

**IS SHAKESPEARE  
A VIOLENT  
THREAT TO  
DEMOCRACY?**

# Shakespeare And Democracy

**Monika Smialkowska**

## **Shakespeare And Democracy:**

**Shakespeare and Democracy** Edward Salmon, 1916 Expatriates upon the Bard's lifelong love hate relationship with the democratic principle *Shakespeare and Democracy* Gabriel Chanan, 2015 How we can relate Shakespeare to the politics of our time Shakespeare moves towards a democratic concept of society over the course of his plays His dramatisation of how societies hold together or break apart has fresh significance in an age when democracy faces new challenges at a global level These are some of the conclusions of Gabriel Chanan's illuminating new approach to Shakespeare's plays Chanan argues that even though Shakespeare could know nothing of modern democracy he played a fundamental role in building the culture that underlies it But democracy is still historically young an incomplete global experiment facing internal and external challenges and open to accusations of being misused to disguise exploitation It needs continuing sustenance from Shakespeare's critique of autocracy and models of open ended thinking Using abundant illustration from the plays Chanan's argument is accessible to those without specialist knowledge yet throws new light on academic debates He traces the political significance of Shakespeare in terms of development across his work There are critical turning points from depicting the external actions of kings to their dreams and nightmares from critiquing individual reigns to questioning the institution of monarchy from exposing the errors and evils of rulers to the question of how others can repair the damage There are also contradictory elements but ultimately it is Shakespeare's method even more than his subject matter which is essential to democracy showing that there is no fixed right perception of reality which must be managed by the interaction of opposites Teachers will find this book immensely useful in explaining to pupils why Shakespeare is relevant now and where the political themes of an individual play fit into the wider pattern of his work It gives the essential historical context succinctly and tackles theory with a light touch *Shakespeare and democracy* Edward Salmon, 1973 *Shakespeare and Democracy* Alwin Thaler, 1941 *Shakespeare and Democracy* Edward SALMON (O.B.E.), 1916 **Perspectives on Politics in Shakespeare** John A. Murley, Sean D. Sutton, 2006-08-11 Political science is becoming ever more reliant on abstract statistical models and almost divorced from human judgment hope and idealism William Shakespeare offers the political scientist an antidote to this methodological alienation this self imposed exile from the political concerns of citizens and politicians Shakespeare the most quoted author in the English speaking world presents his characters as rulers citizens and statesmen of the most famous regimes governed by their respective laws and shaped by their respective political and social institutions The actions deliberations mistakes and successes of his characters reveal the limitations and strengths of their regimes whether they be Athens Rome or England The contributors to this volume esteemed scholars of political science show us that Shakespeare's poetic imagination displays the very essence of politics and inspires valuable reflection on the fundamental questions of statesmanship and political leadership *Perspectives on Shakespeare's Politics* explores such themes as classical republicanism and liberty the rule of law and morality the nature and limits of statesmanship and the character of

democracy     Shakespeare's Hamlet and Lawrence Agonistes Barry J. Scherr, 2018-07-27 This book is the first to examine the influence of Shakespeare particularly Hamlet on D H Lawrence Using the Bloomian theory of the anxiety of influence to probe the startling depths of Lawrence's agon with his towering precursor Shakespeare it closely examines Lawrence's crypto Jewish identity as well as that of many of his highly individual characters who embody the characteristics of Old Testament figures and in so doing infuse a patriarchal strength and divine religious sublimity into civilized life Lawrence's claims about the self-sacrificing influence of Christianity on Shakespeare's Hamlet on the other hand demonstrate how this influence carries over into the submission of the subject and the decline of Western Civilization The book extrapolates this decline into a critique of the modern day left wing ideology that appropriates the self-abnegating individual to its collectivist ends In responding agonistically to Shakespeare's Hamlet Lawrence claims a far more complete vital and salubrious consciousness and a Weltanschauung that makes for greater more fulfilling life thanks to the inner strength psychic and sexual power of the Lawrentian Self Supreme The book will appeal to Lawrence and Shakespeare scholars and enthusiasts who wish to appreciate Lawrence and Shakespeare as supremely profound writers and thinkers Its unique demonstration of Bloomian literary theory makes it come poignantly alive for both graduate students and college professors

