Shakespeare English History:

   The English History Play in the Age of Shakespeare Irving Ribner,2005 Recognized as one of the leading books in its field The English History Play in the Age of Shakespeare presents the most comprehensive account available of the English historical drama from its beginning to the closing of the theatres in 1642   **English History in Shakespeare's Plays** Beverley Ellison Warner,1903   Shakespeare's English Kings Peter Saccio,2000 The second edition of this which will appeal to both students and interested general readers   English History in Shakespeare's Plays Beverley Ellison Warner,1894 1906 This volume had its origin in a course of lectures on the study of history as illustrated in the plays of Shakespeare Contents An Introduction to the English Historical Plays King John The Transition Period Richard II The Lancastrian Usurpation Henry IV The Passing of Feudalism Henry V England s Song of Triumph Henry VI The Wars of the Rose Richard III The Last of the Plantagenets and Henry VIII The English Reformation   Shakespeare and the Staging of English History Janette Dillon,2012-04-05 OXFORD SHAKESPEARE TOPICS General Editors Peter Holland and Stanley Wells Oxford Shakespeare Topics provide students and teachers with short books on important aspects of Shakespeare criticism and scholarship Each book is written by an authority in its field and combines accessible style with original discussion of its subject This new study of Shakespeare s English history plays looks at the plays through the lens of early modern staging focusing on the recurrence of particular stage pictures and units of action and seeking to show how these units function in particular and characteristic ways within the history plays Through close analysis of stage practice and stage picture the book builds a profile of the kinds of writing and staging that characterise a Shakespearean history play and that differentiate one history play from another The first part of the book concentrates primarily on the stage looking at the single picture or tableau the use of presenters or choric figures and the creation of horizontally and vertically divided stage pictures Later chapters focus more on the body on how bodies move gesture occupy space and handle objects in particular kinds of scenes The book concludes by analysing the highly developed use of one crucial stage property the chair of state in Shakespeare s last history play Henry VIII Students of Shakespeare often express anxiety about how to read a play as a performance text rather than a non dramatic literary text This book aims to dispel that anxiety It offers readers a way of making sense of plays by looking closely at what happens on stage and breaks down scenes into shorter units so that the building blocks of Shakespeare s historical dramaturgy become visible By studying the unit of action how it looks and how that look resembles or differs from the look of other units of action readers will become familiar with a way of reading that may be applied to other plays both Shakespearean and non Shakespearean   Shakespeare's Histories: Volume One William Shakespeare,2014-05-30 List of Histories Volume One by William Shakespeare 1 King Henry IV Part I 2 King Henry IV Part II 3 King Henry V In the First Folio the plays of William Shakespeare were grouped into three categories comedies histories and tragedies The histories might be more accurately called the English history plays and include the outliers King John and
