,2017-09-14 **Teaching, Friendship and Humanity** Nuraan Davids,Yusef Waghid,2020-08-27 This book extends liberal understandings in and about democratic citizenship education in relation to university pedagogy more specifically higher teaching and learning The authors argument is in defence of cultivating humanity through higher educational encounters on the basis of virtues that connect with the idea of love Unlike romantic and erotic love the book examines love in relation to educational encounters whereby humans or citizens can engage autonomously deliberately and responsibly yet lovingly The rationale for focussing on the notion of philia love in educational encounters the authors argue is that doing so allows our current understandings of such encounters to be expanded beyond mere talk of reasonable engagements autonomous action deliberative iterations and simple action toward emotive enactments that could enhance human relations in educational encounters Pastoral Care Dr. Karen D. Scheib,2016-02-16 Christian pastoral care is a narrative ecclesial theological practice

NET As a narrative practice pastoral care attends to the inseparable interconnection between our own lifestories others stories the larger cultural stories and God s story As a ministry of the church pastoral care is an ecclesial practice that derives its motivation purpose and identity from the larger mission of the church to bear witness to and embody God s mission of love that extends beyond the church for the transformation of the world As a theological practice pastoral care is grounded in God s love story God s profound love for humankind heals our brokenness when human love fails and invites us into an ongoing process of growth in love of God self and neighbor Intended for those who provide care with and on behalf of religious communities author Karen Scheib focuses on listening and restorying practices occurring in the context and setting of congregations By coauthoring narratives that promote healing and growth in love pastoral caregivers become cocreators and companions who help others revise and construct life stories reshaped by the grace of God What Karen Scheib has done in this book is to reposition pastoral care as a theological activity performed in the context of the church She draws deeply upon her Wesleyan theological heritage upon an understanding of life in its fullness as growth in love and grace and upon a communion ecclesiology undergirded by a communal understanding of the Trinitarian life of God Thus grounded she envisions pastoral care first as a rhythm of the life of the whole church and secondarily as a work of trained pastors In her vision pastoral care is rescued from a narrow understanding of it as exceptional acts of intervention performed only in moments of dire crisis Instead it becomes a daily practice of pastoral care an attending in love to the stories of others and a listening for ways God is already present in a life story Solidly theological grounded in the life of the church and eminently teachable Karen Scheib has given us a great gift in this book from the Foreword Thomas G Long Bandy Professor of

Preaching Emeritus Candler School of Theology Emory University Atlanta GA In a wonderfully engaging reflective and useful way Karen Scheib captures something absolutely essential to pastoral care and yet often overlooked the utter centrality of storytelling listening the power of stories to heal and their vital connection to bigger stories told within religious communities This book is a real milestone reclaiming the importance of narrative knowing and grounding care not only in community but also within a comprehensive theological framework Bonnie J Miller McLemore E Rhodes and Leona B Carpenter Professor of Religion Psychology and Culture The Divinity School and Graduate Department of Religion Vanderbilt University Divinity School Nashville TN Implementing narrative personality and therapy theories and anchored in ecclesiology and Wesleyan theology NET Karen Scheib s book advances a long awaited and holistic approach to pastoral care Her NET approach presents the embodiment of pastoral care by emphasizing both narrative and paradigmatic knowing proposes the subjectivity of our stories in pastoral care by pointing out the interchangeability between us and our stories as subject and object and underscores the dynamic process of pastoral care through the interconnection of the storyteller listener and context Scheib s image of story companion contributes to the field as a new paradigm of pastoral care and promises to be a significant resource in generating hope and growth in love for both pastoral caregiver and receiver Angella Son Associate Professor Drew University Madison NJ Pastoral theologian Scheib describes a narrative ecclesial and theological approach for listening to people s life stories in such a way as to engender spiritual formation and growth in love Scheib clarifies the connections between caring conversations and Christian theology Clear and accessible prose as well as helpful exercises and discussion starters make this a fine teaching text The Christian Century Sept 29 2016 **Rome Noir** Chiara Stangalino, Maxim Jakubowski, 2009 Looks beyond the tourist facade of Italy s capital This is the real city of Fellini Pasolini and countless other major artists who devoted their lives to depicting the grandeur and decadence of this ever fascinating metropolis

