IMPROVING YOUR SEX LIFE C.X. Cruz, Research has shown that couples with an active sex life tend to live long have stronger emotional connections to each other have a lower divorce rate and remain healthier even as they age So despite what may seem a natural progression to a relationship there is sound evidence that keeping a healthy active and satisfying sexual relationship with your partner is really a benefit all through your life It is important for couples to realize that every individual is different and rarely are two people completely matched with regards to their sex drive Learning to read the partners signals as well as giving out the right signals yourself is a true skill and one that can help form a much better relationship Taking care of your physical self as well as your emotional self is a major factor in being active and involved in an intimate relationship Some of the work needs to start with you before you can expect to see a change in your partner s responsiveness However if you both begin to consciously change your attitudes towards your intimate relationship you will be
