Lawrence's *The Collected Works* presents a comprehensive assemblage of his literary mastery showcasing novels, poems, essays, and plays that delve into the complexities of human relationships, sexuality, and the interplay between the individual and society. Lawrence's distinctive style, characterized by vivid imagery and a profound psychological insight, captures the essence of early 20th-century literature, reflecting his discontent with industrialization and his quest for spiritual and emotional authenticity. This anthology not only highlights Lawrence's innovative narrative techniques but also situates his work within the broader context of modernist literature, offering readers a deep exploration of existential themes amidst the shifting cultural landscape of his time. D. H. Lawrence, born in 1885 in the industrial town of Eastwood, England, was profoundly influenced by his childhood experiences in a coal-mining community, which shaped his critical view of industrial society and its disconnection from nature. A significant figure in modernist literature, Lawrence's exploration of emotional depth and the human psyche can be traced back to his own tumultuous relationships and his fervent desire to express the individual's struggle against societal constraints. His experiences in diverse locations, including Italy and the American Southwest, further enriched his worldview and narrative voice, lending authenticity to his explorations of intimacy and spirituality. For readers seeking an in-depth understanding of early modernist themes and the human condition, *The Collected Works* is an invaluable resource. This anthology serves as a testament to Lawrence's innovative spirit and his unflinching examination of the inner turmoil faced by individuals in a rapidly changing world. Engaging and thought-provoking, this collection is essential for both literary scholars and general readers alike, ensuring that Lawrence's legacy continues to resonate through the ages.      *The Writings of Lafcadio Hearn* Lafcadio Hearn, 1922      **The Fox Wife** Yangsze

Choo, 2024-02-13 Some people think foxes are similar to ghosts because we go around collecting qi, but nothing could be further than the truth. We are living creatures just like you, only usually better looking. Manchuria, 1908 In the last years of the dying Qing Empire, a courtesan is found frozen in a doorway. Her death is clouded by rumors of foxes, which are believed to lure people by transforming themselves into beautiful women and handsome men. Bao, a detective with an uncanny ability to sniff out the truth, is hired to uncover the dead woman's identity. Since childhood, Bao has been intrigued by the fox gods, yet they've remained tantalizingly out of reach until perhaps now. Meanwhile, a family who owns a famous Chinese medicine shop can cure ailments but can't escape the curse that afflicts them: their eldest sons die before their twenty-fourth birthdays. When a disruptively winsome servant named Snow enters their household, the family's luck seems to change, or does it? Snow is a creature of many secrets, but most of all, she's a mother seeking vengeance for her lost child. Hunting a murderer, she will follow the trail from northern China to Japan while Bao follows doggedly behind. Navigating the myths and misconceptions of fox spirits, both Snow and Bao will encounter old friends and new foes even as more deaths occur. New York Times bestselling author Yangsze Choo brilliantly explores a world of mortals and spirits, humans and beasts, and their dazzling intersection.

Epic in scope and full of singular unforgettable characters *The Fox Wife* is a stunning novel about old loves and second chances the depths of maternal love and ancient folktales that may very well be true      *Ted Hughes, Class and Violence*  
Paul Bentley, 2014-04-24 Ted Hughes is widely regarded as a major figure in twentieth century poetry but the impact of Hughes's class background on his work has received little attention This is the first full length study to take the measure of the importance of class in Hughes It presents a radically new version of Hughes that challenges the image of Hughes as primarily a nature poet as well as the image of the Tory Laureate The controversy over natural violence in Hughes's early poems Hughes's relationship with Seamus Heaney the Laureateship and Hughes's revisiting of his relationship with Sylvia Plath in *Birthday Letters* 1998 are reconsidered in terms of Hughes's class background Drawing on the thinking of cultural theorists such as Slavoj Žižek Terry Eagleton and Julia Kristeva the book presents new political readings of familiar Hughes poems alongside consideration of posthumously collected poems and letters to reveal a surprising picture of a profoundly class conscious poet      *The Ladybird* David Herbert Lawrence, 1923