**Shakespeare's Tercentenary** Monika Smialkowska, 2023-12-21 Uncovers how global Shakespeare Tercentenary commemorations addressed crises of imperial and national identities during the First World War     **Teaching and Learning Shakespeare through Theatre-based Practice** Tracy Irish, Jennifer Kitchen, 2023-12-28 How can the study of Shakespeare contribute to equipping young people for the challenges of an uncertain future This book argues for the necessity of a Shakespeare education that finds meaning in the texts through inviting in the prior knowledge experiences and ideas of students combines intellectual social and emotional learning and develops a critical perspective on what a cultural inheritance is all about It offers a comprehensive exploration of the educational principles underpinning theatre-based practice and explains how and why this practice can open up the possibilities of Shakespeare study in the classroom It empowers Shakespeare educators working with young people aged 5-18 to interact critically creatively and collaboratively with Shakespeare as a living artist Drawing on the authors research and experience with organizations including the Royal Shakespeare Company Shakespeare's Globe the Folger and Coram Shakespeare Schools Foundation Part One consolidates recent developments in the field and engages in lively dialogue with core questions of Shakespeare's place in the classroom Part Two curates a series of interviews with leaders and practitioners from the above and other Shakespeare institutions exploring their core principles and practices Part Three presents chapters from and about classroom teachers who share their experiences of successfully embedding theatre-based approaches to Shakespeare in their own diverse contexts     *The Playbook* James Shapiro, 2024-05-28 A brilliant and daring account of a culture war over the place of theater in American democracy in the 1930s one that anticipates our current divide by the acclaimed Shakespeare scholar James Shapiro From

1935 to 1939 the Federal Theatre Project staged over a thousand productions in 29 states that were seen by thirty million or nearly one in four Americans two thirds of whom had never seen a play before At its helm was an unassuming theater professor Hallie Flanagan It employed at its peak over twelve thousand struggling artists some of whom like Orson Welles and Arthur Miller would soon be famous but most of whom were just ordinary people eager to work again at their craft It was the product of a moment when the arts no less than industry and agriculture were thought to be vital to the health of the republic bringing Shakespeare to the public alongside modern plays that confronted the pressing issues of the day from slum housing and public health to racism and the rising threat of fascism The Playbook takes us through some of its most remarkable productions including a groundbreaking Black production of Macbeth in Harlem and an adaptation of Sinclair Lewis s anti fascist novel It Can t Happen Here that opened simultaneously in 18 cities underscoring the Federal Theatre s incredible range and vitality But this once thriving Works Progress Administration relief program did not survive and has left little trace For the Federal Theatre was the first New Deal project to be attacked and ended on the grounds that it promoted un American activity sowing the seeds not only for the McCarthyism of the 1950s but also for our own era of merciless polarization It was targeted by the first House un American Affairs Committee and its demise was a turning point in American cultural life for as Shapiro brilliantly argues the health of democracy and theater twin born in ancient Greece have always been mutually dependent A defining legacy of this culture war was how the strategies used to undermine and ultimately destroy the Federal Theatre were assembled by a charismatic and cunning congressman from East Texas the now largely forgotten Martin Dies who in doing so pioneered the right wing political playbook now so prevalent that it seems eternal

**Great Shakespeareans Set II** Adrian Poole, Peter Holland, 2014-09-29 The second set of volumes in the eighteen volume series Great Shakespeareans covering the work of nineteen key figures who influenced the global understanding of Shakespeare

Capitalism, Democracy, and Ralph's Pretty Good Grocery John Mueller, 2001-07-30 Democracy is overrated Capitalism on the other hand doesn t get enough credit In this provocative and engaging book John Mueller argues that these mismatches between image and reality create significant political and economic problems inspiring instability inefficiency and widespread cynicism We would be far better off he writes if we recognized that neither system is ideal or disastrous and accepted instead the humdrum truth that both are pretty good And to Mueller that means good enough He declares that what is true of Garrison Keillor s fictional store Ralph s Pretty Good Grocery is also true of democracy and capitalism if you can t get what you want there you can probably get along without it Mueller begins by noting that capitalism is commonly thought to celebrate greed and to require discourtesy deceit and callousness However with examples that range from car dealerships and corporate boardrooms to the shop of an eighteenth century silk merchant Mueller shows that capitalism in fact tends to reward behavior that is honest fair civil and compassionate He argues that this gap between image and reality hampers economic development by encouraging people to behave dishonestly unfairly and discourteously to try to get ahead

and to neglect the virtuous behavior that is an important source of efficiency and gain The problem with democracy s image by contrast is that our expectations are too high We are too often led by theorists reformers and romantics to believe that democracy should consist of egalitarianism and avid civic participation In fact democracy will always be chaotic unequal and marked by apathy It offers reasonable freedom and security but not political paradise To idealize democracy Mueller writes is to undermine it since the inevitable contrast with reality creates public cynicism and can hamper democracy s growth and development Mueller presents these arguments with sophistication wit and erudition He combines mastery of current political and economic literature with references to figures ranging from Plato to P T Barnum from Immanuel Kant to Ronald Reagan from Shakespeare to Frank Capra Broad in scope and rich in detail the book will provoke debate among economists political scientists and anyone interested in the problems or non problems of modern democracy and capitalism

