The Shakespeare Story-Book Mary Macleod and William Shakespeare, 2018-06-18 Up The value of this book will depend upon the intended use From the deep orange endpapers through generous margins and clear print to the multitude of evocative illustrations the volume is a delight Foreman's intense watercolors and lively ink wash illustrations go far to help create the moods of the stories The storytelling is uneven Garfield is able to evoke the heartbreak of King Lear but fails to convey the crazy humor of Twelfth Night but it is generally competent enough However Garfield's visual descriptions are so specific and so lavish his line interpretations so

absolute that he almost guarantees that any given production will seem inadequate after such a buildup Libraries that have Lamb s Tales from Shakespeare Macmillan 1963 o p or Chute s Stories from Shakespeare World 1956 o p probably don t need to add this luxury item Garfield covers only 12 of the best known plays while the Lambs tell 20 tales and Chute leads the pack with 36
