The World of Touch David Katz, 2013-05-13 For the first time David Katz s classic monograph The World of Touch has been translated into English Regarded as one of the premiere experimental psychologists Katz vigorously opposed the atomism and tachistoscopic mentality typical of the sensory psychology of his day In The World of Touch Katz sought to dispel the invidious distinction between the supposedly higher e g vision audition and lower e g touch senses To help touch regain its original prominence in the field Katz demonstrated through very simple yet creative experiments how fascinating the abilities of touch are and how valuable the tactual stimulus can be in specifying objects surfaces substances and events In addition Katz emphasized the importance of higher order invariants in the perception of objects and the holistic quality of perception in time as well as space

Shadows Roberto

Casati,2004-08-10 In this original wide ranging and endlessly thought provoking work of popular nonfiction a leading science writer uncovers the pervasive presence of shadows in our world For Plato shadows were the symbol of our limitations For Galileo they knocked the Earth from the center of the cosmos They are a source of fear and a symbol of ignorance and they loom large in art and design mythology and folklore physics and metaphysics and architecture and urban planning From shadows puppets and the psychology of shadows to the role of shadows in astronomy and the influence of shadows on the architectural profiles of our cities Roberto Casati awakens our fascination in this tour de force of investigation and imagination Shadow Keeper Christine Feehan,2018-05-29 One family brings its own brand of justice to the streets of

Chicago s shadowy underworld as 1 New York Times bestselling author Christine Feehan returns to a series hot enough to burn The paparazzi can t get enough of infamous bad boy Giovanni Ferraro But unknown to them and the women he beds he s just playing a role Keeping the spotlight on himself keeps it off the family business And if this lethal shadow rider can t hunt in the dark he ll find his pleasure elsewhere Sasha Provis grew up on a Wyoming ranch and thought she knew how to protect herself from predators But in the nightclub where she works she s fair game until one of the owners steps in to protect her Giovanni is gorgeous He s dangerous And his every touch takes her breath away The devil at her heels may have finally met its match *The Visual World of Shadows* Roberto Casati,Patrick Cavanagh,2023-12-26 How the perception of shadows

studied by vision scientists and visual artists reveals the inner workings of the visual system In *The Visual World of Shadows* Roberto Casati and Patrick Cavanagh examine how the perception of shadows as studied by vision scientists and visual artists reveals the inner workings of the visual system Shadows are at once a massive problem for vision which must distinguish them from objects or material features of objects and a resource signaling the presence location shape and size of objects Casati and Cavanagh draw up an inventory of information retrievable from shadows showing their amazing variety They present an overview of the visual system distinguishing between measurement and inference They discuss the shadow mission the work done by the visual brain to parse and perhaps discard the information from shadows shadow ownership the association of a shadow with the object that casts it shadow labeling the visual system s ability to tell shadows from nonshadows and the shadow concept our knowledge about shadows as a category Casati and Cavanagh then apply the theoretical apparatus they have developed for shadows to other phenomena illumination reflection and transparency Finally they examine the art of the shadow paying tribute to artists exploration of shadow analyzing a series of artworks reproduced in color from a rich and fascinating art historical corpus A Touch of Shadows Jessica Thorne,2025-09-01 I was literally
