Longman Modern History Germany 1918 To 1945

David G. Williamson, D.G. Williamson

Longman Modern History Germany 1918 To 1945:

Germany 1918-1945 Joyce Swinton,1995 **Mw History Ol/nl Tackng Source-based Qns ,** Modern European History, 1871-2000 David Welch,2020-09-10 Modern European History brings together a unique selection of documents covering the period from 1871 to 2000 The collection is organised by topic and a clear historical context and chronological chart provide background for each section This second edition brings the book up to date and includes such key themes in European history as Bismarck and Imperial Germany the Russian Revolution the origins and aftermath of the First and Second World Wars Fascist Italy and Nazi Germany The Spanish Civil War The Cold War European Integration 1945 1999 Containing documents such as extracts from diaries speeches treaties poetry radio broadcasts photographs cartoons political posters and propaganda this is an essential resource for students of modern British and European history **The Cambridge Economic History of Modern Europe: Volume 2, 1870 to the Present** Stephen Broadberry, Kevin H. O'Rourke,2010-06-24 Unlike most existing textbooks on the economic history of modern Europe which offer a country by country approach The Cambridge Economic History of Modern Europe rethinks Europe s economic history since 1700 as unified and pan European with the material organized by topic rather than by country This second volume tracks Europe s economic history through three major phases since 1870 The first phase was an age of globalization and of European economic and political dominance that lasted until the First World War The second from 1914 to 1945 was one of war deglobalization and depression and the third was one of growing integration not only within Europe but also between Europe and the global economy Leading authors offer comprehensive and accessible introductions to these patterns of globalization and deglobalization as well as to key themes in modern economic history such as economic growth business cycles sectoral developments and population and living standards The Routledge Companion to Modern European History since 1763 Chris Cook, John Stevenson,2004-11-10 The Routledge Companion to Modern European History since 1763 is a compact and highly accessible work of reference covering the broad sweep of events from the last days of the ancient regime to the ending of the Cold War and from the reshaping of Eastern Europe to the radical expansion of the European Union in 2004 Within the broad coverage of this outstanding volume particular attention is given to subjects such as the era of the Enlightened Despots the Revolutionary and Napoleonic era in France and the revolutions of 1848 nationalism and imperialism and the retreat from Empire the First World War the rise of the European dictators the coming of the Second World War the Holocaust and the post war development of Europe the Cold War the Soviet Union and its break up the protest and upheavals of the 1960s as well as social issues such as the rise of the welfare state and the changing place of women in society throughout the period With a fully comprehensive glossary a biographical section a thorough bibliography and informative maps this volume is the indispensable companion for all those who study modern European history **1996** Massimo Mastrogregori,2014-02-21 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an

international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors

The Oxford Handbook of European History, 1914-1945 Nicholas Doumanis,2016-05-05 The period spanning the two World Wars was unquestionably the most catastrophic in Europe s history Despite such undeniably progressive developments as the radical expansion of women s suffrage and rising health standards the era was dominated by political violence and chronic instability Its symbols were Verdun Guernica and Auschwitz By the end of this dark period tens of millions of Europeans had been killed and more still had been displaced and permanently traumatized If the nineteenth century gave Europeans cause to regard the future with a sense of optimism the early twentieth century had them anticipating the destruction of civilization The fact that so many revolutions regime changes dictatorships mass killings and civil wars took place within such a compressed time frame suggests that Europe experienced a general crisis The Oxford Handbook of European History 1914 1945 reconsiders the most significant features of this calamitous age from a transnational perspective It demonstrates the degree to which national experiences were intertwined with those of other nations and how each crisis was implicated in wider regional continental and global developments Readers will find innovative and stimulating chapters on various political social and economic subjects by some of the leading scholars working on modern European history today

