Adkins, Vicki Merchant, 1996-06-12 Sociologists are increasingly aware that analyses of social life must include a consideration of how the social may be structured by the sexual In turn this insight is contributing to a shift in understandings of sociology This volume drawn from papers from the 1994 British Sociological Association Annual Conference on Sexualities in Social Context brings together a range of writers who are contributing to this exciting new agenda Various aspects of social life including employment family life representations politics identities and the workings of the law are considered in terms of how sexuality shapes their organization and they shape sexuality In so doing a series of ongoing and new controversies and debates are confronted from the relationship of feminism to prostitution to the constitution of the self in late modernity **Childhood, Youth, and Social Work in Transformation** Lynn M.

Nybell, Jeffrey J. Shook, Janet L. Finn, 2009 Contributors analyze how economic political and cultural changes over the past several decades have reshaped the experiences and representations of children and youth in the United States From publisher description Straight Hanne Blank, 2012-01-31 It s surprising that the term heterosexuality is less than 150 years old and that heterosexuality s history has never before been written given how obsessed we are with it In Straight independent scholar Hanne Blank delves deep into the contemporary psyche as well as the historical record to chronicle the realm of heterosexual relations a subject that is anything but straight and narrow Consider how Catholic monasticism the reading of novels the abolition of slavery leisure time divorce and constipation of the bowels have all at some time been labeled enemies of the heterosexual state With an extensive historical scope and plenty of juicy details and examples Straight provides a fascinating look at the vagaries schisms and contradictions of what has so often been perceived as an irreducible fact of nature **Global Denim** Daniel Miller, Sophie Woodward, 2011-01-01 On any given day nearly half of the world s

population is wearing blue jeans this is a fascinating study of the causes nature and consequences of the rise of global denim **Celebrities Against Violence** Truman R. Keys, 2022-03-04 Violence is more than an issue in America It is a pandemic its negative impacts and corrosive character are harming us whether we are a victim a bystander or professional tasked with public health and safety Violence affects us regardless of class or social standing For decades celebrities and well known public figures have taken to the media to share their own experiences with violence This book spotlights the celebrities and their loved ones who have survived self harm bullying intimate partner violence sexual assault family abuse home invasion gun violence or police brutality Violence prevention experts increasingly recognize the influence of celebrities and work with them to spread awareness This collection of case studies aims to support this growing influence by documenting the effects of violence prevention through celebrity advocacy **The Virginity Trap in the Middle East** D. Ghanim, 2015-05-19 This book is a social critique of the cultural taboo of the female virginity in the Middle East It highlights the unobtainability of this cultural myth and its multilevel destructive influences on various aspects of social life *Body/Sex/Work* Carol

Wolkowitz, Rachel Lara Cohen, Teela Sanders, 2013-02-27 *Body Sex Work* focuses on the intimate embodied and sexualised labour that occurs within body work and sex work Bringing together an internationally renowned group of academics it explores empirically and theoretically labour processes workplace relations regulation and resistance in some of the many work sites that make up the body work and sex work sectors The book makes a key contribution to research recognising the embodiment of labour and the body reframing the key questions in critical studies of work and employment Key Benefits The first book that draws together the sub disciplines of body work and sex work Written by leading international experts Contains cutting edge empirical research on contemporary topics *Body Sex Work* is an ideal companion for upper level undergraduate and postgraduate students of labour and organisation studies body studies gender and sexuality It will also appeal to researchers and lecturers in these fields *Don't Touch! , Sex, Violence and the Body* V. Burr, J. Hearn, 2008-10-30 This unique book examines the relationship between wounding and sexuality bringing together issues around sexuality gender power violence and representations Drawing on a range of disciplines including cultural and media studies sociology and psychology it explores social practices such as S M cosmetic surgery and extreme sports **The Body of War** Dubravka Žarkov, 2007-09-03 Examines how notions of femininity and masculinity and heterosexual norms produced ethnicity in the disintegration of former Yugoslavia and also looks at how words and images created by the media are just as influential as violent practices in constructing Interconnecting the Violences of Men Kate Seymour, Bob Pease, Sofia Strid, Jeff Hearn, 2024-11-04 This book aims to expand and enrich understandings of violences by focusing on gendered continuities interconnections and intersections across multiple forms and manifestations of men's violence In actively countering both the compartmentalisation of studies of violence by type and form and the tendency to conceptualise violence narrowly it aims to flesh out not delimit understandings of violence Bringing together cross disciplinary indeed transdisciplinary perspectives this book addresses how what are often seen as specific and separate violences connect closely and intricately with wider understandings of violence how there are gendered continuities between violences and how gendered violences take many forms and manifestations and are themselves intersectional Grounded by the recognition that violence is itself a form of inequality the contributors to this volume traverse the intersectional complexities across both experiences of violent inequality and what is seen to count as violence The international scope of this book will be of interest to students and academics across many fields including sociology criminology psychology social work politics gender studies child and youth studies military and peace studies environmental studies and colonial studies as well as practitioners activists and policymakers engaged in violence prevention **Handbook of the Sociology of Gender** Janet Saltzman Chafetz, 2006-11-22 During the past three decades feminist scholars have successfully demonstrated the ubiquity and omnirelevance of gender as a sociocultural construction in virtually all human collectivities past and present Intrapsychic interactional and collective social processes are gendered as are micro meso and macro social structures Gender shapes and

