Shadows Stand:

Shadow's Stand Sarah McCarty, 2012-01-31 McCarty delivers the fifth title in her Hell's Eight series Former Texas Ranger Shadow Ochoa is lying low in the western Kansas territory waiting for his brothers in Hell's Eight to clear his name That is until he's unjustly strung up for horse thieving and pretty Fei Yen intervenes Original **Shadows** Roberto Casati, 2004-08-10 In this original wide ranging and endlessly thought provoking work of popular nonfiction a leading science writer uncovers the pervasive presence of shadows in our world For Plato shadows were the symbol of our limitations For Galileo they knocked the Earth from the center of the cosmos They are a source of fear and a symbol of ignorance and they loom large in art and design mythology and folklore physics and metaphysics and architecture and urban planning From shadows puppets and the psychology of shadows to the role of shadows in astronomy and the influence of shadows on the architectural profiles of our cities Roberto Casati awakens our fascination in this tour de force of investigation and imagination *Shadows in My Life* Robert Gene Buckenmeyer, 2013 This book of poetry is best described by the authors own words I have couched my poetry as I see shadows and light essential to human perception and communication My admiration of one to the other led me to my poems of self reflection Homo Mimeticus Nidesh Lawtoo, 2022-11-15 Imitation is perhaps more than ever constitutive of human originality Many things have changed since the emergence of an original species called Homo sapiens but in the digital age humans remain mimetic creatures from the development of consciousness to education aesthetics to politics mirror neurons to brain plasticity digital simulations to emotional contagion new fascist insurrections to viral contagion we are unconsciously formed deformed and transformed by the all too human tendency to imitate for both good and ill Crossing disciplines as diverse as philosophy aesthetics and politics Homo Mimeticus proposes a new theory of one of the most influential concepts in western thought mimesis to confront some of the hypermimetic challenges of the present and future Written in an accessible yet rigorous style Homo Mimeticus appeals to both a specialized and general readership It can be used in courses of modern and contemporary philosophy aesthetics political theory literary criticism theory media studies and new mimetic studies **Knowledge and Truth in Plato** Catherine Rowett, 2018-04-19 Several myths about Plato's work are decisively challenged by Catherine Rowett the idea that Plato agreed with Socrates about the need for a definition of what we know the idea that he set out to define justice in the Republic the idea that knowledge is a kind of true belief or that Plato ever thought that it might be something like that the idea that knowledge proper is propositional and that the Theaetetus was Plato's best attempt to define knowledge as a species of belief and that it only failed due to his incompetence Instead Rowett argues that Plato was replacing the failed methods of Socrates including his attempt to find a definition or single common factor and that he replaced those methods with methods derived from geometry including methods that involve inference from shadows to their originals a method which Rowett calls the iconic method As a result we should see that Plato is presenting the knowledge that is acquired as non

propositional and pictorial in nature and that it is to be identified not with knowledge of facts nor of objects but of types qua types types that stand to the tokens that are used in our enquiry as original to shadow The book includes detailed studies of the Meno Republic and Theaetetus and argues that the insights that Plato brings about the nature of conceptual knowledge its importance in underpinning all other activities and about the notion of truth as it applies to conceptual competence are significant and should be taken seriously as a corrective to areas in which current analytic philosophy has lost its way