The Third Reich David G. Williamson,D.G. Williamson,2013-11-04 Since publication of the first edition in 1982 David Williamson s The Third Reich has become established as one of the most successful books in the Seminar Studies in History series The author draws on up to date scholarship to guide students through the maze of historical controversies concerning the Third Reich and to offer a comprehensive analysis of the key issues of the period In a clear and accessible manner the new edition provides chapters that introduce readers to the historiography of the Third Reich analyse the reasons for Hitler s rise to power look at how the Nazi regime consolidated it s grip on power during the period March 1933 August 1934 explain how Nazi Germany was governed and discuss to what extent Hitler can be viewed as a weak dictator analyse Hitler s economic foreign and social policies in both war and peace up to 1945 as well as the development of Nazi racial and eugenic policies The analysis of these themes is backed up with an increased selection of documents which enable students to discuss the key issues more fully Providing a concise but comprehensive account of the origins course and downfall of the Third Reich this new edition of an already classic text will be an invaluable introduction to the subject for students

Excel Senior High School Information and Research Skills for Assessment Success Ian Biddle,2000 Contains articles by different authors including Ian Biddle Chris Greef Maree Herrett Debra Kelliher Rodney Lane Marshall Leaver Robert Mulas Sophie Mynott Cameron Paterson and Ross Todd Applies the Information Skills Process to the preparation of assessment tasks for the Biology Business Studies English Geography

Modern History and Society and Culture HSC 2001 Syllabi **How Patriotic is the Patriot Act?** Amitai Etzioni, 2005-06-29

In this short book Etzioni the well known and respected public intellectual and communitarian thinker charts a middle course or third way between those who are committed to shore up our liberties but blind to the needs of public security as well as those who never met a right they are not willing to curtail to give authorities an even freer hand This book will prove a useful guide for citizens looking for a thought provoking well reasoned and sober analysis of one of the hot button issues of our time

Winter Warfare Richard N. Armstrong, Joseph G. Welsh, 2014-06-03 Based on German and Soviet military archival material this book provides an insight into the tactics and planning for combat in a winter climate It also studies the mechanisms for change in an army during the course of battle The first part of the book looks at the tactical pamphlet People s Commissar for Defence Order No 109 as passed by Red Army units on 4 March 1941 which provided regulations for combat in Winter The second part of the book using material from the Soviet military archives reveals Red Army General Staff supplements to the winter regulation **Nordic, Central, and Southeastern Europe 2018-2019** Wayne C.

Thompson, 2018-08-16 This is an annually updated presentation of each sovereign country in Nordic Central and Southeastern Europe past and present It is organized by individual chapters for each country and presents a complete and authoritative overview of each region s geography people history political system constitution parliament parties political leaders and elections The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students Now in its 18th edition the content is thorough yet perfect for a one semester introductory course or general library reference Available in both print and e book formats and priced low to fit student and library budgets Nordic, Central, and Southeastern Europe 2014 Wayne C. Thompson, 2014-07-24 This is an annually updated

presentation of each sovereign country in Nordic Central and Southeastern Europe past and present It is organized by individual chapters for each country dealing with its geography people history political system constitution parliament decentralization and states if a federation parties political leaders and elections There are also sections on foreign and defense policy economy culture future and a lengthy bibliography **The Routledge History of East Central Europe**

Since 1700 Irina Livezeanu, Arpad von Klimo, 2017-03-16 Covers territory from Russia in the east to Germany and Austria in the west exploring the origins and evolution of modernity in this region Provided by the publisher European Socialism

William Smaldone, 2019-10-16 This accessible text offers a concise but comprehensive introduction to European socialism which arose in the maelstrom of the industrial and democratic revolutions launched in the eighteenth century Striving for sweeping social economic cultural and political change socialists were a diverse lot However they were united by principles asserting the social and political equality of all people ideas that won the adherence of millions and struck fear in the hearts of their numerous opponents William Smaldone shows how over the course of 200 years socialists successfully promoted the

democratization of European society and a more equitable division of wealth At the same time he illustrates how conflicts over the means of achieving their aims divided them into rival socialist and communist currents a rift that undercut the struggle against fascism and helped lay the groundwork for Europe s division during the Cold War Although many predicted the demise of socialism as a potent force after the end of the Cold War the Soviet Union s dissolution and the rise of neo liberal ideology recent developments show that such a judgment was premature The author argues that the growth of new socialist parties across Europe indicates that socialist ideas remain vibrant in the face of capitalism s failure to solve chronic social and economic problems especially following the deep global crisis that began in 2008 Combining an analytical narrative with a selection of primary texts and visual images this book provides undergraduate students with a brief readable history including an overview of how socialist political movements have evolved over time and stressing the rich diversity that has characterized socialism s foundations from its beginning This new edition brings this text up to date and examines the European socialist movement in the face of 21st century challenges It includes a new preface including the 2017 American election updated bibliographies two new chapters and an afterword

