Shaftesbury Richard Turnbull,2010 A new accessible biography of the British philanthropist and social reformer Lord Shaftesbury 1801-1885 *Dynamics of Spiritual Life* Richard F. Lovelace,2020-01-28 In this expanded edition of a classic work of spiritual theology historian Richard Lovelace presents a history of spiritual renewals in light of biblical models With scholarly and pastoral insight he offers a powerful vision of renewal that can unify various models across traditions combining individual and corporate spirituality social activism and evangelism **The Search for Social Salvation** Gary Scott Smith,2000-01-01 In their studies of social Christianity scholars of American religion have devoted critical attention to a group of theologically liberal pastors primarily in the Northeast Gary Scott Smith attempts to paint a more complete picture of the movement Smith's ambitious and thorough study amply demonstrates how social Christianity which included blacks women Southerners and Westerners worked to solve industrial political and urban problems reduce racial discrimination increase the status of women curb drunkenness and prostitution strengthen the family upgrade public schools and raise the quality of public health In his analysis of the available scholarship and case studies of individuals organizations and campaigns central to the movement Smith makes a convincing case that social Christianity was the most widespread long lasting and influential religious social reform movement in American history *Nightingales* Gillian Gill,2007-12-18 Florence Nightingale was for a time the most famous woman in Britain if not the world We know her today primarily as a saintly character perhaps as a heroic reformer of Britain's health care system The reality is more involved and far more fascinating In an utterly beguiling narrative that reads like the best Victorian fiction acclaimed author Gillian Gill tells the story of this richly complex woman and her extraordinary family Born to an adoring wealthy cultivated father and a mother whose conventional facade concealed a surprisingly unfettered intelligence Florence was connected by kinship or friendship to the cream of Victorian England's intellectual aristocracy Though moving in a world of ease and privilege the Nightingales came from solidly middle class stock with deep traditions of hard work natural curiosity and moral clarity So it should have come as no surprise to William Edward and Fanny Nightingale when their younger daughter Florence showed an early passion for helping others combined with a precocious bent for power Far more problematic was Florence's inexplicable refusal to marry the well connected Richard Monckton Milnes As Gill so brilliantly shows this matrimonial refusal was at once an act of religious dedication and a cry for her freedom as a woman and as a leader Florence's later insistence on traveling to the Crimea at the height of war to tend to wounded soldiers was all but incendiary especially for her older sister Parthenope whose frustration at being in the shade of her more charismatic sibling often led to illness Florence succeeded beyond her wildest dreams But at the height of her celebrity at the age of thirty seven she retired to her bedroom and remained there for

most of the rest of her life allowing visitors only by appointment Combining biography politics social history and consummate storytelling Nightingales is a dazzling portrait of an amazing woman her difficult but loving family and the high Victorian era they so perfectly epitomized Beautifully written witty and irresistible Nightingales is truly a tour de force **A History of Childhood and Disability** Philip L. Safford, Elizabeth J. Safford, 1996 In their chronological portrait the authors synthesize the many voices of exceptional children providing a historical picture that includes not only the perspective of the professional but also to the extent possible that of the client The book begins by placing the origins of special education in historical context from Aristotle through the Enlightenment and beyond Subsequent chapters consider individual conditions traditionally associated with specialized approaches e g blindness deafness and retardation discuss conditions that have given rise to further differentiation of childhood exceptionality and offer a synthesis of themes and a prospective for a new history now emerging of children considered exceptional Victorians and the Case for Charity Marilyn D. Button, Jessica A. Sheetz-Nguyen, 2013-11-18 This collection of all new essays seeks to answer a series of questions surrounding the Victorian response to poverty in Britain In short what did various layers of society say the poor deserved and what did they do to help them The work is organized against the backdrop of the 1834 New Poor Laws recognizing that poverty garnered considerable attention in England because of its pervasive and painful presence Each essay examines a different initiative to help the poor Taking an historical tack the essayists begin with the royal perspective and move into the responses of Church of England members Evangelicals and Roman Catholics the social engagement of the literati is discussed as well This collection reflects the real monetary spiritual and emotional investments of individuals public institutions private charities and religious groups who struggled to address the needs of the poor A Theology as Big as the City Raymond J. Bakke, 2025-07-29 As we look at the world class cities around our planet we face five new urban realities a crack cocaine epidemic assault weapons massive numbers of homeless children HIV AIDS and in the U S what Time magazine has called the browning of America The needs of the urban population are greater than ever As our cities swell with immigrants I m reminded that Jesus was born in a borrowed barn in Asia and became an African refugee in Egypt so the Christmas story is about an international migrant Furthermore a whole village full of baby boys died for Jesus before he had the opportunity to die for them on the cross Surely this Jesus understands the pain of children who die for the sins of adults in our cities How does God see the city What does Scripture have to say about urban ministry These are the questions Ray Bakke has systematically addressed beginning with Genesis and continuing through to Revelation Here is a biblical theology that will constantly surprise and challenge as you get a glimpse of how big God s view of the city really is Political Poetry as Discourse Angela M. Leonard, 2010-01-01 Political Poetry as Discourse examines the works of the political poets John Greenleaf Whittier and Ebenezer Elliott drawing comparisons to contemporary hip hoppers who take their words from local newspapers and other discursive sources that they read hear and observe Local presses and news vehicles stand as cultural

material forms that supply poets with words particularly words that congeal into patterns of language allowing the creation of a poetic discourse As readers of these poets apply techniques and theories of discourse analysis they reveal how poets borrow lift hijack or resituate words from one or more different genres to use as tools of political change Leonard engages with the critical toolboxes of content analysis semiosis and deconstruction to demonstrate how to critically investigate and interrogate the images sounds and words not just of politically engaged poets but also of any disseminator of culture and news Moving beyond theory into praxis this book becomes a model of its own transgressive premise by thinking analyzing writing and teaching against the grain Its focus on language as unbounded discourse makes this book a relevant and insightful demonstration in democratic pedagogy and in teaching for transformation     The Virginia Magazine of History and Biography Philip Alexander Bruce, William Glover Stanard, 1980 Vols 1 28 30 31 33 34 include the society s Proceedings at its annual meeting 1893 1923 1926     Shaftesbury: the Great Reformer, 1801-1885 Georgina Battiscombe, 1975

**Victorian Britain (Routledge Revivals)** Sally Mitchell, 2012-08-06 First published in 1988 this encyclopedia serves as an overview and point of entry to the complex interdisciplinary field of Victorian studies The signed articles which cover persons events institutions topics groups and artefacts in Great Britain between 1837 and 1901 have been written by authorities in the field and contain bibliographies to provide guidelines for further research The work is intended for undergraduates and the general reader and also as a starting point for graduates who wish to explore new fields
