

SHADOWS ON THE BOOK

WILLIAM CATHER

Shadow means more than a
silly, faint, and a little color-
less thing that is left behind
when a thing is removed. It means
the life and the soul of a thing
that is left behind.

Over the five decades of her writing career Willa Cather responded to and entered into dialogue with shifts in the terrain of American life. These cultural encounters informed her work as much as the historical past in which much of her writing is based. Cather was a multifaceted cultural critic immersing herself in the arts broadly defined: theater and opera, art, narrative, craft, production. Willa Cather and the Arts shows that Cather repeatedly engaged with multiple forms of art and that even when writing about the past she was often addressing contemporary questions. The essays in this volume are informed by new modes of contextualization including the increasingly popular view of Cather as a pivotal or transitional figure working between and across very different cultural periods and by the recent publication of Cather's correspondence. The collection begins by exploring the ways Cather encountered and represented high and low cultures including Cather's use of racialized vernacular in *Sapphira and the Slave Girl*. The next set of essays demonstrates how historical research often focusing on local features in Cather's fiction contributes to our understanding of American culture from musicological sources to the cultural development of Pittsburgh. The final trio of essays highlights current Cather scholarship including a food studies approach to *O Pioneers* and an examination of Cather's use of ancient philosophy in *The Professor's House*. Together the essays reassess Cather's lifelong encounter with and interpretation and reimagining of the arts.

The Long Shadow of Little Rock Daisy Bates, 2007-02-01

At an event honoring Daisy Bates as 1990's Distinguished Citizen, then governor Bill Clinton called her the most distinguished Arkansas citizen of all time. Her classic account of the 1957 Little Rock School Crisis, *The Long Shadow of Little Rock*, couldn't be found on most bookstore shelves in 1962 and was banned throughout the South. In 1988, after the University of Arkansas Press reprinted it, it won an American Book Award. On September 3, 1957, Gov. Orval Faubus called out the National Guard to surround all-white Central High School and prevent the entry of nine black students challenging the Supreme Court's 1954 order to integrate all public schools. On September 25, Daisy Bates, an official of the NAACP in Arkansas, led the nine children into the school with the help of federal troops sent by President Eisenhower—the first time in eighty-one years that a president had dispatched troops to the South to protect the constitutional rights of black Americans. This new edition of Bates's own story about these historic events is being issued to coincide with the fiftieth anniversary of the Little Rock School crisis in 2007.

Night Beat Mikal Gilmore, 2000-01-04

Few journalists have staked a territory as definitively and passionately as Mikal Gilmore in his twenty-year career writing about rock and roll. Now for the first time this collection gathers his cultural criticism, interviews, reviews, and assorted musings. Beginning with Elvis and the birth of rock and roll, Gilmore traces the seismic changes in America as its youth responded to the postwar economic and political climate. He hears in the lyrics of Bob Dylan and Jim Morrison the voices of unrest and fervor and charts the rise and fall of punk in brilliant essays on Lou Reed, The Sex Pistols, and The Clash.

Mikal Gilmore describes Bruce Springsteen's America and the problem of Michael Jackson. And like no one else Gilmore listens to the lone voices Al Green, Marianne Faithfull, Sinéad O'Connor, Frank Sinatra. Four decades of American life are observed through the inimitable lens of rock and roll and through the provocative and intelligent voice of one of the most committed chroniclers of American music and its powerful expressions of love, soul, politics and redemption. **Race in the Shadow of Law** Eddie Bruce-Jones, 2016-12-01. *Race in the Shadow of Law* offers a critical legal analysis of European responses to institutional racism. It draws connections between contemporary legal knowledge, practices and colonial systems of thought, arguing that many people of colour experience the law as a part of a racial problem rather than a solution to racial injustice. Based on a critical legal ethnography of anti-racism work in Europe and with an emphasis on the German context, the book positions Black and anti-racist perspectives at the centre rather than the margins of critically thinking through the intersection of race and law. Combining this ethnography with comparative legal analysis, discourse analysis and critical race theory, the book develops a critical discussion of the European legal frameworks aimed at regulating racism and particularly institutional racism in policy and policing. In linking this critique to the transformative potential of social movements, however, it goes on to examine the strategic and creative possibility of disrupting conventional modes of engaging and resisting law.

The Shadow of a Great Rock Harold Bloom, 2011-09-13. Examines the King James translation of the Bible, comparing it with other translations and noting its superiority over previous editions and highlights the influences of the King James Bible in literature from the Romantic era to today.
