Lilienfeld, 1998 Mental health practitioners should find this reader of particular interest It contains 40 recent articles compiled from popular and academic sources that explore ongoing issues and controversies regarding mental illness and its treatment Among the topics addressed in this book are gender differences in depression the biological bases of schizophrenia the diagnosis of multiple personality disorder the controversy regarding recovered memories of child abuse and the use of Prozac and similar medications to treat mood disturbances This book exposes readers to a broad sampling of the major questions and debates confronting today's psychopathology researchers      *The Scientific American Reader to Accompany Abnormal Psychology* Scientific American, Ronald J. Comer, 2001-06-29 Drawn from Scientific American this full color collection of articles enhances coverage of important topics within the course The selections have been hand picked by Ron Comer who provides a preview and discussion questions for each article      *Key Studies in Psychology, 5th Edition* Richard Gross, 2007-12-28 Key Studies in Psychology 5th edition provides summaries of 40 key studies that have shaped the course of psychology covering both the classic core studies and more recent contemporary studies Concise user friendly and comprehensive the new edition of this bestselling textbook is ideal for students of psychology at all levels Before each summary the Background Context features put each study into a clear theoretical or practical context and explain the aims hypotheses methods and design After each summary a full Evaluation is provided focusing on major theoretical and methodological issues subsequent research and applications and implications Each summary is also followed by useful Exercise questions to encourage the student to think critically about methodological theoretical and ethical features of the study Full answers to all Exercise questions are also provided in an Appendix All the classic core studies are covered alongside a number of newer studies which cover topics such as the effects of abortion on young women adolescent's brains anorexia nervosa and nurses understanding of the concept of care These very recent studies are highly relevant to everyday life making this text ideal for the study of Applied Psychology Fully updated and modernised this brand new edition of Key Studies in Psychology is essential reading for Psychology students at all levels      **Psychology: The Science of Mind and Behaviour 7th Edition** Richard Gross, 2015-08-14 Provides the essential foundation for psychology students this is a revised and updated version of the most trusted introduction written by the bestselling psychology author Richard Gross Psychology The Science of Mind and Behaviour has helped over half a million students worldwide It is the essential introduction to psychology covering all students need to know to understand and evaluate classic and contemporary topics Enables students to easily access psychological theories and research with colourful user friendly content and useful features including summaries critical discussion and research updates Helps students to understand the research process with contributions from leading psychologists including Elizabeth Loftus Alex Haslam and David Canter Ensures students are up to date with

the latest issues and debates with this fully updated edition      Abnormal Psychology David H. Barlow, Vincent Mark Durand, 1999 Recognized in its first edition as the only textbook to present a truly biopsychosocial approach Barlow and Durand's groundbreaking text is rapidly becoming the standard by which other texts are judged In this Second Edition David Barlow and V Mark Durand offer a consistent organizational structure that makes the material easy to learn fascinating real life cases integrated into the flow of each chapter a mix of clinical and scientific approaches a conversational writing style and a variety of new built in study aids designed to make the Second Edition easy to learn from and easy to use Throughout the Second Edition the authors class tested integrative approach helps students understand how each disorder is determined by multiple forces biological psychological cultural social familial and environmental      *Key Studies in Psychology 6th Edition* Richard Gross, 2012-11-23 Psychology is full of agreements and disagreements Here Richard Gross pairs up 30 studies to show you how the classic theories in Psychology are constantly revisited by modern researchers In a new focus for this 6th edition the emphasis is on how these classic and contemporary studies relate From the differences and similarities between them you'll understand not just the studies themselves but develop the study skills you need to write about Psychology in exams and essays The aim is to help you understand how specific research and issues fit into the science of Psychology as a whole and where that science is going *Key Studies in Psychology 6th Edition* is a life saver in the sea of Psychological research grab onto it      *Themes, Issues, and Debates in Psychology, Third Edition* Richard Gross, 2009-03-27 *Themes Issues and Debates in Psychology Third Edition* cuts across the traditional boundaries found in most textbooks and syllabuses between broad areas or fields in psychology bringing together ideas from across the subjects Because of its thematic approach the book is of great value to a wide range of students from A level to undergraduate The book's central aim is to integrate topics theories and areas of research that are usually treated as separate and unrelated This complements the topic based approach by broadening discussion of traditional areas such as personality abnormal behaviour sex differences and the history and nature of psychology and adopting a critical approach to these topic areas This more critical approach is reflected in the frequent discussion of social constructionism including the related areas of feminist critical and discursive psychology There is also discussion of philosophical theoretical issues and debates such as ethics free will and determinism and consciousness and the mind brain relationship Every chapter includes material familiar to students from other textbooks and from their classes The book is designed to stimulate critical thinking and to encourage a broader more integrated approach to essay writing and seminar presentations With excellent chapter summaries and suggestions for further reading *Themes Issues and Debates in Psychology Third Edition* remains an ideal text for all students wishing to view their subject in a way that is more true to our lives      **Casebook in Abnormal Psychology** Timothy A. Brown, David H. Barlow, 2007 Using cases taken from the authors case files or from case files of other working clinicians this casebook portrays the rich and arresting nature of disorders as they manifest in real people Cases illustrate every major DSM IV

category and are followed by a therapy outcome section which gives the rest of the story of what happened to these clients Using an integrative approach the authors emphasize the multiple causes of disorders and incorporate developmental and cultural issues in each case Two complex cases are included without a diagnosis to give students an opportunity to come up with diagnoses on their own This third edition includes a new case on Anorexia Nervosa reflecting the current prevalence of this disorder Publisher s website

**Themes, Issues and Debates in Psychology Fourth Edition** Richard Gross,2014-07-25 Stimulate critical thinking with this thematic approach to Psychology by best selling author Richard Gross that integrates topics theories and areas of research Themes Issues and Debates in Psychology is ideal reading for all students of Psychology and is relevant to both the synoptic element of A2 and undergraduate courses This thematic approach is not usually found in traditional textbooks Aids understanding with a thematic approach that provides a historical and theoretical context for what are usually treated as standalone topics Encourages a broader more integrated approach to essay writing Motivates critical thinking to stretch and challenge students in areas such as behaviour culture consciousness parapsychology and religion
