**Shakespeare Memorial Theatre, 1948-1950** Shakespeare Memorial Theatre (Stratford-upon-Avon, England),Ivor John Carnegie Brown,1951     Shakespeare, Text and Theater Jay L. Halio,Lois Potter,Arthur F. Kinney,1999 Jay L Halio is internationally distinguished as an editor of Shakespeare s plays and as a critic of Shakespeare in performance This collection with an international list of contributors honors both those interests and explores their interconnectedness BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved     Shakespeare and Stratford Katherine Scheil,2019-07-12 As the site of literary pilgrimage since the eighteenth century the home of the Royal Shakespeare Company and the topic of hundreds of imaginary portrayals Stratford is ripe for analysis both in terms of its factual existence and its fictional afterlife The essays in this volume consider the various manifestations of the physical and metaphorical town on the Avon across time genre and place from America to New Zealand from children s literature to wartime commemorations We meet many Stratfords in this collection real and imaginary and the interplay between the two generates new visions of the place     *Shakespeare Between the World Wars* Robert Sawyer,2019-02-06 Shakespeare Between the World Wars draws parallels between Shakespearean scholarship criticism and production from 1920 to 1940 and the chaotic years of the Interwar era The book begins with the scene in Hamlet where the Prince confronts his mother Gertrude Just as the closet scene can be read as a productive period bounded by devastation and determination on both sides Robert Sawyer shows that the years between the World Wars were equally positioned Examining performance and offering detailed textual analyses Sawyer considers the re evaluation of Shakespeare in the Anglo American sphere after the First World War Instead of the dried barren earth depicted by T S Eliot and others in the 1920s and 1930s this book argues that the literary landscape resembled a paradoxically fertile wasteland for just below the arid plain of the time lay the seeds for artistic renewal and rejuvenation which would finally flourish in the later twentieth century     Designers' Shakespeare John Russell Brown,Stephen Di Benedetto,2016-05-05 Theatre Design involves everything seen on stage not only scenery but costumes wigs makeup properties lighting sound even the shape and material of the stage itself Designers Shakespeare presents and analyses the work of a half dozen leading practitioners of this specialist art By focusing specifically on their Shakespearean work it also offers a fresh exciting perspective on some of the best known drama of all time Shakespeare s plays offer an unusual range of opportunities to designers As they were written for a theatre which gave no opportunity for scenic support or embellishment designers are freed from any compulsion to imitate original practices This has resulted in the extraordinarily diverse range of works presented in this volume which considers among others the work of Josef Svoboda

*Troilus and Cressida* William Shakespeare, 2015-10-22 A revised edition of this intriguing and complex play updated to cover recent critical thinking and stage history Troilus and Cressida is a tragedy often labelled a problem play because of its apparent blend of genres and its difficult themes Set in the Trojan Wars it tells a story of doomed love and honour offering a debased view of human nature in war time and a stage peopled by generally unsympathetic characters The revised edition makes an ideal text for study at undergraduate level and above
