Shakespeare Without Words And Other Essays:

Shakespeare Without Words and Other Essays Alfred Harbage, 2013-10-01 In the title essay of this volume Harbage admonishes the critics and directors whose modern and often perverse presentations of Shakespeare attempt to locate him in the theatre of the absurd According to the author such critics are using the actions of the plays but ignoring the words his concern is that the plays be read and responded to as whole works of art Thus the groundwork is laid for this outstanding collection of essays and lectures most of them previously presented in various publications over the past two or three decades and all characterized by Harbage's urbanity wit and good sense Devoted to the debate of critical issues involving Shakespeare and his fellow dramatists the first eight essays described by the author as pleas for sanity include such pieces as Marlowe Disinterred prompted by a book nominating Marlowe as the author of Shakespeare's plays Cosmic Card Game a parody of the New Criticism and Shakespeare and the Professions where one section details Shakespeare's opinion of the various professions as they are represented by characters in the plays parsons teachers lawyers and doctors The last part of the book is composed of four essays relating to the history of the Elizabethan drama and raising provocative questions of chronology and authorship These articles likewise deal with structural problems and suggest new directions for research

Mulryne, Takashi Kozuka, 2016-04-01 A remarkable resurgence of interest has taken place over recent years in a biographical approach to the work of early modern poets and dramatists in particular to the plays and poems of Shakespeare Marlowe and Jonson The contributors to this volume approach the topic in a manner that is at once critically and historically alert They acknowledge that the biographical evidence for all three authors is limited thus throwing the emphasis acutely on interpretation In

addition to new scholarship the essays are valuable for their awareness of the challenges posed by recent redirections of critical methodology Scepticism and self criticism are marked features of the writing gathered here *Shakespeare* E. Copyright Office,1974 *Laughter, Pain, and Wonder* David Richman,1990 This work s chief aim is to restore to readers performers and audiences the richness and vitality of Shakespeare s comedies Richman explores the way in which a reader s relations to Shakespeare s literary texts differ from those of the relations between performers of Shakespeare s works and their audiences Richman also examines the forms of humor and empathy that Shakespeare s comedies elicit *Deconstructing Macbeth* Harald William Fawkner,1990 Macbeth is discussed in relation to Derrida s notion of the metaphysics of presence Fawkner argues that the quest for metaphysical

certitude in Macbeth is related to the hero's transformation from a heroic to a post heroic status *Introductions, Notes, and Commentaries to Texts in 'The Dramatic Works of Thomas Dekker': Volume 3, The Roaring Girl; If this be Not a Good Play, the Devil is in It; Troia-Nova Triumphans; Match Me in London; The Virgin Martyr; The Witch of Edmonton; The Wonder of a Kingdom* Cyrus Henry Hoy, 1980 Companion guide to the third volume of Dekker's plays with introductions and commentary on *The Roaring Girl* *If this be Not a Good Play* *the Devil is in it* *Troia Nova Triumphans* *Match me in London* *The Virgin Martyr* *The Witch of Edmonton* and *The Wonder of a Kingdom* *The Invention of Shakespeare, and Other Essays* Stephen Orgel, 2022-04-12 In his own time Shakespeare was not a monument but a man of the theater whose plays were less finished artifacts than works in process In contrast to a book a thing we have come to think of as final and achieved a play is a work for performance with each performance based only in part on a text we call a script That script may well have had imperfections that the actors may or may not have noticed as they turned it into a performance There were multiple versions of the scripts and never a final one Every revival of a play indeed every subsequent performance was and always will be different Nevertheless when we study Shakespeare we are likely to come to him via printed texts that are scripts masquerading as books and the impulse is to turn them into finished artifacts worthy of their author's dignity In *The Invention of Shakespeare and Other Essays* Stephen Orgel brings together twelve essays that consider the complex nature of Shakespearean texts which often include errors or confusions and the editorial and interpretive strategies for dealing with them in commentary or performance There is always some underlying claim that we are getting back to what Shakespeare actually wrote Orgel writes but obviously that is not true we clarify we modernize we undo muddles we correct or explain or explain away errors all in the interests of getting a clear readable unproblematic text In short we produce the text that we want him to or think he must have written But one thing we really do know about Shakespeare's original text is that it was hard to read **Introductions, Notes, and Commentaries to Texts in 'The Dramatic Works of Thomas Dekker'** Cyrus Henry Hoy, 2009-03-19 Companion guide to the third volume of Dekker's plays with introductions and commentary on *The Roaring Girl* *If this be Not a Good Play* *the Devil is in it* *Troia Nova Triumphans* *Match me in London* *The Virgin Martyr* *The Witch of Edmonton* and *The Wonder of a Kingdom* **Dramatic Geography** Laurence Publicover, 2017 Focusing on early modern plays which stage encounters between peoples of different cultures the volume explores the ways in which early modern plays stage dramatic geography and how this has shaped literary and theatrical heritage **Meredith Revisited and Other Essays** , *Meredith Revisited and Other Essays* J. H. E. Crees, 2015-06-27 Excerpt from *Meredith Revisited and Other Essays* The following twelve essays written at different times in the last eight years deal with very different writers representative of very different literatures At first sight there is very little resemblance between Homer and Ibsen Meredith and Newman Cicero and Mr J D Beresford But any method of criticism which is based on really sound foundations must arrive at some general conclusions which it should be possible to apply to writers even as distantly related

as those whose works are treated of in these pages Criticism to be successful must not be one sided It should view with sympathy or attempt to view with sympathy writers of every clime and every age and though it must be far from sitting on the fence it must be regard with impartial favour the combatants in the secular struggle between the ancients and the moderns neither condemning the ancients as passe or effete because they are ancient nor refusing moderns the privileges of genius because they were born in the nineteenth or twentieth century It must not shirk the difficult task of appraising those who have not received the testamur of many ages though it must not make a cult of the dernier cri And therefore there may be some justification one hopes for including in a single volume so many different names besides the plea which Samuel Butler wittily advances for publishing that of which the world seems in no urgent need particularly in an age when conditions seem to have conspired for the destruction of the writer unless he be a novelist Some of the essays herein included were papers originally put together for a private society at Gloucester the XII The essay on two plays of Aristophanes The Acharnians and The Clouds appeared originally in the Gloucester Journal on the occasion of the production by boys of the Crypt School in 1912 and 1913 of selections from the two plays in the original Greek The essays were later modified and expanded and now are combined into one longer essay As for the essay on the Smoke Nuisance which has been refused a place in various reviews it can scarcely claim a place by right in the present volume but at a time when human beings seem to be fast reducing themselves to the condition of mere smoking machines it is only natural that one to whom the vogue of tobacco is a colossal enigma should set forth his opinion as emphatically as he can It is only right to add that Mr S M Ellis having as it would seem settled the differences existing between himself and Mr W M Meredith has recently July 1920 reissued his book on Meredith and it can be obtained from the publisher Mr Grant Richards What modifications the book has suffered I cannot say but I gather from a notice in the Saturday Review of August 28 that it has been shortened I was able to see a copy of the original edition and my own essay stands as a criticism of the original work About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
