level of similarity underlying every culture known to modern man From the deities worshipped by Hinduism to Confucianism and even Christianity all cultures seek a connection with a higher power for strength guidance and love Hedayetullah s conclusions are remarkable in this day and age especially with religious wars and prejudices based solely on the adverse beliefs of the so called enemy What would the world be like if we were to realize and accept that we are all one people under one higher power seeking to worship together It is not a simple feat but it starts with a solitary insight no matter where we are or what we believe we are one