is shaped in all arenas of social life from the most mundane practices of everyday life to those of the most powerful corporate actors Contemporary understandings of gender emanate from a large community of primarily feminist scholars that spans the gamut of learned disciplines and also includes non academic activist thinkers However while incorporating some cross disciplinary material this volume focuses specifically on socio logical theories and research concerning gender which are discussed across the full array of social processes structures and institutions As editor I have explicitly tried to shape the contributions to this volume along several lines that reflect my long standing views about sociology in general and gender sociology in particular First I asked authors to include cross national and historical material as much as possible This request reflects my belief that understanding and evaluating the here and now and working realistically for a better future can only be accomplished from a comparative perspective Too often American sociology has been both tempero and ethnocentric Second I have asked authors to be sensitive to within gender differences along class racial ethnic sexual preference and age cohort lines

*Methodological Imaginations* Joan Busfield, E. Stina Lyon, 1996-04-01 This book brings together a collection of essays which look creatively and imaginatively at issues of research methods and methodology in sociology Some papers critically revisit and redefine techniques such as the classic community study the use of diaries photography and art others examine the need for reflexivity in the research process and the epistemological issues arising from being a researcher in administrative and political contexts The diversity of research approaches discussed in this reader should make it an important contribution to research methods teaching for undergraduate and graduate students of sociology

Queer Theory and Communication Gust Yep, 2014-06-17 Get a queer perspective on communication theory Queer Theory and Communication From Disciplining Queers to Queering the Discipline s is a conversation starter sparking smart talk about sexuality in the communication discipline and beyond Edited by members of The San Francisco Radical Trio the book integrates current queer theory research and interventions to create a critical lens with which to view the damaging effects of heteronormativity on personal social and cultural levels and to see the possibilities for change through social and cultural transformation Queer Theory and Communication represents a commitment to positive social change by imagining different social realities and sharing ideas passions and lived experiences As the communication discipline begins to recognize queer theory as a vital and viable intellectual movement equal to that of Gay and Lesbian studies the opportunity is here to take current queer scholarship beyond conference papers and presentations Queer Theory and Communication has five objectives 1 to integrate and disseminate current queer scholarship to a larger audience academic and nonacademic 2 to examine the potential implications of queer theory in human communication theory and research in a variety of contexts 3 to stimulate dialogue among queer scholars 4 to set a preliminary research agenda and 5 to explore the implications of the scholarship in cultural politics and personal empowerment and transformation Queer Theory and Communication boasts an esteemed panel of academics artists activists editors and essayists Contributors include John Nguyet Erni editor of Asian Media Studies and

Research Analysis Program Board member for GLAAD Joshua Gamson author of Freaks Talk Back Tabloid Talk Shows and Sexual Nonconformity Sally Miller Gerahart author activist and actress Judith Halberstam author of Female Masculinity David M Halperin author of How to Do the History of Homosexuality E Patrick Johnson editor of Black Queer Studies Kevin Kumashiro author of Troubling Education Queer Activism and Antioppressive Pedagogy Thomas Nakayama co editor of Whiteness The Communication of Social Identity A Susan Owen author of Bad Girls Cultural Politics and Media Representations of Transgressive Women William F Pinar author of Autobiography Politics and Sexuality and editor of Queer Theory in Education Ralph Smith co author of Progay antigay The Rhetorical War over Sexuality Queer Theory and Communication From Disciplining Queers to Queering the Discipline s is an essential addition to the critical consciousness of anyone involved in communication media studies cultural studies gender studies and the study of human sexuality whether in the classroom the boardroom or the bedroom

**Re-reading the Salaryman in Japan** Romit Dasgupta,2013 This book uses the figure of the salaryman to explore masculinity in Japan by examining the salaryman as a gendered construct and is one of the first to focus on the men within Japanese corporate culture through a gendered lens Not only does this add to the emerging literature on masculinity in Japan but given the important role Japanese corporate culture has played in Japan s emergence as an industrial power Romit Dasgupta s research offers a new way of looking both at Japanese business culture and more generally at important changes in Japanese society in recent years