Leave Love with Me William Lawton,2023-09-19 Desire for beauty is at the heart of human existence Some find this meaning out of their religious or spiritual perspective Some find it at the edge of their traditions And others find it outside any recognizable tradition This book speaks especially to the second and third groups of people Desire releases us to explore difference and to honor alternatives Desire shapes our lives in unique ways It centers our energies for personal and relational change where difference can be debated and variety permitted We might transcend circumstances that limit us Desire is more than meaningfulness it is captivation of mind and spirit to life s possibility In my discovery desire is an abandonment to beauty Love's Knowledge Martha C. Nussbaum,1990-11-15 This volume brings together Nussbaum s published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements A Companion to Gottfried Von Strassburg's "Tristan" Will Hasty,2003 The legend of Tristan and Isolde the archetypal narrative about the turbulent effects of all consuming passionate love achieved its most complete and profound rendering in the German poet Gottfried von Strassburg s verse romance Tristan ca 1200 1210 Along with his great literary rival Wolfram von Eschenbach and his

versatile predecessor Hartmann von Aue Gottfried is considered one of three greatest poets produced by medieval Germany and over the centuries his *Tristan* has lost none of its ability to attract with the beauty of its poetry and to challenge if not provoke with its sympathetic depiction of adulterous love The essays written by a dozen leading Gottfried specialists in Europe and North America provide definitive treatments of significant aspects of this most important and challenging high medieval version of the *Tristan* legend They examine aspects of Gottfried's unparalleled narrative artistry the important connections between Gottfried's *Tristan* and the socio cultural situation in which it was composed and the reception of Gottfried's challenging romance both by later poets in the Middle Ages and by nineteenth and twentieth century authors composers and artists particularly Richard Wagner The volume also contains new interpretations of significant figures episodes and elements Rivalin and Blanscheffur Isolde of the White Hands the Love Potion the performance of love the female figures in Gottfried's revolutionary romance which provocatively elevates a sexual human love to a summum bonum Will Hasty is Professor of German at the University of Florida He is the editor of *Companion to Wolfram's Parzival* Camden House 1999 **Sentimental Murder: Love and Madness in the Eighteenth Century (Text Only)** John

authors help shed light on understanding the Bible not just as the inspired work of God but also looking at the different genres that make up the Bible's books: poetry, historical narrative, wisdom literature, story, parables, and more. **Pride, Prejudice and Cheese Grits** Mary Jane Hathaway, 2014-06-10 This hilarious Southern retelling of Jane Austen's *Pride and Prejudice* tells the story of two hard-headed Civil War historians who find that first impressions can be deceiving. Shelby Roswell, a Civil War historian and professor, is on the fast track to tenure that is until her new book is roasted by the famous historian Ransom Fielding in a national review. With her career stalled by a man she's never met, Shelby struggles to maintain her composure when she discovers that Fielding has taken a visiting professorship at her small Southern college. Ransom Fielding is still struggling with his role in his wife's accidental death six years ago and is hoping that a year at Shelby's small college near his hometown of Oxford, Mississippi, will be a respite from the pressures of Ivy League academia. He never bargained for falling in love with the one woman whose career and pride he injured and who would do anything to make him leave. When these two hot-headed southerners find themselves fighting over the centuries-old history of local battles and antebellum mansions, their small college is about to become a battlefield of Civil War proportions. With familiar and relatable characters and wit to spare, *Pride, Prejudice and Cheese Grits* shows you that love can conquer all, especially when pride, prejudice, love, and cheese grits are involved.