**Heroic Image in Five Shakespearean Tragedies** Matthew N. Proser,2015-12-08 Centers upon the protagonists of Julius Caesar Macbeth Othello Coriolanus and Antony and Cleopatra Originally published in 1965 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

***The Novel of Democracy in America*** Alice Jouveau Du Breuil,1923

***Shakespeare's Fugitive Politics*** Thomas P. Anderson,2016-08-16 Establishes Shakespeares plays as some of the periods most speculative political literature Shakespeares Fugitive Politics makes the case that Shakespeares plays reveal there is always something more terrifying to the king than rebellion The book seeks to move beyond the presumption that political evolution leads ineluctably away from autocracy and aristocracy toward republicanism and popular sovereignty Instead it argues for affirmative politics in Shakespeare the process of transforming scenes of negative affect into political resistance Shakespeares Fugitive Politics makes the case that Shakespeares affirmative politics appears not in his dialectical opposition to sovereignty absolutism or tyranny nor is his affirmative politics an inchoate form of republicanism on its way to becoming politically viable Instead this study claims that it is in the place of dissensus that the expression of the eventful condition of affirmative politics takes place a fugitive expression that the sovereign order always wishes to shut down

**Key Features**Promotes a new understanding of fugitive democracy Establishes the presence of a form of alternative politics in early modern drama articulated through the contours of theories of sovereigntyExplores how the parameters of contemporary radical politics take shape in major Shakespeare plays including Coriolanus King John Henry V Titus Andronicus The Winters Tale and Julius Caesar

**The Oxford Handbook of Shakespeare's Poetry** Jonathan Post,2013-07-18 The Oxford Handbook of Shakespeare s Poetry contains thirty eight original essays written by leading Shakespeareans around the world Collectively these essays seek to

return readers to a revived understanding of Shakespeare's verbal artistry in both the poems and the drama. The volume understands poetry to be not just a formal category designating a particular literary genre but to be inclusive of the dramatic verse as well and of Shakespeare's influence as a poet on later generations of writers in English and beyond. Focusing on a broad set of interpretive concerns, the volume tackles general matters of Shakespeare's style, earlier and later questions of influence from classical, continental, and native sources, the importance of words, line, and rhyme to meaning, the significance of songs and ballads in the drama, the place of gender in the verse, including the relationship of Shakespeare's poetry to the visual arts, the different values attached to speaking Shakespeare in the theatre, and the adaptation of Shakespearean verse as distinct from performance into other periods and languages. The largest section, with ten essays, is devoted to the poems themselves: the Sonnets plus *A Lover's Complaint*, the narrative poems *Venus and Adonis* and *The Rape of Lucrece*, and *The Phoenix and the Turtle*. If the volume as a whole urges a renewed involvement in the complex matter of Shakespeare's poetry, it does so as the individual essays testify by way of responding to critical trends and discoveries made during the last three decades.

*A Companion to Shakespeare's Works, Volume I* Richard Dutton, Jean E. Howard, 2008-04-15. This four-volume Companion to Shakespeare's Works, compiled as a single entity, offers a uniquely comprehensive snapshot of current Shakespeare criticism. It brings together new essays from a mixture of younger and more established scholars from around the world: Australia, Canada, France, New Zealand, the United Kingdom, and the United States. It examines each of Shakespeare's plays and major poems using all the resources of contemporary criticism, from performance studies to feminist historicist and textual analysis. Volumes are organized in relation to generic categories: namely, the histories, the tragedies, the romantic comedies, and the late plays, problem plays, and poems. Each volume contains individual essays on all texts in the relevant category as well as more general essays looking at critical issues and approaches more widely relevant to the genre. It offers a provocative roadmap to Shakespeare studies at the dawning of the twenty-first century. This companion to Shakespeare's tragedies contains original essays on every tragedy from *Titus Andronicus* to *Coriolanus*, as well as thirteen additional essays on such topics as Shakespeare's Roman tragedies, Shakespeare's tragedies on film, Shakespeare's tragedies of love, *Hamlet* in performance, and tragic emotion in Shakespeare.

***The Working Men's College Journal***, 1907. *The New Statesman*, 1921. *Shakespeare, Technicity, Theatre* W. B. Worthen, 2020-04-23. This urgent and provocative study explores contemporary Shakespeare performance to bring a sense of theatre as technology into view. Rather than merely using technologies, the theatre's distinctively intermedial character is essential to its complex technicity: the changing function of gesture and costume of written documents in the making of performance of light and sound, and of the interplay of live and recorded acting, complicate the sense of theatre as a medium. In a series of probing discussions, Worthen interrogates the interaction of live and mediated acting onstage, the impact of written media from the handwritten scroll to the small screen, app in acting as a technology, the work of Original Practices as an interactive modern theatre technology, the economies of

theatrical immersion and the consequences of an emerging algorithmic theatre providing a richly theoretical reading of the stakes of theatre as an always emerging technology