**Men's Intrusion, Women's Embodiment** Fiona Vera-Gray,2016-07-01 Research on violence against women tends to focus on topics such as sexual assault and intimate partner violence arguably to the detriment of investigating men s violence and intrusion in women s everyday lives The reality and possibility of the routine intrusions women experience from men in public space from unwanted comments to flashing following and frottage are frequently unaddressed in research as well as in theoretical and policy based responses to violence against women Often at their height during women s adolescence such practices are commonly dismissed as trivial relatively harmless expressions of free speech too subjective to be legislated against Based on original empirical research this book is the first of its kind to conduct a feminist phenomenological analysis of the experience for women of men s stranger intrusions in public spaces It suggests that intrusion from unknown men is a fundamental factor in how women understand and enact their embodied selfhood This book is essential reading for academics and students involved in the study of violence against women feminist philosophy applied sociology feminist criminology and gender studies

**#MeToo, Weinstein and Feminism** Karen Boyle,2019-11-04 This book provides a feminist analysis of MeToo and the sexual assault allegations against celebrity perpetrators which have emerged since the Weinstein story of October 2017 It argues for the importance of understanding MeToo in relation to an on going history of Anglo American feminist activism theory and interdisciplinary research Boyle investigates how speaking out about rape sexual assault and harassment on social media can be understood in relation to second wave feminist traditions of consciousness raising Her argument explores the media

depiction of feminism and feminists in the wake of Weinstein and the cultural values associated with men's abuse particularly within the film and television industries The book concludes with an exploration of what the MeToo era has meant for men as victims survivors and as alleged perpetrators in relation to narratives of victimisation and of monstrosity **Routledge**

**Handbook of Sexuality Studies in East Asia** Mark McLelland, Vera Mackie, 2014-09-15 This collection brings together cutting edge work by established and emerging scholars focusing on key societies in the East Asian region China Taiwan Hong Kong Japan North and South Korea Mongolia and Vietnam This scope enables the collection to reflect on the nature of the transformations in constructions of sexuality in highly developed developing and emerging societies and economies Both Japan and China have established traditions of sexuality studies reflecting longstanding indigenous understandings of sex as well as more recent developments which interface with Euro American medical and psychological understandings Authors reflect upon the complex colonial and economic interactions and cultural flows which have affected the East Asian region over the last two centuries They trace local flows of ideas instead of defaulting to Euro American paradigms for sexuality studies Through looking at regional and global exchanges of ideas about sexuality this volume adds considerably to our understanding of the East Asian region and contributes to wider discussions of social transformation modernisation and globalisation It will be essential reading in undergraduate and graduate programs in sexuality studies gender studies women's studies and masculinity studies as well as in anthropology sociology history cultural studies area studies and health sciences **#MeToo and Feminism** Karen Boyle, 2024-12-23 This book is a revised updated and expanded edition of

MeToo Weinstein and Feminism 2019 In this second edition Boyle argues for the importance of understanding MeToo in relation to an ongoing history of feminist activism and popular misogyny which normalises and values men's abuse of women She considers the consequences of MeToo for accused men notably with regards to cancellation practices and criminal justice drawing on prominent examples such as Harvey Weinstein R Kelly Johnny Depp and Woody Allen among many others Two new chapters on the long MeToo movement and on survivor testimony consider MeToo alongside debates on popular feminism and misogyny in a range of contexts and reflect on the implications of the continued emphasis on survivor testimony in media coverage of sexual harassment and assault Written by one of the foremost experts in gender media and violence in the UK this new edition is essential reading for those interested in feminism and the media scholars and students alike

**Women and Conflict in the Middle East** Maria Holt, 2013-11-27 Women in conflict zones face a wide range of violence from a variety of sources from physical and psychological trauma to political economic and social disadvantage Maria Holt uses her research gathered in the Palestinian refugee camps of Lebanon and in the West Bank to look at the forms and effects of violence suffered by women in the context of the wider conflict around them After the creation of the State of Israel in 1948 Palestinian refugees fled over the border into Lebanon and in the wake of tumult in other host states such as Jordan many more sought refuge there Today more than 400 000 Palestinians reside in Lebanon and the theme of

violence is one that informs their daily life Holt explores these varying forms of violence including physical personal violence and the violence of war as well as the more symbolic violence of the disintegration of daily life and erasure of homeland furthermore highlighting ongoing exclusion and isolation Palestinians are subjected to by the Lebanese state Nevertheless this condition of being but not belonging in Lebanon has influenced refugees perceptions of themselves Holt therefore analyses the daily life of Palestinians recognising the unique community that has emerged in response to exile In an atmosphere of violence these refugees find coping mechanisms and appropriate strategies to counter the pressures of conflict Adherence to religious belief and valued traditional practices as well as involvement in political and welfare activities and on occasion militant activism are some of the methods employed by women With its systematic examination of forms of violence as well as an appreciation of daily life in the refugee camps *Women and Conflict in the Middle East* makes essential reading for students of the Israel Palestine conflict as well as those interested in the gender dimension of violence
