even the most cunning of infernal wiles Patience with God: Faith for People Who Don't Like Religion (or Atheism) Frank Schaeffer,2010-04 Frank Schaeffer has a problem with Dawkins Hitchens Harris Dennett and the rest of the New Atheists the self anointed Brights He also has a problem with the Rick Warrens and Tim LaHayes of the world The problem is that he doesn't see much of a difference between the two camps As Schaeffer puts it they often share the same fallacy truth claims that reek of false certainties I believe that there is an alternative that actually matches the way life is lived rather than how we usually talk about belief Sparing no one and nothing including himself and his fiery evangelical past and invoking subtleties too easily ignored by the pontificators Schaeffer adds much needed nuance to the conversation My writing has smoked out so many individuals who seem to be thinking about the same questions I hope that this book will provide a meeting place for us the scattered refugees of what I'll call The Church of Hopeful Uncertainty *Time-Tested Advice* Amelia Khatri,AI,2025-02-18 Time Tested Advice explores the enduring maxims that have guided successful individuals and societies throughout history offering a unique self help approach grounded in historical analysis The book argues that by studying historical outcomes we can gain invaluable insights into effective decision making leadership and personal relationships One intriguing fact is the consistent relevance of certain principles across vastly different cultures and eras suggesting universal truths about human nature Another is how examining past failures can be as instructive as studying successes providing a balanced perspective on practical wisdom The book progresses systematically beginning with an examination of how to identify genuine maxims and then dividing into sections on Personal Development Professional Strategy and Civic Responsibility Each section uses detailed historical examples to illustrate the application of key principles By connecting historical understanding with personal success Time Tested Advice offers a framework for readers to integrate these lessons into their daily lives and make more informed choices The book's value lies in its emphasis on observed historical outcomes providing a concrete foundation for its advice rather than relying solely on theoretical or philosophical arguments **The Shadow of Doubt** Pasquale De Marco,2025-08-13 In The Shadow of Doubt we embark on a profound exploration of the human psyche delving into the depths of doubt and uncertainty but ultimately rising towards the light of hope and redemption Through a series of thoughtful and introspective chapters we confront the haunting memories of the past the seductive allure of temptation and the abyss of despair We unmask the illusions that deceive us unravel the complexities of duality and seek solace in the wisdom of the ages This book is more than just a collection of abstract musings it is a practical guide to navigating the challenges that life throws our way It offers insights strategies and inspiration to help us overcome doubt unlock our potential and live lives filled with purpose and meaning As we journey through its pages we will discover that even in the darkest of times the human spirit has the capacity to rise above adversity and emerge stronger than before The Shadow of Doubt is a timely and thought provoking work that will resonate with anyone who has ever grappled with doubt or uncertainty It is a book that will challenge our assumptions expand our perspectives and ultimately

What Happened Last Night? Lisa-marie Wilson,2025-04-12 Kate celebrates her 22nd birthday by hitting the bars with her best friend and housemate Leah The two party hard downing drinks and dancing with two charming guys Logan and Ben After a wild night Kate wakes up in Logan s bed her memory hazy from the alcohol but her wit sharp as ever They exchange banter and phone numbers before Kate heads home only to find her house ransacked and Leah missing Panic sets in when Leah doesn t answer her phone prompting Kate to call the police who can do little more than take notes As she cleans up the chaos Logan reaches out wondering if Leah is still with Ben who also hasn t returned Concerned Kate and Logan meet to discuss the alarming situation and decide to unravel the mystery together Days drag on

with no sign of Leah or Ben Their phones go unanswered and no one else has seen them With Kate s sass and Logan s sweet charm they retrace their steps from the party night questioning people at the bars Their investigation takes a dark turn when they discover someone was killed in an alley next to the bar that night Fearing the worst for their friends they breathe a sigh of relief when they learn the victim isn t one of them But as they dig deeper they start receiving threatening calls from a stranger warning them to stop asking questions Instead of backing down their resolve intensifies and they grow closer under the weight of their shared fear Realizing they are being followed and with police showing little interest in helping they go underground The tension escalates as memories of that night resurface Leah and Ben sneaking off for a romantic moment in the alley where they witnessed the murder The stakes are raised when Kate and Logan uncover that the crime is linked to a ruthless syndicate involved in human trafficking Leah and Ben have been kidnapped to silence them before a major delivery of women across the border As they continue their desperate search danger looms ever closer with the syndicate hot on their trail The intensity of their hiding becomes palpable every whispered conversation charged with urgency and attraction The dynamic between Kate and Logan shifts from camaraderie to something deeper igniting undeniable chemistry fueled by adrenaline and fear