Enlivening Secondary History Peter Davies,Rhys J. Davies,2012 **Enlivening Secondary History 50 Classroom Activities for Teachers and Pupils** **Essentials of Holocaust Education** Samuel Totten,Stephen Feinberg,2016-03-17 **Essentials of Holocaust Education Fundamental Issues and Approaches** is a comprehensive guide for pre and in service educators preparing to teach about this watershed event in human history An original collection of essays by Holocaust scholars teacher educators and classroom teachers it covers a full range of issues relating to Holocaust education with the goal of helping teachers to help students gain a deep and thorough understanding of why and how the Holocaust was perpetrated Both conceptual and pragmatic it delineates key rationales for teaching the Holocaust provides useful historical background information for teachers and offers a wide array of practical approaches for teaching about the Holocaust Various chapters address teaching with film and literature incorporating the use of primary accounts into a study of the Holocaust using technology to teach the Holocaust and gearing the content and instructional approaches and strategies to age appropriate audiences A ground breaking and highly original book **Essentials of Holocaust Education** will help teachers engage students in a study of the Holocaust that is compelling thought provoking and reflective

Creating Modern Capitalism Thomas K. McCraw,1998-01-02 What explains the economic success of the U S Britain Germany and Japan What can be learned from the performances of leading business firms How important were specific innovations by individual entrepreneurs What is the nature of capitalist development McCraw and his coauthors present penetrating answers to these questions

The Cambridge Companion to Modern German Culture Eva Kolinsky,Wilfried van der Will,1999-01-28 One of the most intriguing questions of our time is how some of the masterpieces of modernity originated in a country in which personal liberty and democracy were slow to emerge This Companion provides an authoritative account of modern German culture since the onset of industrialisation the rise of mass

society and the nation state Newly written and researched by experts in their respective fields individual chapters trace developments in German culture including national identity class Jews in German society minorities and women the functions of folk and mass culture poetry drama theatre dance music art architecture cinema and mass media from the nineteenth century to the present Guidance is given for further reading and a chronology is provided In its totality the Companion shows how the political and social processes that shaped modern Germany are intertwined with cultural genres and their agendas of creative expression

The Holocaust David M. Crowe, 2021-12-30 Now in its second edition this book takes a fresh probing look at one of the greatest human tragedies in modern history Beginning with a detailed overview of the history of the Jews and their two millennia old struggle with the anti Judaic and anti Semitic prejudice and discrimination that set the stage for the Holocaust David M Crowe discusses the evolution of Nazi racial policies beginning with the development of Adolf Hitler s anti Semitic ideas their importance to the Nazi movement in the 1920s and 1930s and their expanding role in the evolution of German policies leading to the Final Solution in 1941 the mass murder of Jews throughout Nazi occupied Europe The German program involved the creation of death camps like Auschwitz and Treblinka and mass murder sites throughout Eastern Europe and the Soviet Union While the Jews were the principal victims other groups who were deemed racial or biological threats to Hitler s goal of creating an Aryan pure Europe were also targeted including the Roma and the handicapped This book discusses Nazi policies in each country in German occupied Europe as well as the role of Europe s neutrals in the larger German scheme of things It also takes an in depth look at liberation Displaced Persons the founding of Israel and efforts throughout the western world to bring Nazi war criminals and their collaborators to justice This second edition includes a new chapter on the importance of memory and the Holocaust the evolution of interpretative Holocaust scholarship and media recent controversies about national responsibility and the work of Holocaust museums archives and libraries in Israel Germany Poland and the United States to promote Holocaust education and memory It concludes with the rise of Neo Nazism white nationalism and other movements in Germany and the United States and their relationship to questions about Holocaust memory and its lessons Comprehensive and offering a detailed historical perspective this is the perfect resource for those looking to gain a deep understanding of this tragedy
