Author and Title Index, 1975 **Quill & Quire**, 1992 *Writings About Kashmir* Nyla Ali Khan, 2022-12-26 Any attempt to homogenize Kashmiri society or the politico cultural discourse on Kashmir is a dangerously flawed exercise To that end the chapters in this book address various aspects of the political cultural and socioeconomic life in Kashmir These chapters are interdisciplinary interventions that could potentially bridge ethnic religiocultural and political divides in the region The book is divided into three sections the first section explores history and memory offering a critical dialogue between these phenomena and fiction The chapters in section two offer a critical dialogue between history politics and gender analyzing historical and political discourses to underscore the agential capacities of Kashmiri women which are traditionally subsumed within masculinist discourse The sole chapter in section three foregrounds the complex relationship between history trauma and poetry Taken together this book is a nuanced attempt at giving readers the opportunity to engage with multiple subjectivities historical understandings and political opinions It will be of interest to general readers scholars and advanced students of Literature Politics History Human Geography and Sociology This book was originally published as a special issue of the South Asian Review Forays into Swedish Poetry Lars Gustafsson, 2014-05-02 When poet critic Lars Gustafsson was the editor of Bonniers Litter ra Magasin he was bombarded with the question What makes a good poem Forays into Swedish Poetry is his answer The fifteen poems in this volume range across the history of Swedish poetry from the 1640s at the beginning of the Period of Great Power to the late twentieth century Poets as diverse as Skogek r Bergbo Erik Johan Stagnelius August Strindberg and Vilhelm Ekelund are discussed from historical psychological and sociopolitical viewpoints However Gustafsson includes only those poems he considers excellent Each essay begins with a presentation of the poem both in Swedish and in English translation Gustafsson s analyses are built upon his subjective experiences with poems and poets and upon a more objective structural approach that investigates the actual machinery of the poems Thus Gustafsson enlightens us with his always imaginative sometimes daring analyses and we learn a great deal about the critic himself in the

process One of his main concerns is what he calls in his discussion of Edith S dergran the very mysteriousness of human existence Time and again Gustafsson emphasizes the enigmatic arcane aspects of life in his analyses In contrast his vocabulary and approach also bespeak a constant interest in science and technology In his introduction Robert T Rovinsky the volume s translator presents examples of Gustafsson s various thematic interests as voiced in his poems several of which are translated here for the first time While The Machines explores his theory of people as automatons and Conversation between Philosophers his linguistic pessimism Gustafsson s work as a whole shows his enchantment with its major theme the intrinsic mystery of life
