Fictions of Western American Domesticity Amanda J. Zink, 2018-06 This work provides a compelling explanation of something that has bedeviled a number of feminist scholars Why did popular authors like Edna Ferber continue to write conventional fiction while living lives that were far from conventional Amanda J Zink argues that white writers like Ferber and Willa Cather avoided the subject of their own domestic labor by writing about the performance of domestic labor by others showing that American print culture both in novels and through advertisements moved away from portraying women as angels in the house and instead sought to persuade other women to be angels in their houses Zink further explores lesser known works such as Mexican American cookbooks and essays in Indian boarding school magazines to show how women writers dialoging domesticity exemplify the cross cultural encounters between colonial domesticity and sovereign domesticity By situating these interpretations of literature within their historical contexts Zink shows how these writers championed and challenged the ideology of domesticity

Open Your Heart David P. Sandell, 2015-04-15 In this ethnography of Catholic religious practice in Fresno California David P Sandell unveils ritualized storytelling that Mexican and Mexican American people of faith use to cope with racism and poverty associated with colonial capitalist and modern social conditions Based on in depth interviews and extensive field research conducted in 2000 and 2001 Sandell's work shows how people use story and religious ritual including the Matachines dance the Mass the rosary pilgrimage and processions to create a space in their lives free from oppression These people give meaning to the expression open your heart the book argues through ritual and stories enabling them to engage the mind and body in a movement toward as one participant said the sacred center of their lives Sandell argues that the storytelling represents a tradition of poetics that provides an alternative emancipatory epistemology Am rico Paredes for example defined this tradition in his scholarship of border balladry According to Paredes storytelling with ritual elements raises a feature of performance characterized as a convivial disposition and shared sense of identity among people who call themselves Mexican not for national identification but for a cultural one understood as Greater Mexico Sandell contributes to this tradition and achieves an understanding of Greater Mexico characterized by people whose stories and rituals help them find common ground unity and wholeness through an open heart

A Contested Art Stephanie Lewthwaite, 2015-10 When New Mexico became an alternative cultural frontier for avant garde Anglo American writers and artists in the early twentieth century the region was still largely populated by Spanish speaking Hispanos Anglos who came in search of new personal and aesthetic freedoms found inspiration for their modernist ventures in Hispano art forms Yet when these arrivistes elevated a particular model of Spanish colonial art through their preservationist endeavors and the marketplace practicing Hispano artists found themselves working under a new set of patronage relationships and under new aesthetic expectations that tied their art to a static vision of the Spanish colonial past In A Contested Art historian Stephanie Lewthwaite examines the complex Hispano response to

these aesthetic dictates and suggests that cultural encounters and appropriation produced not only conflict and loss but also new transformations in Hispano art as the artists experimented with colonial art forms and modernist trends in painting photography and sculpture Drawing on native and non native sources of inspiration they generated alternative lines of modernist innovation and mestizo creativity These lines expressed Hispanos cultural and ethnic affiliations with local Native peoples and with Mexico and presented a vision of New Mexico as a place shaped by the fissures of modernity and the dynamics of cultural conflict and exchange A richly illustrated work of cultural history this first book length treatment explores the important yet neglected role Hispano artists played in shaping the world of modernism in twentieth century New Mexico A Contested Art places Hispano artists at the center of narratives about modernism while bringing Hispano art into dialogue with the cultural experiences of Mexicans Chicanas/os and Native Americans In doing so it rewrites a chapter in the history of both modernism and Hispano art Published in cooperation with The William P Clements Center for Southwest Studies Southern Methodist University *Remapping the History of Catholicism in the United States* David J. Endres, 2017 For more than thirty years the quarterly journal U S Catholic historian has mapped the diverse terrain of American Catholicism This collection of essays including seven of the most popular and path breaking contributions of recent years tells the story of Catholics previously underappreciated by historians women African Americans Latinos Asian Americans and those on the frontier and borderlands Publisher description *Colonial Legacies in Chicana/o Literature and Culture* Vanessa Fonseca-Chávez, 2020-10-06 Colonial Legacies in Chicana/o Literature and Culture exposes the ways in which colonialism is expressed in the literary and cultural production of the U S Southwest a region that has experienced at least two distinct colonial periods since the sixteenth century Vanessa Fonseca Ch vez traces how Spanish colonial texts reflect the motivation for colonial domination She argues that layers of U S colonialism complicate how Chicana/o literary scholars think about Chicana/o literary and cultural production She brings into view the experiences of Chicana/o communities that have long standing ties to the U S Southwest but whose cultural heritage is tied through colonialism to multiple nations including Spain Mexico and the United States While the legacies of Chicana/o literature simultaneously uphold and challenge colonial constructs the metaphor of the kaleidoscope makes visible the rupturing of these colonial fragments via political and social urgencies This book challenges readers to consider the possibilities of shifting our perspectives to reflect on stories told and untold and to advocate for the inclusion of fragmented and peripheral pieces within the kaleidoscope for more complex understandings of individual and collective subjectivities This book is intended for readers interested in how colonial legacies are performed in the U S Southwest particularly in the context of New Mexico Texas and Arizona Readers will relate to the book's personal narrative thread that provides a path to understanding fragmented identities **Handbook of Hispanic Cultures in the United States: Literature and Art** Nicolàs Kanellos, Claudia Esteva-Fabregat, Francisco Lomelí, 1993-01-01 Recovering the U S Hispanic Literary Project is a national project to locate identify preserve and make
