Shakespeare The Four Folios

H.P. Kraus (Firm)

Shakespeare The Four Folios:

Shakespeare: The Four Folios William Shakespeare, 1997-05 Shakespeare's Four Folios were published between 1623 and 1685. Although folio refers to the large size of the books, it is also a reflection of the standing in which the plays and their author were held. Up until the publication of the First Folio, works of literature had never before been produced in such large and luxurious a format. In each of the folios, the 26 plays are arranged in genres of Comedies, Histories, and Tragedies, and include introductory notes by the editors Hemming and Condell. Routledge Thoemmes Press have republished the Four Folios in their original size and format as they would have appeared in the 17th Century. **The Four Shakespeare Folios, 1623-2023** Samuel V Lemley, 2024-05-27 A collection of essays by leading scholars of Shakespeare in print offering an overview of current research on the Folios and on unsettled questions about the bibliography of Shakespeare's plays. **The Four Folios of Shakespeare's Plays**, 1907 *Four Folios of Shakespeare's Plays* Mead & Company, Dodd, Luther Samuel 1864-1914 Livingston, 2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America and possibly other nations. Within the United States, you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work. Scholars believe and we concur that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant. *Four Folios of Shakespeare's Plays* Dodd, Mead & Company, 1907 *A Description of the Four Folios of Shakespeare, 1623, 1632, 1663-4, 1685, in the original bindings, etc. (Second printing.) [With illustrations.]* Abraham Simon Wolf Rosenbach, 1945 *Shakespeare's First Folio* Emma Smith, 2016-03-24 This is a biography of a book: the first collected edition of Shakespeare's plays printed in 1623 and known as the First Folio. It begins with the story of its first purchaser in London in December 1623 and goes on to explore the ways people have interacted with this iconic book over the four hundred years of its history. Throughout the stress is on what we can learn from individual copies now spread around the world about their eventful lives. From ink blots to pet paws, from annotations to wineglass rings, First Folios teem with evidence of its place in different contexts with different priorities. This study offers new ways to understand Shakespeare's reception and the history of the book. Unlike previous scholarly investigations of the First Folio, it is not concerned with the discussions of how the book came into being, the provenance of its texts, or the technicalities of its production. Instead, it reanimates in narrative style the histories of this book, paying close attention to the details of individual copies now located around the world: their bindings, marginalia, general condition, sales history, and location. To discuss five major themes: owning, reading, decoding, performing, and perfecting. This is a history of the book that consolidated Shakespeare's posthumous

reputation a reception history and a study of interactions between owners readers forgers collectors actors scholars booksellers and the book through which we understand and recognise Shakespeare **The Shakespeare Folio Handbook and Census** ,1990-02-12 This book is the first ever reference to the four seventeenth century editions of William Shakespeare s collected plays known as the folios Along with the quartos these works are highly valued as the earliest surviving texts of the plays and are frequently cited and discussed in textual studies and general criticism As an introductory study of these editions this book focuses on how the folios have traveled over time where they can be found today and how they have been valued monetarily It is the first census of Shakespeare folios conducted in the last fifty years and it is the first handbook to these important texts ever compiled The book provides a wealth of information about the folios in a format that can be quickly and easily accessed It describes the four editions explains their significance and traces their market value over time In addition a census shows which libraries in the United States hold folios the chronological movement of the copies to the U S and some specific details on each copy Also included are a biographical dictionary which offers information on publishers editors collectors and major scholars important to the folios descriptions of famous copies a list of donors discussions of folio lore and bindings and a bibliography An essential reference for all Shakespeare collections this book will be an valuable resource for courses in Shakespearian history and the history of books and printing It will also be an important addition to both academic and public libraries A Description of the Four Folios of Shakespeare Abraham Simon Wolf Rosenbach,1945 Four Hundred Years of Shakespeare's First Folio Thomas Hubeart,2025-08-12 Shakespeare s First Folio has become one of the most famous books of all time but does not stand alone it followed Ben Jonson s trailblazing publication of his own Workes a few years earlier and was closely emulated in 1647 by the so called Beaumont and Fletcher folio In Four Hundred Years the story of all three folios is told including the curious afterlife of Shakespeare s with its many reproductions studies of its printing and copy Folio thefts and scholar forger J P Collier s attempt to set up a rival to its authority of his own making Also the author describes an in person encounter with an original Beaumont and Fletcher folio over three and a half centuries old and concludes with his own dramatization of how Shakespeare s Folio came to be 2

The Four Folios of Shakespeare's Plays Dodd Mead And Company,2018-03-24 Excerpt from The Four Folios of Shakespeare s Plays An Account of the Four Collected Editions Together With a Census of the Known Perfect Copies of the First Folio As a specimen Of typography the volume is no credit to its printers Errors of pagination and signature marks are numerous and inexcusable The headlines of the last two pages of Two Gentlemen Of Verona are wrongly The Merry Wives of Windsor which is the following play Even the initial letter of the first word of text in the volume b in bote swaine was printed upside down though the mistake was corrected in the larger part of the edition The textual misprints in the words of Mr Lee illustrate every phase of typographical carelessness The occasional substitution of actual actors names for those of the characters is evidence of bad editing and shows that play house transcripts were the manuscripts followed About the
