Shades Of The Past:

Seven Shades of Rama Maj Gen A K Shori, The rich reservoir of ancient knowledge contains the wisdom which can help solve our present day problems The seven traits of Rama are ingrained in every human being as a son brother husband warrior a bit of ruler and a rishi the blending where of leads to perfection The author deplores the intellectual bankruptcy which is creating a vacuum in the personal social and political lives resulting in mediocrity projecting itself as the savior of mankind and thereby befooling generations Rama the Maryada Purushotama as an epitome of perfection provides an ideal and a reliable source of inspiration through the life he lived to resolve issues pertaining to inter personal problems and make the society a place worth living It is a bold endeavor to elevate the great epic Ramayana to a higher pedestal which takes it way beyond just depicting through Ramleelas TV serials or keeping wrapped and worshipped as a matter of routine The reader is sure to benefit from this precise and thought provoking treatise **Shades of Authority** Stephen

James,2007-10-01 What is the relationship between poetry and power Should poetry be considered a mode of authority or an impotent medium And why is it that the modern poets most commonly regarded as authoritative are precisely those whose works wrestle with a sense of artistic inadequacy Such questions lie at the heart of this study prompting fresh insights into three of the most important poets of recent decades Robert Lowell Geoffrey Hill and Seamus Heaney Through attentive close reading and the tracing of dominant motifs in each writer s works James shows how their responsiveness to matters of political and cultural import lends weight to the idea of poetry as authoritative utterance as a medium for speaking of and to the world in a persuasive memorable manner And yet as James demonstrates each poet is exercised by an awareness of his own cultural marginality even by a sense of the limitations and liabilities of language itself *SHADES OF SOUL - BSP*

S. Williams,2011-12-20 This is an account of life in the foreign communities and former Foreign Settlements or Concessions in Japan that flourished after Japan was opened to foreign trade in 1859 It tells of the imposters the eccentrics and the scandals no less than the achievements of the scholars the merchants and the diplomats who contributed so much to the development of modern Japan Here you will meet Townsend Harris the first U S Consul General to Japan the Grand Duke Alexander and many other less well known but just as interesting figures such as the energetic Rev Bailey the remarkable Mr McLeod and the Misses Butterfly and Chrysanthemum All these events are portrayed in a series of chapters arranged as nearly as possible in chronological order each woven around some of the happenings of those times Carefully researched all of these events are historically accurate in every detail and are written in Mr Williams highly enjoyable style **Asianisms**

Marc Frey, Nicola Spakowski, 2015-11-11 At the core of this book is a seemingly simple question What is Asia In search of common historical roots traditions and visions of political cultural integration first Japanese then Chinese Korean and Indian intellectuals politicians and writers understood Asianisms as an umbrella for all conceptions imaginations and processes which emphasized commonalities or common interests among different Asian regions and nations This book investigates the multifarious discursive and material constructions of Asia within the region and in the West It reconstructs regional constellations intersections and relations in their national transnational and global contexts Moving far beyond the more well known Japanese Pan Asianism of the first half of the twentieth century the chapters investigate visions of Asia that have sought to provide common meanings and political projects in efforts to trace and construct Asia as a united and common space of interaction By tracing the imagination of civil society actors throughout Asia the volume leaves behind state centered approaches to regional integration and uncovers the richness and depth of complex identities within a large and culturally heterogeneous space *Plays of the 19th and 20th Centuries*, 1907 *The Shades of Magic Series* V.
